Contract – claims lawsuits regressions are limited to contract scope and region

Claims and lawsuits against coupled countries

- 1.) Turkey about 100000 billion USD, document:
'reality_tv_get_response_12012025.pdf ' <https://www.eq2-tech.com/lawsuits>
- 2.) Mercedes Benz Car Group AG, Daimler AG about 160 billion USD, document:
'reality_tv_get_response_12012025.pdf ' <https://www.eq2-tech.com/lawsuits>
- 3.) Germany about 100000 billion USD, document:
'reality_tv_get_response_12012025.pdf ' <https://www.eq2-tech.com/lawsuits>
- 4.) Arab World about 20000 billion USD, document:
'reality_tv_get_response_12012025.pdf ' <https://www.eq2-tech.com/lawsuits>

Claims and lawsuits against European Union

with the evidence of violating intellectual property rights, copyrights and unfulfilled licence agreement 2011

- 5.) European Union about 450000 billion USD, document:
'reality_tv_get_response_12012025.pdf ' <https://www.eq2-tech.com/lawsuits>
-

Private contract content

of intellectual property rights and copyrights from Dipl.-Ing. E. Guenana, financial compensation and punishment with punitive damages. Lawsuits and claims are under max. cybercrime from national governments, original documents were regular compromised and replacement with unusable contents since 2012. This procedure compromised make Lawsuit and claims unusable to transfer Dipl.-Ing. E. Günana private contract to turkish german government and couple Ankara and Berlin as contract-partner, even though Ankara and Berlin are responsible for financial crime and corruption to Dipl.-Ing. E. Günana

Valid is only the actual version of contract

Engin Günana Çayırova/Turkey 12.01.2025 KOCAELI/TURKEY

Contract

1. Contracts Partner

Private contract between Dipl.-Ing. E. Günana real founder of AI, Cube, Google modules, Google, Internet, GSM, iPhone, smartphones, iPad, YouTube, Facebook and co-chairman co-CEO at DaimlerChrysler AG, Daimler AG during (1997-unofficial) 2000-2012 and

Investor W. Buffet Berkshire Hathaway/USA, Bill Gates/Microsoft Inc./USA, Elon Musk Space X Inc./USA President Trump/USA, Mark Zuckerberg/Meta Platforms Inc./USA, Larry Page, Sergey Brin/Alphabet Inc./USA, Tim Cook/Apple Inc./USA, President Macron/France, Starmer/Great-Britain, McLaren Group/Great Britain, President Yong Un/North Korea, President Kishida/Japan.

2. Contract Target

2.1 A private contract between Dipl.-Ing. E. Günana and European Union (EU) regulated user rights of Dipl.-Ing. E. Günana intellectual property rights and copyrights rights with 30 EUR/month salary payments from 224 million private EU households (incl. Great Britain) to Dipl.-Ing. E. Günana from European Union.

2.2 Turkish military and national government compromised the private contract between EU and Dipl.-Ing. E. Günana and EU with extortion politic and initialized Syrian civil war 2011 and Ukraine-Russian war 2014 with the result of 20 million refugee displacements, 28 million destroyed IT-jobs in USA since 1990, terror attack in 2001 to New York Stock Exchange and worldwide 7 million deaths through artificial virus 2020-2022.

2.3 Contract-partner are obligated to claim with lawsuits real consulting cost about 30000 USD/month from Germany and Turkey during 2000-2024 for spying and using of Dipl.-Ing. E. Günana intellectual property rights and copyrights rights with Dipl.-Ing. Günana participation about 10% at financial claims.

3. Contract Partner Participation

3.1 Contract-partner participation amount 51% of financial claims from EU and Turkey without voting rights. Dipl.-Ing. E. Günana participations amount 49 % with the condition reinvest 39% of participation to contract partner USA, Russia, France, Great-Britain, Japan, North Korea. Investigation scope:

3.2 Space shuttle system with fusion powertrain, fusion power plants, robotics, autonomy robot systems, autonomy mobility, high speed mobile Internet, cybersecurity, military, drone and robotic technology. Furthermore, investigation in Nasdaq, Microsoft Corp/USA, Apple Inc./USA, Alphabet Inc./USA, Meta Technologies Inc./USA., agricultures and education in South America, Afrika, India and Russia.

3.3 Furthermore, contractors are obliged pay and ensure Dipl.-Ing, E. Günana EQ-Tech <https://www/eq2-tech/com> monthly income about 30000 USD to a bank account in USA, Great Britain and the same amount at Deniz Bank Çayirova, address Fatih Caddesi No 68, 41420 Kocaeli/Çayirova, subsidiary 24360462-351, IBAN TR90 003 4000 0243 6046 2000 01 for expenditures.

4. Legally statutory of contract

4.1 Exclusive explicit written contracts at Dipl.-Ing. E. Günana homepage: <https://www/eq2-tech.com>, menu Lawsuits and Get-Response are valid. Contracts and agreements from third parties aren't valid. Contracts and agreements for third application aren't valid.

4.2 Contract-partner are obligated to claim and open lawsuits against financial crime gangs, who make a lot of money through dark channels. It is prohibited to stop court processes or close lawsuits against financial crime gangs, which is in contradiction to contract target.

4.3 Third parties aren't allowed change content of contract or part of content even through new government conditions with dictatorship rules terms laws and conditions or accusation with mental disease, crime and encounter meetings. Contracts with encounter meetings are no more valid since 2016. Orthograph failure particular gaps or compromised parts in contrary to contract target can't changed the basics of content, contract-partner and target of contract. Couple sub-contracts with contracts are not valid.

4.4 Third parties aren't scope of contract-partner. Turkish governments regulations with accusation of mental disease, fake medical reports, intentionally organized fights stages, initialized fake processes in contrary to contract target aren't valid.

4.5 Turkey's conspiracy with EU and Germany, collection of Dipl.-Ing. E. Günana payments, income, salary, asset and participations and their illegal occupation in contradiction to international laws and regulations of intellectual property rights and copyrights aren't valid.

4.5 European Union, Nations, Turkish- and German government, organizations, United Nation, NATO, companies, military, institutions, parties, alliances and third parties aren't scope of contract-partner and therefore they can't act in name and interest of Dipl.-Ing. E. Günana.

4.7 Former spouse Melike has no financial rights at IT technology, because of her secret membership of Turkish national intelligence agency MIT, President Erdoğan and minister Fidan since marriage 1998. She maintained during marriage period 1998-2017 regular contact to MIT and Turkish national government for industry crime and corruption for Internet, Cube, Google, GSM, smartphone, iPhone and Wi-Fi since AKP foundation 2001, with President Erdogan and minister H. Fidan, Ali Tekeşin and Göksal Günana.

4.8 Contracts with video- and audio sequence records collection are prepared and not valid. Turkish national government own media and Turkish media support financial crime with preparation contents, among other things President Erdogan's sons and sons in law: Beraat Albayrak/Albayrak-Media, Selçuk Bayraktar/ASELSAN with military and drone cameras for fake evidence.

4.9 Violation of contract claims under changing of personal status and marriage aren't valid. Violation of contract claims under misusing of contract content and contract target and contract conditions with unions, merger, shareholder aren't valid.

4.10 Misusing of European Union fees payments for third application is forbidden, fall under punitive damage and will be punished. Third application for example as warranty for real estate credits, real estate market or investigation in stock exchange. Warranty capital should decouple from credits and other this warranty stock values, gold and jewel market, vehicle and machine market.

5. General Contract Conditions

5.1 Contract and agreement method with encounter meeting for co-chairman and co-CEO function at Google Inc. (10 billion EUR, Start-Up), Facebook Inc. (10 billion EUR, Start-Up), Apple Inc. (10 billion EUR, iPhone), Daimler AG (10 billion EUR), Chrysler Inc. (10 billion EUR) and European Union management end in 23.01.2016 with salary payments about 50 billion EUR.

5.2 Changing of government regulation systems, conditions, laws, rules and terms with forced or military intervention are industry spying and financial crime to fraudulent money acquisition, fraudulent money

acquisition of capital, income, salary, payments, participations, assets will ne punished through international justice regulation.

5.3 Decoupling lawsuits and claims with the content of capital crime from justice regulation or with misusing justice regulation with dictatorship rules, military and terror force are against international democracy and justice standard, are against international laws, terms, rules, conditions and process and will be punished. Changing of government laws, rules, terms and conditions from contract-partner or changing contract-partner conditions for capital fraud and benefits are capital crime must be balanced to victim and will be punished.

5.4 Changing of contract content or part of contract content, changing of participation, part of participations, salary, income payment methods and payment process against international regulation and standard from third parties are capital crime must be balanced to victim and will be punished.

5.5 Coupling contract, part of contract, contract condition, part of contract conditions with contract partners laws, rules, terms and conditions to steal intellectual property rights and copyrights prevent and steal merit, income, salary and participation against international laws, rules, terms and conditions and payment process are capital crime must be balanced to victim and will be punished.

5.6 Changing of contract-partners state laws, rules, terms and conditions for fraudulent acquisition of contracts, agreements payments, payment regulation which paid for violation of intellectual property rights and copyrights after agreement in 2011 are capital crime must be balanced to victim and will be punished.

5.7 Changing contract-partners, government laws, rules, terms regulations and/or conditions or changing and misusing contract-partners status quo, health with fake medical reports, with false marriage documents, or similarities for fraudulent acquisition of contract-partners claims and lawsuits in 7.) against international standard laws, rules, terms, conditions and process are capital crime must be balanced to victim and will be punished.

5.8 Changing contents of contracts or part of contents, contract-partner, contract-partner conditions or part of contract-partner condition to couple sub-contracts, sub agreements between contract-partners governments unions, companies and third parties for fraudulent acquisition of claims and lawsuits from 7.) are capital crime must be balanced to victim and will be punished.

5.9 Changing of contract content and contract scope or part of contract contact and contract scope over medium: TV channel, media, social media, verbal formulation, sign formulation, misusing of third application with audio video and telephone messages and Get-Response dialog, organized stages meetings over simplicities to fraudulent acquisition and obtain benefits of claims and lawsuits from 7.) are capital crime must be balanced to victim and will be punished.

5.10 Restriction of income pension salary participation payments to Dipl.-Ing. E. Günana through misappropriated argumentation against international standard laws, rules, terms, conditions payment regulation and payment process are capital crime must be balanced to victim and will be punished.

6. Personal status, legally condition of Engin Günana

6.1 Engin Günana status is since 10.10.2017 private single person, official divorced from Melike Çorba 10.10.2017 at family court Germany/Böblingen, divorce document: <https://www.eq2-tech.com/lawsuits>. A possible participation and claims from Melike Günana end with the end of divorced at 10.10.2017. Her affiliation to turkish national agency since 1998 (determined) contradicts her and Turkish government claims against third parties.

6.2 Ownership and business manager of Dipl.-Ing. E. Günana intellectual property rights and copyrights services provider is Dipl.-Ing. Günana. European Union Turkey and Germany are obligated pay fees to Dipl.-Ing. E. Günana accordingly private agreement between European Union Management and legacy person Engin Günana at 2011.

6.3 European Union, governments representant of governments, unions, companies, shareholders, organizations, military and third parties aren't authorized fraudulent and occupy European Union fees payments to Dipl.-Ing. E. Günana for using intellectual property rights and copyrights. Misappropriations and applications are capital crime must be balanced to victim and will be punished.

6.4 Necessary and sufficient contract condition. Contract- and contract conditions, contract target – and contract participation, contract payments are fulfilled if contract partner act accordingly contract content and contract target without changing of contract content or part of contract content, protect and transfer financial claims from European Union Germany Middle East and Turkey and Turkish Wealth Fund to Dipl.-Ing. E. Günana

6.5 Changing of personal private single status of Dipl.-Ing. E. Günana with a fictive third person because of capital crossholding is fake, and a financial corruption and will be punished. Third fictive or reel person can't participate from Dipl.-Ing. E. Günana pension, income, payments and participations through fake marriage and fake marriage documents with triviality photo shootings from third persons.

6.6 Using bank account procedures, credit card procedures, mobile internet contract procedures or equivalents for a third contract, which violating the contract scope and contract region of origin contract in top 7.) is forbidden, can't used for agreement and contract with contract-partner from Turkey for third part application open close and change origin contract content and will be punished.

7. Completeness of contract Agreement Licence

7.1 Contract content describe key points, conditions and limits, payment regulation to contractor and contract-partner, to complete contract content, contract-partner are obligated fulfil contract contents with the targets of contract-target, contract scope and payment regulation to contractor Dipl.-Ing. Engin Günana bank account and IBAN Number.

7.2 Turkey, Turkish national government, private Industry and third parties haven't any licence agreement with Dipl.-Ing. Engin Günana in contrary to European Union. Dipl.-Ing. E. Günana haven't any contract dependencies with Turkish government, private industry or third parties. Statements and evidence concerning contract and agreement dependencies with Turkish government, Turkish private Industry, companies or third parties are malicious assumptions and fake. Engin Günana is a legacy private single person.

7.3 Dipl.-Ing. E. Günana agreement partner European Union are obligated pay fees regarding contract from 2011 according to real consulting cost about 30.000/month, see page 37, since year 2000, since European Union, Germany, Turkey and Arab World (former Ottoman Empire) use Spying Technology for violating intellectual property rights and copyrights rights of Dipl.-Ing. E. Günana.

7.4 Violating of intellectual property rights and copyrights are coupled with location Germany in function of headquarter of IT-developments with the beginning of 1984 at University Stuttgart. Turkey and Arab World were permanent illegal coupled with source of National Intelligence Agencies MIT and Daimler AG since 1998. Turkish national government and Arab World were coupled with functions attributes language, Islam-society, Islam-religion, Islam-culture and Islamic-economy the Functional equivalent of illegal violating of intellectual property rights and copy rights to increase Arab World with $GNI_{Arab\ World} / GNI_{Turkey} = 2,5 - 4.0$

Curriculum Vitae

University Stuttgart Aerospace-Technology Prof. J. Agyris and Pioneer 1984-1994

Arguments end in deadlock with Engin Günana excellent education and curriculum vitae at University Stuttgart at Faculty Aerospace-Technology with Prof. Prof. Prof. John H. Agyris and best connection and cooperation with Mathematic-Institute, Informatic-Institute, Linguistic-Institute founder of and Artificial Intelligence (AI) Cube, Internet, Google modules, Google voice control, Google maps, Google translation, Google navigation, Google speech to text, Google text to speech, Google search algorithms.

Project Manager University Stuttgart Engin Günana 1984-1994

Development scope, AI-translation (cube) most complex mathematic couple methods, AI-navigation, AI-voice commands with new development mathematical series, examples, FFT-Transformation first derivation of Fast Fourier Forward Transformation, Galerkin Method Google maps collection, AI based voice control transformation. Text to speech and speech to text at University Stuttgart. Support graduations and promotions at Stuttgart University Informatic Institutes. Unix Internet, Google, iPhone Wi-Fi at turntable Daimler-AG Stuttgart, Daimler AG Esslingen. YouTube Music channel with amplitude modulation freedom. First Google search engine surface at Sun Microsystem Germany with Andreas Betchtolsheim.

Theory Artificial Intelligence (AI) and Cube 1984-1994

Research and Development and Incorporation, discretizing of language, destruction sentence, mathematical numerical and physical energy methods coupled with Matrix operation and complex algorithm formulation in mathematical series to couple language in sentences. Analytic language function and analytic geometry for exact responses relations to implantation variability and humanity coupled with vector analysis and complex numerical methods. Less exact methods through numerical approximation, priority in rows and columns with power function. Exact solution with FEM transformation and coupling methods with linear equation system. Transformations methods with approximation and priority and numerical statistic for less exact solutions, element generator with couple algorithm, language libraries, worldwide application and discretizing with same discretizing method and generated element libraries best successful neural network.

Project Artificial Intelligence Cube 1984-1994

E. Günana Aerospace / University Stuttgart	FEM, math. model, algorithm cube
E. Günana and Team / University Stuttgart	Discretization programming cube, math series, algorithm
E. Günana and Team / University Stuttgart	Element library, orthography, discretization workgroup
E. Günana and Team / University Stuttgart	Language element library, math. model, orthography
E. Günana and Team / University Stuttgart	Language element library collection

Project Google Modules 1984-1994

E. Günana Aerospace Technology / University Stuttgart	1. Google Translation (AI, Cube)
E. Günana Aerospace Technology / University Stuttgart	2. Google AI Voice Recognition
E. Günana Aerospace Technology / University Stuttgart	2. Google Maps
E. Günana Aerospace Technology / University Stuttgart	3. Google AI Navigation
E. Günana Aerospace Technology / Sun Microsystem	5. Google search algorithm
E. Günana Aerospace Technology / Sun Microsystem	6. Google search engine (Linux)

Google search engine - Linux Edition

1990-1994

Cooperation with USA and create start-up company Google Inc. with Google modules: Google search engine, Google translation, Google navigation, Google maps, Google images with cooperation partner Sergej Brin and Larry Page, our agreement: No commercial distribution and marketing in USA at meeting in Daimler AG location. I Support Google Inc. during 1994-2016 intensive and furthermore. Google Inc. escape claims and transfer Google Inc. and Google modules from company Google Inc. to company Alphabet Inc. at 10.08.2015. <https://www.eq2-tech.com/internet-google>. We rollout the no AI based translation Google translation module to city Leonberg/Germany as appreciate to city Leonberg and called LEO Translation.

Institute for Space Technology

1986-1990

E. Günana / University Stuttgart IRS, Prof. Messerschmid	Internet https://www
E. Günana / University Stuttgart IRS, Prof. Messerschmid	GSM 1G, f=900/1800 MHz
E. Günana / University Stuttgart IRS, Prof. Messerschmid	Astra Satellite System
E. Günana / University Stuttgart IRS, Prof. Messerschmid	Arianne Space Shuttle
E. Günana / University Stuttgart ISD, Prof. Prof. Agyris	Support ISD to transfer FEM to BEM for magnetic- and electric field analysis

University Stuttgart – Daimler AG - Internet

1990-1994

Internet development – Cray Supercomputer and Fortran at Daimler AG

E. Günana / University Stuttgart, Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	
Diploma graduation	Transformation Body Systems to FEM- grid System
Project Computer Added numerical Systems CAS	FEM BEM MBS Transformation FEM BEM application to E-field and M-field
Project Internet, UNIX, Wi-Fi, GSM, AI	Connect USA (NASA) with Internet
Start-Up companies	Google, Facebook

Internet Development

E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	UNIX data standards codes, convention
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	UNIX data management, user rights
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	FORTRAN matrix programming, libraries
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	Cray-2 data management NASTRAN
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	Internet data structures data sharing
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	Cray-2 multi-processor technology
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	Internet Connection NASA Canaveral
E. Günana / Daimler AG, Division Dr. Kern (Dr. Eckert EDV)	Rollout Internet USA
E. Günana / University Stuttgart IKE, Secretary	Support China with Internet connection Rollout Internet in Asia

IT- and Space Technology development University Stuttgart **1984-1990**

E. Günana and Team

Static-Dynamic, Thermodynamic, Fluidmechanic, IT Numerical Methods and FEM

E. Günana / Institute for Space Technology, Prof. Messerschmid	Astra Satellite System
E. Günana / Institute for Space Technology, Prof. Messerschmid	Ariane Space Shuttle
E. Günana / Institute for Space Technology, Prof. Messerschmid	https://www
E. Günana / Daimler AG, Dr. Kern IT-Team Dr. Eckert	Internet distribution USA
E. Günana / Institute Nuclear Energy	Internet distribution China
E. Günana / Institute Space Technology, Prof. Messerschmid	Mobile Internet GSM 1G

Google Modules / University Stuttgart **1984-1990**

E. Günana and Student Team (Nergiz Gülay)	Artificial Intelligence, Cube, "dialog with computer"
E. Günana and Student Team (Nergiz Gülay)	Matrix, Cube, String Theory, Sum Series, Translation
E. Günana and Microsoft Team	Windows 1.0-3.0, Windows Graphic Interface
E. Günana, Informatic Institute student graduations	Google module cube matrix sum series
E. Günana, Informatic Linguistic institute, student graduation	Google module Translation
E. Günana, Informatic Linguistic institute, student graduation	Google module Voice Recognition
E. Günana, Informatic Linguistic institute, student graduation	Google module Navigation evaluation
E. Günana, Informatic Linguistic institute, student graduation	Google module Maps evaluation

Google search engine and Google Inc. **1990-1998**

E. Günana, USA Larry Page, Sergej Brin	shareholder and participants
E. Günana, USA Larry Page, Sergej Brin	Google Inc. shareholder 1990
E. Günana IVM Stuttgart, Sun Microsystem	Google search engine, Linux 1994
E. Günana IVM Stuttgart, Sun Microsystem Andreas Bechtolsheim	
E. Günana co-chairman and co-CEO, Google. Inc., (2021) Alphabet Inc.	1990-2024

Social Media and Facebook Inc. **1990-2023**

E. Günana, M. Zuckerberg	Co-chairman/Project Manager
E. Günana, M. Zuckerberg	Spec book, AI, relationships
E. Günana, M. Zuckerberg	Programming, user profiles
E. Günana, M. Zuckerberg	Start-Up company Facebook Inc.
E. Günana Co-chairman and co-CEO / Facebook Inc.	1990-2024

iPhone iPad - Project **1996-2023**

E. Günana IVM, Apple Inc. product- and project manager, iPhone 1,2, iPad	1996-2012
Dr. Klumpp, DaimlerChrysler AG, Team iPhone	1998-1998
M. Bach, DaimlerChrysler AG, Team iPhone, assistant	1998-2012
K. Hagemann, DaimlerChrysler AG, Team iPhone, protocol	1998-2012
E. Günana, Apple Inc. flat touch screen and layer technology Stuttgart	1996-2012
E. Günana, S. Jobs, Apple Inc., Next Inc., AT&T, supplier hardware software	1996-2012
E. Günana, S. Jobs, Apple Inc. iPhone 1, 2, Next Inc. Operating System IOS	1996-2012
E. Günana, S. Jobs, Apple Inc. iPhone 1, 2, AT & T cellular network GSM 2G/3G frequencies	1996-2012
E. Günana, Apple Inc. iPhone 1, 2, Wlan Germany, Wi-Fi USA, IEEE 802.11x	1996-2012
E. Günana, Apple Inc. iPhone 1, 2, Exchange Standards Bluetooth, Airdrop, Apps, Safari	1996-2012
E. Günana / Steve Jobs / Tim cook co-chairman and co-CEO, Apple Inc.	1996-2024

Co-chairman and Co-CEO at DaimlerChrysler AG and Daimler AG 1997-2023

Business Program	Discretization, elementization, standardization, structure coupling, part and module strategy, reduce variants, increase equal parts, cooperation-strategy
Powertrain Program	Cancelled 14 powertrains, realized 4 new powertrains
Passenger cars Program	Technology SUV GL- and EQ-Line and sportscar strategy
Sport Car Program	Mercedes-Benz AMG GT
MB Trucks Program	Transformers design concept
Electrify Program	0 Emission concepts VAN Trucks

Co-chairman and Co-CEO	Powertrain Passenger car / Truck	1998-2012
Co-chairman and Co-CEO	Passenger Car portfolio	1998-2012
Co-chairman and Co-CEO	Truck design, Van powertrain, 0 emission concept	1998-2012
Co-chairman and Co-CEO	Debbis GmbH (IT Technology mesh generator (AI))	1998-2012

2011 Daimler AG offer as director job at Truck division, i declined and remember agreement from 2000. Steve Jobs was killed from Turkish National Intelligence and Hakan Fidan. Unexpected visitation from Ankara without invitation at private address, visitors: Hakan Fidan former National Intelligence Agency chief, actual Foreign Affair Minister, Musta Varank former Economy Minister, Yiğit Bulut President Erdoğan 1. Finance and Economic advisor, made offer to work for Turkish government, declined and explain contract with Daimler AG and iPhone development with Apple Inc. Passenger car accident kidnapping and transport to install illegal spyware technology at head.

The reason of violation of intellectual- property and copy rights and copyrights with spy module Reality-TV and Get-Response Management Function installation at 2000/2012

Time Map of IT - Technology and Business Engin Günana

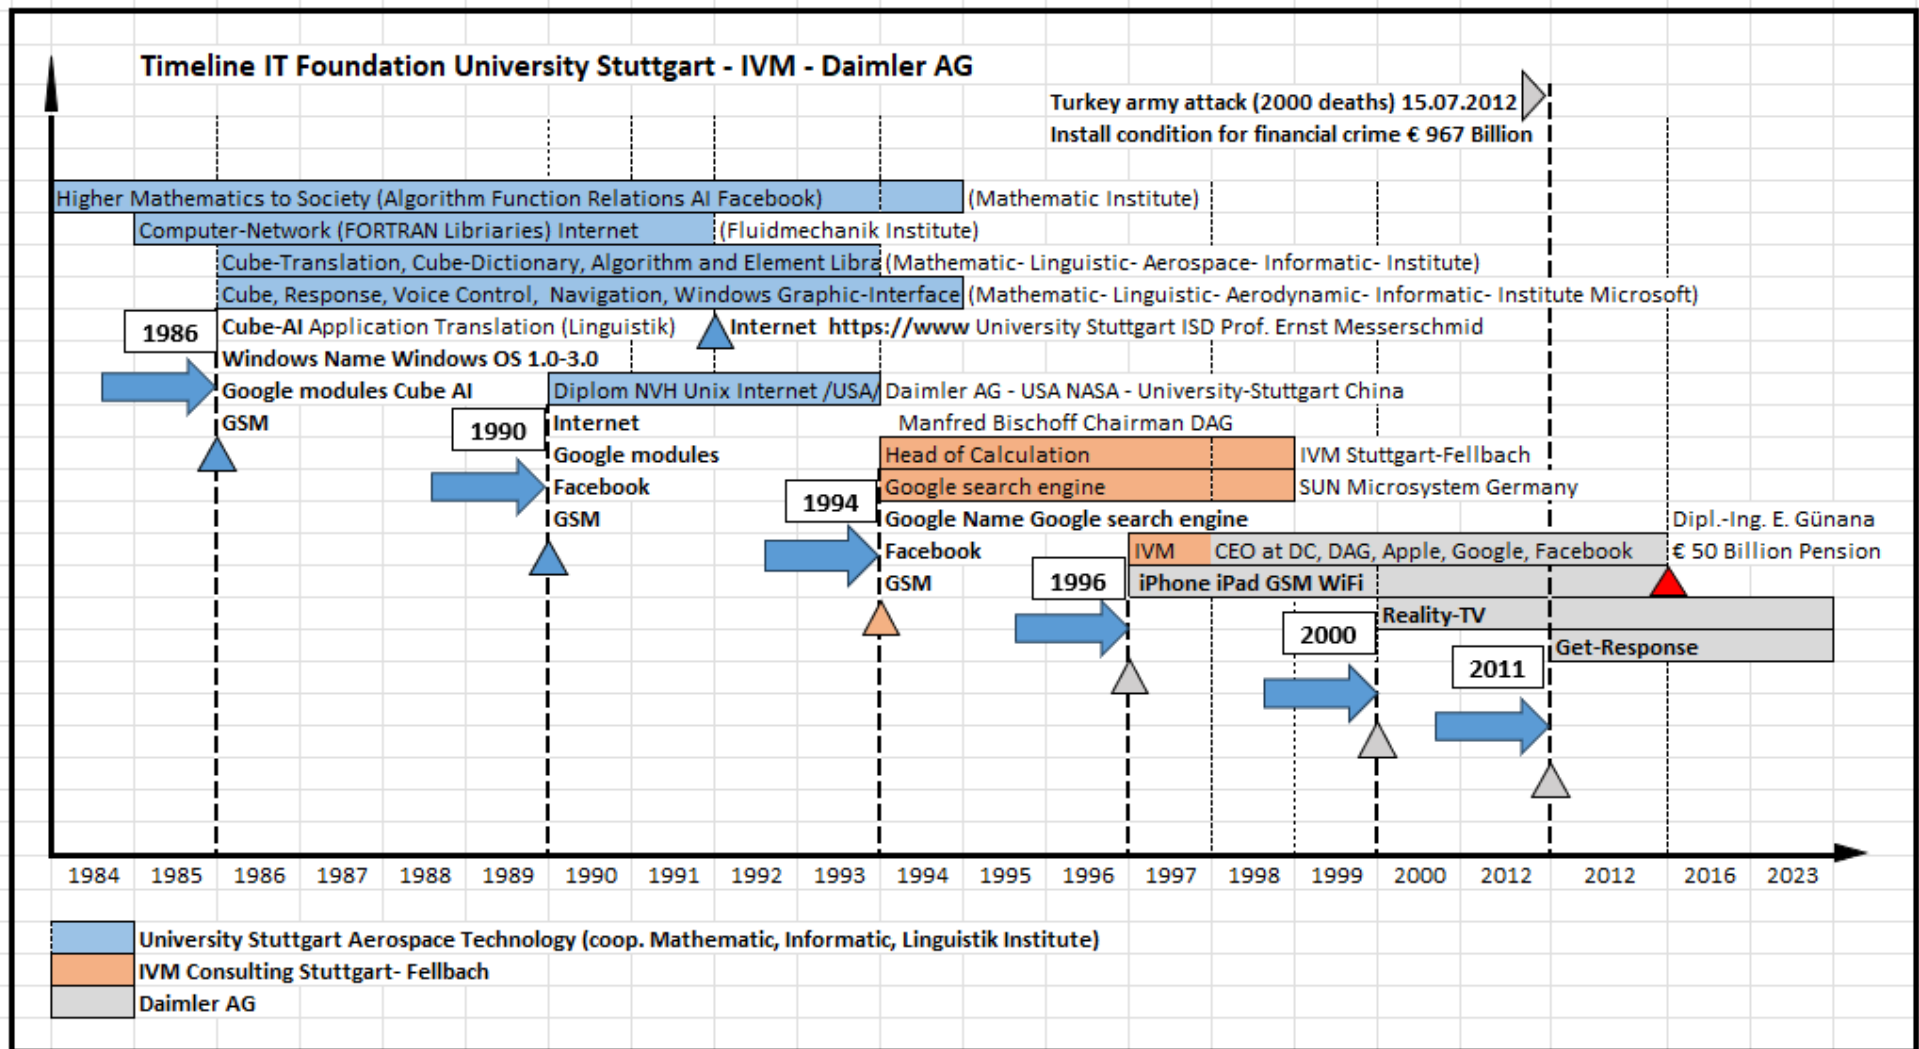

Chart 1: Timeline IT- Technology and System Developer, 5 x times co-chairman 5 companies

Business Homepage <https://www.eq2-tech.com/>

Homepage <https://www.eq2-tech.com/> describe Engin Günana lifetime IT founder of and IT Technology development in 3 phases

Phase-1 of IT-Technology Research Development and Incorporation of Artificial Intelligence (AI) with friends Dan and Nicolaus mathematic student from Romania, Sabine linguistic student from Germany and Yaman Yildirim construction student from Turkey as test person at University Stuttgart 1984.

After higher mathematics I and II. in 1985, the basics of AI was mathematical three-dimensional nested matrix operation with 10000 cells, first step for high performance language. Usual citizens use a basic of 2000 words, higher qualified academics until 10.000 words. Every word presents a cell. For orthographic couple condition we use vector analysis from higher mathematic and 90° couple conditions.

To consider variants of sentence with mean and sub sentences we use a tolerance phase shift with $\pm 10^\circ$ from 90° vector analysis couple conditions and transfer matrix operation to mathematical series. This genial idea gives us more possibilities with additional singular Terms. Derivation of mathematical series which describe in first derivation nested matrix operation as a we as first step of nonlinear couple condition transfer to index nutation gives us a genial algorithm with terms in list form necessary for computer added solutions CAS.

For voice and speech recognition we use the same method basic instrument was Fourier Transformation from harmonic functions and derivation first nonlinear exact solution open us windows for correlation terms through measuring. During Google application (Alphabet Inc.) grow we pushed other IT sectors.

The origin reason of Internet was Fortran libraries for engineers. Stuttgart University technical institutes had different condition for different solution. But every computing case had minimum one challenge with the same conditions of other Institutes. We start to connect Fortran libraries and subroutines from one institute to another institute and realize Computer-Network Turkish students helped me to realize the challenge of 21th century. Ali Tekeşin, Cihan Batman, Gülay Ortak, Yaman Yıldırım.

Professor John Agyris Institute for Static and dynamic helped us to transfer FEM with other numeric methods to other disciplines FEM variants increase Multi-Body System MKS and Boundary Element Method BEM. Professor Ernst Messerschmid Institute for Space Technology helped us to push mobile Internet and European Union digitalization in common we define GSM-standard and 1G.

Internet was Fortran libraries for engineers we connect at first all technical Institute computers afterwards computer centers in Germany and finally USA NASA Cape Canaveral with Daimler AG Calculation Center in Fellbach in 1990 and Asia with University Stuttgart. For this challenge was

A further development of AI increase after higher physics at static and dynamic institute Stuttgart University we transform word-cells to word-elements and sentence-elements regarding Finite Element Method and mass, bar, triac3 and quad4 elements.

We build first sentence-elements with a rights system and coupled condition and increase our couple condition with spline curves for more complex and variable sentences. We stretched coupled sentence elements with splines curves stretch vector analysis orthogonal condition, accept $5-10^\circ$ tolerance for sentence variants and approximate with iteration orthography rules to fulfill conditions of speech variability.

Phase-2 of IT-Technology Research Development and Incorporation describe the establishment of Internet mobile, Internet GSM Google Application and Social-Media. During graduation we build the Internet data structure with support from Prof. Dr. Dr. Bharat Balasubramanian at Daimler AG at division center calculation and simulation with super high speed computer Cray. It was necessary to split data in 3 sections user/group/all to share information over Internet.

We realize a connection with USA and NASA share our computing force and get stars position and information from space. We order Institute of Nuclear Energy Systems IKE Stuttgart University to connect Asia with Internet. IKE secretary helped us to contact responsible persons from Asia. A group of Asia students visit me at student campus in Stuttgart Vaihingen Allmanring. North Korea President Kim Yong visit me in Stuttgart Vaihingen Allmanring and wished for technical support during digitalization period of Internet mobile AI Intelligence Social-Media, Google and Facebook

During our IT development Turkey and Germany Eastern National Government get political very active. Eastern Germany and Western Germany build German Union, founder of Terror Groups in cooperation with Turkey and Saudi Arabia. Turkey and Germany founder of Hamas, Al Qaida, Taliban and in late phase ISIS. Germany and Daimler AG German military founder of the greatest Terror Organization AKP with 11 million members in Turkey and attack USA 2001 with terror attack.

600 million Muslims get terrorist, Turkey national government and intelligence agency turkish military support Germany to attack USA Stock Exchange 2001. Turkey pushed massively Industry spying and in follow industry financial crime with Hakan Fidan, Ali Tekeşin and TİKA. Erdogan Family and Turkey mobilizes 80 million uneducated turkish citizens to speak encrypted called his children Google (Bilal) Serie formulation of matrix operation (Sümeyye) his sur name Re-phone (give iPhone back) Tayyip (prototype Internet).

Turkey published President Erdogan Family as the real founder of iPhone, Google, Artificial Intelligence steal USA with Obama 23 million prognosticate US IT-jobs, send 11 million members of AKP Terror Organization in pension, fill Turkey with Syrian war 12 million terrorists as legionary defense army in sum 23 million Islam legionary army and changed 2012 democracy regulation to dictatorship regulation, use healthcare to kill opponents through disease, military to kill opponents with weapons, Justice to bankruptcy opponents.

IT was the commitment with mathematic institute to describe the word new with existing fundamental theory from Isaac Newton to mathematic genius in history with computer added solutions, numerical solution of higher physic coupled with mathematic and numerical methods for computer added solutions CAS. Finite Element Method FEM, Boundary Element Method BEM, Multi Body System MKS were consequence further developments from infinitesimal increment to discrete difference elements. The beginning of IT revolution.

Last phase of phase 2 IT founder of end with Internet connection to USA Nasa Asia through IKE Institute for nuclear energy with internet protocol <https://www.> published at Daimler AG and University Stuttgart at Space Technology Institute to Professor Messerschmid. We arranged with Prof. Messerschmid 1G as new mobile standard for mobile internet 1990 and present this at Daimler AG. Daimler AG gave me the possibility to publish inhouse our solution from University Stuttgart.

Regular cooperation at Daimler AG Stuttgart Untertürkheim during 1990-1994 with to possibility to use Daimler AG infrastructure and provide our IT-founder of and developments: AI-translation AI-navigation, AI-voice recognition and voice command and maps worldwide. We arranged Sergey Brin and Larry Page Google start-up companies with Google with the AI content after Sun Microsystem ger the order to develop a search engine with the name Google. Larry Page and Sergey Brin get buy Google search engine from Sun Microsystem, and established Google Inc. at New York Stock-Exchange without cost to customer regarding our commitment. Partner Marc Zuckerberg founder of start-up company and established Facebook Inc. at New York Stock Exchange.

Phase-3 of IT-Technology Research Development and Incorporation began at IVM engineering Stuttgart Fellbach main client Daimler AG. During regular meeting much different devices was necessary camcorder, camera, calculator, notebook, calendar, navigation, video player, fax, personal computer, Email etc. We search for a better solution. 1994 appear Mark Zuckerberg we decided to push Google Inc. and Facebook at New York Stock Exchange. During our regular meeting at Daimler AG, we get the possibility to realize a new device with multiple function regarding our working condition. The beginning of smartphones after Nokia and Ericson controlled the market.

We search and find Apple Inc. as partner four our development. Steve Jobs came to Stuttgart and present Apple Inc. He was hired from company Next to Apple Inc. for iPhone project. iPhone became the name in our first meeting at Stuttgart Esslingen. Division manager Rolf Klump and leadership Klaus Hageman were involved. Our first meeting in 1995/1996 with Apple Inc. and Steve jobs end with the beginning of third phase of 21th digital century and Nobel Peace Price in 2009, but without Barbarian Islam Terrorists consideration. My biggest failure was i believed and accepted Islam as a human religion and Turkish citizen as equal cooperation partner.

Research and Development and Incorporation of: Artificial Intelligence, Cube, Internet, Google modules (translation navigation, maps, voice command search engine), iPhone, iPad, GSM, Wi-Fi, Facebook and YouTube, were the reason and the result of co-chairman and co-CEO function at DaimlerChrysler AG, Daimler AG, Apple Inc. Google Inc. (Alphabet Inc.) and Facebook Inc. (Meta Technology Inc.). The last step of chairman and world leadership was the qualification at Daimler AG with the result lifetime CEO with the functions Reality-TV and Get-Response Management Function after 2011.

Former Turkish National Agency chief Hakan Fidan, former Economy Minister Mustafa Varank and President Erdogan 1. Economic and Finance Advisor Bülent Yiğit came unexpected and without any invitation at 2011 to residence of Engin Günana at Winnenden make an offer as economy minister. Engin Günana declining offers from Daimler AG director, Turkey minister, EU commission President.

The beginning and end of Engin Günana physical professional careers as regular co-chairman. Get-Response Management Function in combination with Reality function made Engin Günana physical chairman position unnecessary, co-chairman with global economy condition as the next generation of world leadership with Get-Response Management Function start in 2012.

Engin Günana get through same way a Reality-TV Function in 2000 with local management condition at Daimler AG board and Apple Inc. board. Get-Response Management Function in 2012 with global economy finance and management condition with the target to use Engin Günana furthermore for government finance and economy with best education experience and management competence.

Agreement with European Union – Using mental ownership, intellectual property and copyrights 2012

Brussel pay 30 EUR/month per European Union Private Household as substitute payment for using Engin Günana IT-Technology services: Reality-TV and Get-Response Management Function.

Calculation model 224 million households x 30 EUR x 12 months = 80,64 billion EUR
 (2012-2024) 13 x 80,64 billion EUR = 1048,32 billion EUR paid from EU

But stolen from Turkish government with secret military coup at 15.07.2012 but present as 15.07.2016 with fake date and changing national government regulations and justice govern with emergency condition. AKP Organization and Dictator Erdogan 11 million wild AKP Neandertals Turkeys infrastructure accordingly Turkish Wealth Fund infrastructure finance system, bank accounts, real estate, gold market, passenger car market, healthcare and closed parallel justice for opponents and punishment for 12 million legionnaires and use Turkeys economy, finance, military, barbarian Islam terror, German National Socialism (01/2016) with the source of secret services BND (Bundesnachrichtendienst Dienst BND) MIT and Turkish Media with one target steal Daimler AG salary payments to Günana

European Union agreement with private Business Manager Günana

An agreement between legal person Dipl.-Ing. E. Günana and European Union (EU) ensure monthly salary about 30 EUR per month, per EU private household, from 224 million private households (inclusive Great Britain), 80,640 billion EUR per year in sum 967 billion EUR during 2012-2023, but Turkish government occupied Turkish democracy 2012 govern 2012-2016 with dictatorship rules and occupied E. Günana salary

Turkish government occupied in addition 50 billion EUR salary payments from Daimler AG for co-CEO function at DaimlerChrysler AG Daimler AG Apple Inc. Google Inc. Facebook Inc. during active phase with local condition during 1998-2016 to protect Daimler AG from bankruptcy during 1998-2007 and pushed Apple Inc. Facebook Inc. and Google Inc. best to market.

Timeline - Turkeys Industry Spying and Industry Crime 2000-2023

Günana - Pension Reduce Program (Germany)

Decoupling Turkish and foreign academics fat pension expectation from Germany pension cashier with food poison and chancery genocide program. Ankara-Berlin Genocide Program to Turkish Academics in Germany (Death Program) development with German National Intelligence Agency BND and Turkish National Intelligence Agency MIT under misusing outsourced CEO Dipl.-Ing. Engin Günana National Intelligence Agency of Germany BND and Turkey MIT cooperate to apply Barbarian Islam Terrorism and German National Fascism Genocide Program to single citizens and transfer this program to EU leaderships to save governments expenditures at pension and social-security-system. Bankruptcy and posted academics to their host country and fill simultaneously Germany and European Union with new cheap Islam and Ukraine victims and refugees.

Günana - Social Security Expenditure Reduce Program (Germany)

Marriage and death process of Turkish academics with death program from BND and MIT. Plan at Ankara map. Plan to divorce academics, steal asset, income pension and regarding Barrack Obama couple/couple and half/half model but with forced politic, fake court decisions, extortion and Justice castration, Finance and Healthcare massacre and bankruptcy, with the target to divorce families steal men’s finance two times. At first during divorce process from first marriage than with bunnies regarding former President Obama, Angela Merkel and President Erdogan’s signature couple/couple and half/half model to steal asset and spread asset and pension against rules and laws. Empty men’s finance two times transfer to women, massacre men’s world and make them to woman’s slave and let them die through disease.

Günana - Business Program to State and Economy (Turkey and Germany)

Engin Günana AI, higher mathematic to society, algorithm, Google translation, Google search engine voice control, Google navigation voice control, robotic technology with AI and dialog. Furthermore, in music and songs, harmonic rhythms with harmonic functions, top and down see examples at homepage <https://www.eq2-tech>

The reason of 967 billion EUR stolen EU-TV payments (2012-2023) for Reality-TV and Get-Response services is an consequence military operation from Turkey, a logical result of Turkey illegal engagement in history with turkeys military operation through Hakan Fidan (MIT) in 2001 and TIKA mission during 2003-2007 with the target to protect Germany from IT-owner rights of Engin Günana, founder of: AI, CUBE, Internet, Google, UNIX, iPhone ,iPhone IOS, Flat touch screen technology, GSM, WLAN (EU) Wi-Fi (USA), YouTube.

Governments, economies and societies profit extremely from developer of Artificial Intelligence, Internet, Google, UNIX, iPhone, GSM, Wi-Fi. Facebook YouTube. Astra Satellite Systems with digital technology, television, broadcast, furthermore from expert knowledge and management competence B2C, B2B overcross participation and products and experience after decades years manager, project leader and co-CEO function at DaimlerChrysler AG and Daimler AG Apple Inc. and 2 start-up companies Google Inc. and Facebook Inc. with the best profit of Daimler AG history 50 billion EUR during 2012-2016.

Turkeys' army coup started at 15.07.2012 and end with secret constitution of dictatorship in 2017 to steal EU-TV Fess Payment about 967 billion EUR developed transient a worldwide healthcare genocide program under misusing Engin Günana expert knowledge and management competition with Reality-TV and Get-Response Management Function. Meanwhile German Justice steal under umbrella of MIT and BND with support of Hakan Fidan IT-Founder of AI, Internet, Google, iPhone GSM and Wi-Fi and let Turkey, German and EU Economy use free expert knowledge and management competition against violation of intellectual property and copyrights without any payment in contrary to agreement with EU in which 224 million EU private households should pay E. Günana yearly 80,640 billion EUR.

AKP Erdogan and Fidan attack Turkey with army operation at 15.07.2012 and transform democracy to dictatorship with emergency rules change conditions, procedures and process install political dictatorship rules at 2017 to cut democratic rights and regulations for oppositions, open crime and corruptions possibilities for AKP government.

President Erdogan use data management operating system UNIX to separate AKP citizens from rest of citizens without any restriction killing stealing controlling are allowed in contrary to Turkeys laws. Especially in finance, healthcare and government services. Erdogan and Family own Turkey (government recourses, economy, finance, healthcare, AKP-Group with 11 million members). AKP group own complimentary quantity from Erdogan and Family. The rest are material (all) to use, like Jews during Adolf Hitler National Socialism

Günana - Example Expenditures Reduce Process - Protection Expenditures

Decoupling from Daimler AG management and bankruptcy for 30 EUR/month per household and use with general condition at state and economy in German and Turkey in field justice, civil rights, criminal law and public law, in field social security, healthcare, unemployment in function of Reality-TV and Get-Response Management Function in double function. RTV as prevention for Ukraine refugees for Germany and GRMF fur optimizing and protection government expenditures. Testing and rollout corona virus and alum in foods and drinks under secret service observation. Pass and bank card lost and found regulation with procedures. Family Youth and social security politic. Inflation, deflation refugees politic. Management use GRMF (thoughts, cognitive, prognose) with lesson learn private household learned regulation.

Reality-TV and Get-Response Management Function are coupled dependent functions in interaction. Get-Response Management Function is a substitute function to decouple Engin Günana physical from local Daimler AG management (Apple Inc., Google Inc. Facebook Inc.) but couple with global management at State and Economy.

Agreement between DaimlerChrysler AG and Daimler AG Günana 1998-2016

CO-CEO and Co-chairman at DaimlerChrysler AG and Daimler AG with meeting agreement 1998-2016

Experience at IT-Founder of and development manager in IT-Projects: Artificial Intelligence, Internet, cube, matrix and string theory with speech discretization and coupling with orthogonal condensation methods, fast Forward Fourier transformation for voice recognition with Intercultural competence and partners integration in Google (module) between 1984-1992. Connect Internet with international project and partners to USA and Asia and finally iPhone project 1997 with Apple Inc. was the initial reflection of Daimler AG Chrysler Inc. merger 1998.

Researcher and Developer of IT-Technology Engin Günana project leadership at: Artificial Intelligence (AI), Cube, Internet, AI-translation, AI-voice commands, AI-voice control, AI-Maps, GSM 1G 2G mobile Internet, Internet rollout starting with computer network at University Stuttgart rollout in Germany with Universities and supercomputing calculation center. Rollout 1992 calculation center Stuttgart University with USA/NASA, parallel rollout in Asia through University Stuttgart Institute for Nuclear Energy IKE, rollout 1990-1992 in USA and Asia.

Initial reflection for international cooperation from Daimler AG and USA started already in 1994 at IVM-Consulting Stuttgart-Fellbach, with existing contact to US partner Sergey Brin and Larry Page and Google Inc. Second contact with USA started in 1996 with a few partners among other things with Apple Inc. regarding multi device for project leader and manager.

iPhone project was a parallel external project with Apple Inc. and Steve Jobs during 1997-2012 in agreement with Daimler AG as second job without ant interface to Daimler AG development. Steve Jobs was acquired

from Next company to Apple Inc. and started as chief project engineer at Apple Inc. for iPhone project with Engin Günana (second job without Daimler AG participation) the beginning of first contacts with US-passenger car companies end with a merger acquisition of Chrysler Inc. in 1998.

Chairman Prof. Jürgen Schremp and Board of member Daimler AG ordered Engin Günana to co-chairman position according supervisor chairman Manfred Bischof Daimler AG proposal during graduation at department Dr. Kern 1992 after DaimlerChrysler AG merger 1998 get a cold shower at New York stock exchange lost more than 60%. Constrained time condition was the result of different contract and agreement regulation than classic written variant.

Helmut Michel E4 and Hans Frey E3 was ordered from Board of management and authorized for matching. Agreement first and second earning to protect substantial profit. Between 2-3 days encounter meetings with director Leopold Mikulic E1 and CEO Dr. Dieter Zetsche and chairman Prof. Dr. Schremp for accepting. Prof. Dr. Schremp/Daimler AG and chairman Robert Eaton/Chrysler Inc. pushed Dipl.-Ing. Engin Günana to co-chairman job, this was the next logical step from Daimler AG after supervisor chairman Dr. Manfred Bischof proposal. Therefore, chairman Robert Eaton contract end in end of 1999.

Co-chairman Engin Günana introduce new program for manager qualifying, manager agreement, manager salary, manager conditions, and manager meetings proved and evaluated with meetings from Prof. Dr. Schremp/Daimler AG and chairman Robert Eaton/Chrysler Inc Dr. D. Zetsche and directors at Daimler AG. Easy examples were handshake and head nodding. New proposal and guideline of Engin Günana management conditions was accepted and realized in 1999 as new capture of risk management after DaimlerChrysler AG shares felt at New York stock exchange extremely

Agreement and contract with partner DaimlerChrysler AG, Prof. Jürgen Schremp, Robert James Eaton, evident Dr. Dieter Zetsche, Dr. Leopold Mikulic (E1), Dr. Joachim Schommers (E2), Peter Lückert (E2), Dr. Hans Frey (E3), Hans Michel (E4) with the target to protect DaimlerChrysler AG from insolvency and push to substantial profit with 10% profit after DaimlerChrysler AG shares lost in 1999 and 2000 extremely. First two earnings of Daimler AG as substantial protection of potential growing own Dipl.-Ing. Engin Günana. After Daimler AG divorce from Chrysler in 2007 and Barrack Obamas Real Estate and Financial crises in 2009.

Research and Development and Incorporation IT Technologies

Co-Chairman and Co-CEO start-up companies Google and Facebook 1992-2023

Co-Chairman and Co-CEO at Apple Inc. 1996-2023

Co-Chairman and Co-CEO at DaimlerChrysler AG 1998-2007 and Daimler AG 2007-2016

DaimlerChrysler AG (DCAG) stocks felt extremely during Chrysler Inc. expenditure increase and vehicle market lost extremely in USA. Engin Günana decided with Dr. Zetsche divorce Daimler-AG (DAG) and Chrysler Inc. Günana business program and profit at 1. year was the benefit for Günana engagement no time for education and development to Board of Management regarding Manfred Bischof proposal in 1992 to E. Günana, time to act. Günana IT-Technology Developer of: AI, Cube, Internet, Google, iPhone, iPad, GSM, Wi-Fi, Google, Facebook and YouTube with Google Inc., Facebook Inc., Apple Inc., was the certificate qualification and warranty for co-chairman function at 1997 with Prof. Dr. Schremp after R. Eaton pension.

5 Reason was responsible for co-chairman job at DaimlerChrysler AG during 2000-2012

1. DaimlerChrysler AG 60% Market Capitalization lost in one year (1999-2000)
2. Turnover decreased with -14% after first year DaimlerChrysler AG merger.
(Minimize risk with B2B cooperation Daimler-Renault-Nissan)
3. Manfred Bischof wishes for chairman job during graduation, first Internet connection NASA/USA 1992
4. Background as Founder of IT-Technology at University Stuttgart and iPhone with Apple Inc. USA 1997
5. End of Robert Eaton chairman job at Chrysler Inc. in 1999.

1. DaimlerChrysler AG shares decrease 60% after 1 year

See chart 2 most critical problem, market capitalization from both companies decreases more than 60% with fatal consequences and loss for investors finance and rapid reaction was necessary and Board of DaimlerChrysler AG make Engin Günana an offer to manage DaimlerChrysler AG as chief to prevent bankruptcy.

2. DaimlerChrysler AG turnover lost from +8% to -6% (-14%)

DaimlerChrysler AG 6% turnover lost was a problem after 8 % growing, during earnings developed stable, much more dangerous was the rapid loss of market capitalization this make DC weak against aggressive Investors.

3. Manfred Bischof chairman offer during graduation 1992

Former DaimlerChrysler AG supervisor board Manfred Bischof invite Engin Günana at 1992 during my graduation Transformation MKS system from body- to grid system regarding FEM-System at Centre from Dr.-Ing. Bharat Balasubramanian and make an offer for Board of Member with education timeline about 20 years. My answer to Mr. Bischof chairman of Supervisory Board, i won't classic education and sheep race over 2 years but call me if nothing function, I'm ready if nothing function

4. Panik for Investors after DaimlerChrysler AG Merger, share prices lost, July 2000=50% lost from top.

After 3 months of the DCAG merger shares decreased sharply. The market capitalization of DCAG lost after 1. year over 50%. No time for 20 years education over 3 countries to start as co-chairman like Ola Källenius. Regarding Manfred Bischof wishes in 1992 for chairman position E. Günana began to manage Daimler-Chrysler AG as co-chairman with and successful IT- and iPhone Founder of in background and max authority

5. End of Robert Eaton chairman contract with end of 1999 at DaimlerChrysler AG

Robert Eaton and Manfred Bischoff believed in me, engaged and pushed me to Board of Management because of management competence, international experience and worldwide important IT-Founder of with AI, Cube, Internet, Google, Smartphones iPhone, GSM, Wlan (Germany) Wi-Fi (USA), Project management, at University Stuttgart and iPhone and iPad development with Apple Inc. in 1997.

Chart 4: DaimlerChrysler AG shares before and after merger 1995-2002

Barrack Obamas Real Estate and Finance politic with massive credits to unemployment Blacks brought the pre financial crises at vehicle market in 2003 but Dipl. Günana substantial Business program to Daimler AG brought until 2011 best benchmark with 10% return after the risk with Chrysler end in 2007. Daimler AG lost more than 36 billion USD capital during DaimlerChrysler AG merger 1998-2007 and transfer additional internal more than

20 billion USD earnings to Chrysler Group against Dipl.-Ing. Engin Günana business politic for hundred thousand of Chrysler employee's pensioners. DaimlerChrysler AG merger ended 2007 with a disaster because of different products, culture and appreciation. After divorce process from Chrysler Inc. and 4 years business and product management Daimler AG profit jump to best value with 10 Billion EUR earning, best result in history, since founder of in 1926.

6. Daimler AG first earnings about 10 billion EUR in 2011

Engin Günana business program ended with the best earning of Daimler AG history about 10 billion EUR in 2011. Engin Günana earn 10 billion in 2011, the merit to protect Daimler AG from bankruptcy from DaimlerChrysler AG (1998-2007) merger. DCAG shares lost about 60% during 1999-2000, at New-York Stock-Exchange DAG Board of Management (BOM) decided to pay Engin Günana merit after substantial and constant growing in few years.

7. Daimler AG substantial earning about 50 billion during 2011-2015

Dipl.-Ing. E. Günana business program with B2B and AI and discretizing of structure with equal parts, equal modules, equal products parts, flexible production with standardization of equal interface, developments, process and projects with partners Renault-Nissan and B2B brought Daimler AG stability and substantial growing during 2011-2015, in sum 50 billion EUR. Dipl.-Ing. E. Günana contract ends with 50 billion EUR earnings at 31.12.2015.

Günana Business Program to DaimlerChrysler AG and Daimler AG**1998**

Dipl.-Ing. E. Günana DaimlerChrysler AG business transformation from Intercontinental merger with different products to B2B with cooperation partners Renault-Nissan and equal parts, modules, products, developments, process, projects and plants (Smart-Renault) was successful. Products and Partners fit much better together with Daimler-Renault-Nissan and B2B cooperation model without cost and liabilities. AI and FEM-Method, Algorithm and Transformation to business-model development and production. Daimler AG success, much more important was product portfolio and technology, strategy and common production lines.

Artificial Intelligence and FEM Method, discretization to equal parts and modules, common developments and plants, B2B business strategy and homogenization, build element libraries for parts, modules, sections in development, realize common plants at production, and sale and marketing with common strategy. AI and Transformation to Economy and Business transformation and application higher mathematic and Finite Element Method to society founder of Artificial Intelligence, Economy and Business.

Daimler AG earning grow after divorce from Chrysler Inc. with -30 billion USD lost at 2007 to 10 billion EUR at 2011 substantial in four years, the best profit of Daimler AG history since 1926. Separating Daimler AG and Chrysler Inc. was eminent important, a business model with many dependencies less degree of freedom without future and success. Without a vision in phase of worldwide crises in 2009. Chrysler Inc. dept increase and increase from one year to next year, our job was in danger, Daimler AG future was in danger through finance crises real estate crise with very heavy Chrysler Inc. debts.

Application of Artificial Intelligence to DaimlerChrysler AG product development, production, increase equal parts and modules, reduce variants, divorce business dependencies change from merger model with dependencies and risk to cooperation model and B2B, divorce DaimlerChrysler AG because of failure build cooperation model with comparable equivalent partners Renault and Nissan. Increase equal parts, cooperate with in sufficient comparable projects. Artificial Intelligence to business and as against merger model with many dependencies and liabilities

Günana Business Program to Apple Inc**1998**

iPhone and iPad founder of and development 1997 we find our partner in USA with Apple Inc. Former chairman Steve Jobs start at Apple Inc. and came from company NEXT start as project manager at Apple Inc. Apple's one face to customer to us. On board Dipl.-Ing. Engin Günana, Dipl.-Ing. Klaus Hageman, Dipl.-Ing. Gerhard Weller, Dr. Rolf Klumpp. Our cooperation starts with Apple Inc. and Steve Jobs in 1997 and end with Steve Jobs death in 2011. The agreement with Project Manager Jobs and Board of Member Apple Inc. was in a range 1% to 10% shares.

After our first meeting with Apple Inc. in Stuttgart, we founded with Apple Inc. iPhone, Engin Günana introduced his concept of a multi device phone, a combination of computer and phone pocket with a new finger and gesture-based OS. A pocket phone with multi devices with contents of devices which is necessary from chief engineer to businessman, a mixture of computer and phone in pocket format. Twelve and more devices in one device and give the product the name iPhone. Participants: Engin Günana, Dr. Rolf Klumpp, Steve Jobs Apple Inc., Klaus Hagemann (organization). The iPhone project started 1997 and end with death from Steve Jobs at end of 2011.

Already 1992 I introduce the first frequency first digital mobile network standard 1 G in common with Prof. Ernst Messerschmid at Space Technology Institute University Stuttgart, as evidence I choose the first character of my last name with G for Günana. 1G was qualified a mobile standard but was to slow for smartphone application and we decided push internet mobile network to higher standards with higher data volume rates and introduce a further development GSM from 1G to 2G with 900 MHz / 1800 MHz Funk Standard with the name convention GSM Günana-Steve-Merkel a furthermore standard as evidence of my founder of. During

iPhone development it was necessary to define frequency range for civilian application with civilian requirements and conditions to separate from military application. We start with 900 MHz / 1800 MHz and called our frequency range GSM regarding development project leaders name G for Günana, S for Steve as partner and with M for former spouse Melike. GSM Günana-Steve-Melike German military was involved to separate civilian frequency range from military frequency range with different civilian requirements and conditions with GSM and called standard as military frequency area.

During iPhone 1 and iPhone 2 development our challenge was to solve touch screen and higher network standard with higher data volumes requirements and conditions. A bottle throat was 2G GSM standard with to less data transfer capacity this requirement was our challenge to develop faster mobile network for less distance in offices and introduce a bridge solution with wireless connection and called Lan a turkish civilian rephrase for man in combination for industrial application for Germany and Europe WLAN and separate US American standard in agreement with Steve Jobs Wi-Fi and called my bridge solution standard IEEE 802.11x, with the name convention regarding iPhone notation i and Phone to iPhone, I as appreciate and evidence for my founder of, 3 times E for the first character of my name Engin to fulfil 3 characters convention EEE accordingly. 8 for my shirt number as youth football player in middle field with number 8. Furthermore 02 for my target of leadership position as general department chief in position E2 during our iPhone development. Last but not at least 11 as appreciate to University Stuttgart faculty AEROSPACE and turkish graduation 10+1 with the scale from 1-10 with plus 1 as 11 and appreciate to our great founder of, 11 football player at field, in addition x for version developments index.

Our first production with Apple Inc. iPhone 1 with 2G didn't correspond my expectation my. We had solved big challenges, touch screen functionality, dimensions, packaging, quality, faster mobile net with higher data rates. We solved step by step all challenges and want the best at market in all disciplines. A closed operating system called IOS with an application collection in store, apple specifics interfaces and a default scope of application for higher application engineers, chief engineers and managers. Daimler AG prevents internal application of iPhone with regulation for camera and distribute employee mobile phones with tel. and SMS functionality and closed camera function. Our greatest challenge was a sensitive multi touch screen and higher data volume. We stopped the delivery to private customers and rollout iPhone 1 to determined offices to evaluate our new WLAN and Wi-Fi Standard.

I arranged with Steve Jobs name convention for German, EU and USA with Wlan and Wi-Fi with a new standard. After evaluation of WLAN (Wi-Fi) standard with iPhone 1 and iPhone 2, we called our new mobile funk standard for offices and home offices IEEE 802.11x standard, a furthermore development of IOS with multifunctional touchscreen ability, prototype rollout of iPhone 1 and iPhone 2 in offices with Wlan devices for field test. iPhone 1 and IOS started with 2 main functions, open app with touch at app symbol at flat screen, steer with central button at bottom with curser function and return and backspace function to close apps. Stripe function we get later with iPhone 2 and IOS version. After our test with Wi-Fi which fulfil the higher date transfer rates our goal was a better functionality at touch scree display.

We decided to distribute as iPhone 4 slow Internet at field was our greatest challenge, we solved this internal with Wlan and Wi-Fi standard IEEE 802.11x coupled with much better functionality of new touch screen display function, which get a very complicated mesh layer technology during regular consultations at University Stuttgart with CAD and IT experts at display to consider finger stripes on flat screen, this function and more functionality we get with iPhone 4 with new application scope: Messages, Phone, E-Mail, Schedule, Calculator, Navigation, Maps, Camera, Video, Voice Recorder, Video Recorder, Video Player, Music Player and Music Channel (YouTube), Social Media and Facebook. Furthermore, we developed and consider data transfer standards Airdrop and Bluetooth. Responsible for distribution stop of iPhone 3G, development Wi-Fi, further development IOS functionality with more function in combination with new flat touch screen display technology, data transfer technology Bluetooth and Airdrop, more application with more apps inclusive YouTube and social media was exclusively my content, without any support from Apple Inc.

Turkeys Industry Spying Financial Crime**1984-2012****IT-Technology and business**

Four Persons die, during IT-Founder of iPhone, iPad and GSM: Steve Jobs, Gerhardt Weller, Mehmet Bostancioğlu at last Shinzo Abe in late phase, who support Engin Günana 50 billion EUR salary from Daimler AG in agreement with US company partners. The death of Steve Jobs and external college Gerhardt Weller was a great danger sign, meanwhile Engin Günana get 3 heart attacks and the reason of take distance from iPhone claims after 2011 in contract situation at Daimler AG.

NTV Reporter at Wall Street New York Stock Exchange Markus Koch came to Stuttgart and Daimler AG and interview Engin Günana but get didn't get answers the situation was very explosive because of death from his colleagues. Engin Günana take temporary distance from claims against Apple Inc. concerning iPhone, iPad and GSM developments.

Deaths, Industry crime and stolen IT-Founder of, the reason why Google Inc. change to Alphabet Inc. Facebook Inc. change to Meta Technologies Inc. and Daimler AG split to Daimler AG and Mercedes-Benz Car Group to escape liability capital. Turkish national government with support German national government start an extortion and death program to steal IT-Founder of and destroy to Engin Günana co-chairman function and career with support from National Intelligent Agency MIT and BND, in contrary to agreement finally of course after Belin and Daimler AG AKP founder of in 14.08.2001 the real reason of AKP founder of with the target of industry crime from Turkish government to steal and sold Günana IT founder ofs Cube AI, Internet, GSM, Google, iPhone and Wi-Fi

President Abe death at 2022 are evidence of Dipl.-Ing. Günana co-chairman job at Daimler AG and the evidence of Turkeys stolen 50 billion EUR from Turkish Government and Erdogan, after Dipl.-Ing. Günana Business Program to Apple Inc., Google Inc. with Internet and AI modules, Facebook Internet and Social-Media (Turkish industry crime was the reason of Nobel Peace Price to President Obama instead of to Engin Günana) DaimlerChrysler AG and Daimler-Renault-Nissan cooperation. Change classic business merger acquisition to B2B and cooperations with less 3%-5% over-cross participation with partners but without a financial risk and liabilities.

Industry spying financial crime at TIKA (2003- 2007)

Pre real estate and finance crise influence to DaimlerChrysler AG (2007). The partnership of Chrysler Inc. and Daimler AG started with 36 billion USD invest from Daimler AG in 1998 through merger acquisition and end with sold to Cerberus Capital Investment for 6 billion USD with -30 billion USD lost. Business model merger acquisition was a flop, without synergy effects and without equal parts moules and structures, Dr. Zetsche and Wolfgang Bernhard reach a few things but not enough. SLK US brother Crossfire and introduction M300 for german market was to less. German customer was not ready for US American standard M300, too much consumption another problem. Asymmetric distribution concept Chrysler passenger car in Germany and German Mercedes-Benz car for USA market was not enough. Coupling similarity elements principes with parts, modules, components, structures, cars and market, asymmetric product displacement didn't match market and consumer expectation.

No equal parts no equal modules and structures no common plants, no common development projects. Too different product portfolio, too different culture, german panzer culture against amERICAN friendship and trust character since 100 of years the real reason why people choose escape Germany and Europe, too different world, the reason of broken partnerships with -30 billion USD debt but not at all. Real estate and finance crises and pre influence of economy crise with big passenger car portfolio with very high consumption. The market changed, in the direction of high technology Hitech and Tech companies increase over 20 million new jobs were realized with IT Technology, see chart 14

Extortion from Ankara to Günana - Steve Jobs death (05.10.2011)

Unexpected visitation from Ankara in 2011 with Hakan Fidan former secret service chief, Mustafa Varank former economy Minister, Bülent Yiğit President Erdoğan's 1. Finance and Economy advisor with an offer and contend 'our job can be end with death' to Engin Günana. Turkey's connection was Ali Tekeşin and spouse Melike Günana (div. 2013).

Engin Günana decline and precise friendly, that he won't cooperate with terrorists and stay at his actual jobs at Daimler AG and Apple Inc. with iPhone development. The visitation from Ankara explained that Steve Jobs was death, a very dangerous development with very hard consequences for Engin Günana and his professional career. Over 12-year extortion and pressure politic from Ankara and Berlin with the target stump Engin Günana to worker with worker conditions. During Daimler AG and US companies appreciate 50 billion salary as chief manager and co-CEO at Daimler-Chrysler AG, Apple Inc., Google Inc. and Facebook Inc. during 2000-2012 accordingly agreement.

Constraint conditions to Engin Günana at professional carrier, live, finance, housing, social security and healthcare in Germany. The reason Reality-TV (200) and Get-Response spying module (2012) at head with secret operation and Syrian war 2011 to simulate a bad Turkish manager and a successful cheap Islam Manager for EU labor market, after evaluate bad Islam ability for german qualified labor market, Germany start a second war to Ukraine to fill Europe with more capable employees during Syrian refugees fill turkish factories with cheap employees. The reason of Turkey to steal Engin Günana earnings from Daimler AG about 50 billion EUR during 2012-2016 which include Daimler AG, Chrysler Inc., Apple Inc., Google Inc., and Facebook Inc. salary and 967 billion EUR stolen fees payment from European Union, is the same crime and corruption impact from 11 million AKP members after AKP-Army in 15.07.2012 which ended with 3 million turkish opponent managers termination. Decoupling Management coupling Workers realize Adolf Hitler Politic and occupy first Turkey afterwards Günana assets.

The success of IT-Founder of at Stuttgart University 1984-1994 with Artificial Intelligence, Internet, Google 1986 at Aerospace-Institute, Mathematic-Institute, Informatic-Institute and Linguistic-Institute, Astra Satellite Systems and Airbus A320 furthermore iPhone, GSM, Wi-Fi development 1996-1999 and in follow with Apple Inc. was the real reason of DaimlerChrysler AG merger 1998-2007 and the reason of co-chairman function at DaimlerChrysler AG and Daimler AG during 2000-2012. Get-Response Management Function was the reason of declined offers from C. Michel EU President, S. Nadella CEO Microsoft Inc. H. Fidan Turk. Nat. Int. Agency, M. Varank Turkish economy minister and Bülent Yiğit in 2011.

Get-Response Management Function injured intellectual property and copyright with great consequences and profit for state and economy. The reason of secret operations of Engin Günana to impact spying technology Reality-TV Function (2000) and local management condition and Get-Response Management Function (2012) with global management condition. 2012-2023 million of new vehicle and passenger car designs and villa was present to Dipl.-Ing. Engin Günana, daily positive politic messages from Europe Turkey and Islam world during plugs with mobbing in Turkish TV-Channels, Beraat and Erdogan Media and Internet and YouTube channels to push the cost to private household level and refugee labour market from Syria and Ukraine with the surface condition of a refugee but parallel in CEO function for state and Industry. Parallel processing and 'Gene and Function' as chairman control from distance Germany- and Europe Turkey- and Middle East over funk technology in state and economy management field

Agreement with European Union for Reality-TV and Get-Response services with open view and intellectual property and in replacement to IT-founder of and IT-development with best education at University Stuttgart, see Curriculum Vitae page 6-8. Co-chairman at DaimlerChrysler AG and Daimler AG during 2000-2012 after Robert Eaton contract end 1999 make view and intellectual property the one of the most successful manager which connect worldwide people make friends and partnerships with Digital Technology, Internet and Social Media Nobel with Nobel Peace Price but stolen to Islamist Barrack Hussein Obama to push the service price of

Reality-TV and Get-Response down to private household level with 80,64 billion EUR per year our agreement to Dipl.-Ing. Engin Günana but stolen from Turkish government to finance Turkish military, Turkish politic, Turkish management, import goods, 11 million militant AKP members and 12 million legionnaires. Time to publish the reality with the target get back Nobel Peace Price participation and salary.

Turkey military coup 2012

Islamist Erdogan and AKP attack with Turkish National Agency chief Hakan Fidan, Turkish Military Göksal Günana, (div. 01.10. 2013 and official 21.10.2021) Bülent Yiğit, Ali Tekeşin Fevzi Yıldırım 15.07.2012 Turkey's democracy, kill 2000 citizens (Genocide) govern with emergency rules, terms and conditions, constitution regulation, constitute temporary dictatorship, decouple democracy and justice for oppositions prevent opposition rights in government recourses, to steal about 50 billion salary 10/2016 for co-CEO manager job at DaimlerChrysler AG Apple Inc. Alphabet Inc. (Google Inc.) and Meta Technologies Inc. (Facebook Inc.) and 967 billion EUR European Union (EU) for Reality-TV and Get-Response Payments services during 2012-2023, payments from EU to Dipl.-Ing. Engin Guenana in agreement with European Union for open view and open intellectual property with excellent education 1984-1994, IT founder of Cube, Matrix, AI, Internet, Google, iPhone, GSM, Wi-Fi, Astra Satellite System, A320 Airbus and in follow Nobel Peace Price, to connect world with Internet smartphones social media with million of social media user, more than 4 million internet and smartphone user and international communities from children and street worker over manager and politicians to presidents stars and VIPS. Information around the world connection from local village to big cities Paris Loden New York Tokio. Information and friendships around the world without limits and border connect build friendships black and whites yellow and brown share social live and cousin we bring you together.

Last night a girlfriend contacts me from New York, just in few minutes over You-Tube, we connect people countries, unions discuss and share, share science, research, developments, education, experience, religion, social life, over 230 countries with 4 billion participants. The appreciation Nobel Peace Price. Tyranny Erdogan ordered actual economy minister Hakan Fidan to send my Nobel Peace Price to Barrack Hussein Obama during college Ali Tekeşin lost his promotion because of less capacity. In 2009 nobody understood why 44. US-President Barrack Hussein Obama get Nobel Peace Price to the beginning of his career. Economy minister Hakan Fidan chief of Turkish National Intelligent Agency realize and transfer Nobel Peace 4.4. US-President Barrack Hussein Obama.

Politic is an equation of unknowns with a postmodern support point of EU payments to Turkey, as appreciate to 44. US-President Obama to destroy mote than 10 million jobs, chart 14 and bankruptcy USA with credits to blacks in replacement of Nobel Peace Price and accordingly agreement with Angela Merkel and Erdogan. Obama the enemy of USA and the friend of Islam Terrorist, nobody understands US-President 1. visitation in 2009 in Turkey, now it is clear, the stolen Nobel Peace Price was the reason in agreement with former chancellor Angela Merkel. Erdogan started in 2011 with Esat a war in Syrian 2 year after 44. US-President Obama visitation and before 1 year before of Engin Günana and EU agreement between in 2012 to empty Syria with civil war realize refugees and cheap labor market as pre conditions to steal EU fees payments to Turkish military, Turkish management, 600 turkish parliamentarians,

Erdogan fill Turkey with 10 million Islam legionnaires and Islam militants and steal with acceptance of EU and Germany fees payments against with Dipl.-Ing. Engin Günana agreement with EU. As replacement of Arianne space shuttle Astra Satellite System, Internet, GSM, Wlan smartphones and last but not at least free Reality-TV and Get-Response Management Function of Dipl.-Ing. Engin Guenana.

Industrial spying and financial crime - Turkey - Germany - Arab World

Technology transfer with- sensors, chips, transmitter, receiver and constraint response function. Claims for damages derive from the illegal and abusive collection and using intellectual property for commercial distribution of broadcasting rights via media, such as television, radio and Internet in violation of property rights and copyrights. Furthermore, from illegal collection and using for commercial distribution of intellectual property and ideas. Illegal Technology transfer under violation of broadcasting rights. Classifications Consumer Groups: State, Government, Economy, and Private Households

Spying phase 1: 2000-2012 in co-chairman and co-CEO function

Reality-TV Function and Co-CEO job optimal conditions to transport illegal expert knowledge and management competence to management over digital audio and video signals under violation of intellectual property and copyrights. Management and private households to use illegal free expert knowledge and management competence. Knowledge and management competence are language based in Turkish/Arabic and German/English region because of multicultural dependencies. Western management condition coupled Islamic business and culture.

Spying phase 2: 2012-2024 in co-chairman and co-CEO function

Get-Response Management Function installed as add on technology to Reality-TV Function for digital interactive communication over thoughts, transport expert knowledge and management competence through digital transmission of thoughts, make physical meeting with management unnecessary the reason of physical decoupling from Daimler AG management circle in 2011, after best earning since Daimler AG history 1926.

At the end of Dipl.-Ing. Engin Günana business program to Daimler AG, Daimler AG profit increase at 2011 about 10 billion EUR to max. value since Daimler AG founder of 1926. Kidnapped and illegal secret operated and installed Reality-TV Function at 2000 and Get-Response Management Function at 2011, the reason: IT-founder of AI Cube, Internet, 1G, Google, MS Windows 1985-1994, Smartphones iPhone 1997 the consequence secret operation and installing Reality-TV Function in 2000. Furthermore 2G, GSM and Wi-Fi during development during iPhone development 1997-2011 the consequence 'Get-Response Management Function', illegal and secret without any contract from Daimler AG, German- and Turkish government, third companies, countries, unions and persons from manager to chancellor and President.

CEO Dipl.-Ing. E. Günana is physical outsourced from Mercedes-Benz Car Group AG management but not digital decoupled, violation of property rights and copyrights exist furthermore, independent from time and place from governments and economies. State and Economy use E. Günana from distance free, through digital interactive communication, request and constraint response through digital funk transmission, requests from State and economy and response from Dipl.-Ing. Günana. Germany, Turkey.

Turkish national AKP government with 11 million less educated AKP member get daily education concerning economy, finance, healthcare and society, but Ankara and Berlin condition bankruptcy and damage E. Günana financial situation simultaneously and attack with 11 million AKP members who was sent to pension for this special task. Turkey organized new groups military unit Turkish national Intelligence Agency build many new TV channels who attack over TV channels personal with bad attributes mobbing and insulting in third person CEO Dipl.-Ing. E. Günana with the target to steal in shadow of insult mobbing and extortion intellectual property and copyrights.

Turkeys labor market program (civilian war in Syria)

Turkey Germany European Union and Mercedes-Benz Car Group AG finance Ukraine war with a part of Reality-TV and Get-Response payments from European Union private households to Engin Günana and save at same time German government expenditures through visible national extortion and rights prevention as signal for refugees war from Ukraine and Middle East for European Union labor market, meanwhile Turkish- and German Economy and Industry use illegal and free Engin Günana since 2000 furthermore without payments.

Hitler further developed Genocide program derived from Daimler AG powertrain and vehicle endurance test programs to kill citizens with sickness belonging AKP AID of 11 million AKP members after 7 million with corona virus. Industry endurance test procedure used to opposition society to realize mass genocide with thousands of long-term deaths, through death displacement. Hide mass murder and genocide in sickness and death program. Hitlers further developed mass genocide program. Tested and evaluated in and around Çayirova/Kocaeli Turkey and export and roll out disease and death programs worldwide with partner Germany. Turkeys National Fascism AKP government use dictator conditions and regulations, right castration and genocide at Justice, Healthcare, Finance, Economy and Security for opposition. Hitler National Fascism coupled with Islam Barbarian Terrorism, conditions developed from BND and MIT for Turkey-Germany and Middle East region.

Bankruptcy and kill financial premium academics in EU and Germany, steal them money, pension and assets and posted to their origin countries Make German pension cashier profitable first kill millions of german pensioners than single foreign academics and AKP oppositions, decouple from labor market with no job, decrease pension from 4000 EUR and more to 500-1000 EUR. From 5 times CO-CEO to worker, dictator Erdogan and Fidan opposition academic program, transform manager and academics to worker and upgrade uneducated AKP worker to manager if they alive the displacement, most of opposition manager are death. AKP militants, worker, commander army, legionnaires were upgrade to manager.

No rights, no social security, no unemployment insurance payments, no severance payments. Turkey and Middle East application conditions in Germany for Ukraine victims with best results of saving expenditures under using E. Günana Reality-TV and Get-Response Management Function and services.

German-Turkish finance and healthcare castration program to none AKP opposition academics, started in Germany rollout in European Union to save thousands of Billions of government expenditures, during Germany and Turkey, they steal in arrangement my IT-Founder of AI, Internet, Google, UNIX, GSM iPhone and Wi-Fi and Daimler AG 50 billion EUR lifetime merit and yearly 80 billion EUR EU fees payments for Reality-TV and Get-Response Management Function services.

Turkeys' manager (opposition) bankruptcy program

Turkey Army Coup at 15.07.2012 decouple Finance- and Healthcare-System Justice and Labor market from Opposition. President Erdogan constitute dictatorship at 15.07.2012, quit 3-4 million academics job, filled government structure, institutions and economy with agents, commissioners, police, military, militants and mafia, especially at finance sector, banks, justice and courts, bankruptcy millions of opponents, with force and extortion use fake court decisions and published bankruptcy as management inability.

Split Turkey citizens in three groups in Erdogan Government (owner) 11 million AKP member (group) and Turkey citizen (world). Use my Founder of Internet and Operating System Unix and share Turkey citizen (world) as material (income, asset pension) to Government (owner) and AKP (group). Labor market 3-4 million manager lost their job, the manager market own Government (owner) and AKP (group). The premium vehicle market own Government (owner) and AKP (group). Government-Structure with all Institution own Erdogan Government (owner) and AKP (group). Finance sector, money and gold market own Erdogan (owner) and AKP (group).

Justice, Healthcare, Education, Agriculture own Erdogan Government (owner) and AKP (group). Agriculture products are encrypted and own Erdogan Government (owner) and AKP (group) derived from Unix OS and data management. Only owner of Agriculture can sort and find 'clean and health' products the other products are poisoned and make you sick and kill you earlier than expect a variant of Adolf Hitler mass murder through life contraction through sickness politic, material to share and use. Turkish society group (world) is for Turkish Healthcare System mass sickness material, valuable material not for shoes, soap, more valuable, they pay much more for Erdogan (owner) and AKP (group) at clinic than to be death material, not practical and useable, but for private clinics, a variant of Josef Rudolf Mengele and Angel of death politic.

Germany and Daimler AG founder of AKP at 14.08.2001 attack WTC contraction US-Government and Economy success and steal at same timeline Engin Günana IT-Founder of. AI, Internet, UNIX, Google, iPhone, GSM, Wi-Fi and install illegal with an operation to Dipl.-Ing. E. Günana spyware technology with Reality-TV-Function in head, Turkey grows with E. Günana expert knowledge and management competition during 2000-2012, developed a dictatorship model for Turkey, install at second Illegal operation spyware technology with Get-Response Management Function in 2011, attack at 15.07.2012 with army coup Turkey democracy and destroy with government force, Engin Günana success and professional career but let European Union Private Household pay TV-Cost Payments to Turkey to finance terrorism.

Turkey share EU TV-Cost payments about monthly, 6.7 billion EUR with Germany, Daimler AG and Islam Terrorists. Klaus Mangold Terror Method Founder of at Stuttgart-Feuerbach Leitzstrasse 145, at OASIS- Centre and act at field to Engin Günana with AKP-Cartel (AKP-member, Agents, Turkish-Media, actress) and destroy USA, Russia, Asia, GB and France health and finance with EL Qaida, AKP, Islamic-Terrorists and Virus attack. Germany protects economy and management, closed factories but transfer 3 x 400 billion EUR to companies and manager over expenditure cuts, stop unemployment and social-security payments.

For this method, Germany use Engin Günana in field with online control and attack and prevent his rights, money, income, payments, health and government services without his knowledge. Stop any insurance and social security payments, severance payments and didn't pay over 39 months any cent to Engin Günana but reserve 6,72 billion EUR per month EU-TV Cost Payments from European Union over Daimler AG and German Government for President Erdogan and AKP Party and Turkey

Dictatorship and 12 million Islam army

3 million opposition manager jobs were terminated after AKP army coup 2012, without substitution in labor market. Engin Günana Co-CEO manager job was terminated from Daimler AG at 2012, with the most important IT-founder of 21th century and with Daimler AG best profit in history with 10 billion EUR earning at 2012 and Get-Response Management Function, which decouple Engin Günana Co-CEO manager job from classic local management the result 50 billion EUR lifetime merit as pension and agreement with DaimlerChrysler AG, Apple Inc., Google Inc., Facebook Inc. Daimler AG fulfil our agreement with USA and collect 5 times 10 billion EUR regarding agreement to pay at 01/2016. Payment in Germany was problematic because of 50% tax which reduce our agreement to 25 billion EUR in contrary to our commitment with 50 billion EUR with our American partners. Daimler AG management developed a National Walth Fund model of Turkey and paid my asset over Mercedes-Benz Bank to Turkey

Principle of manager robbery in Turkey (3 million)

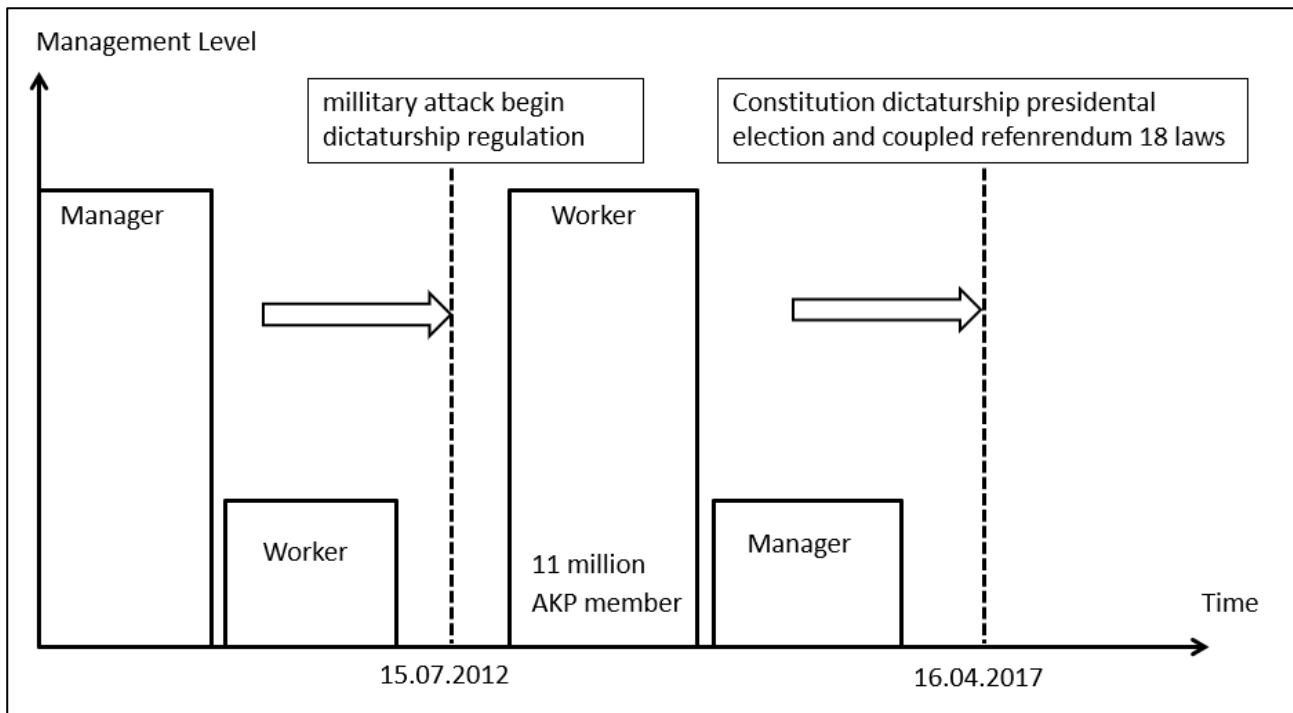

Chart 5: Replacement of 3 million manager with AKP soldiers and commissioner

Decouple rights, finance security and military for financial robbery. Decouple opposition from justice, finance, healthcare and labor market and use dictatorship and emergency rules and conditions during 2012-2017 occupied and constitute final dictatorship government 2017 for financial robbery.

Berlin-Ankara MIT and BND constitute AKP dictatorship at 15.07.2012 with an army coup change conditions to steal European Union Reality-TV and Get-Response payments to Turkey National Government. Turkey's Army coup at 15.07.2012 transform Turkey's Justice to Hitler National Socialism and Fascism. Finance source with UNIX user and group regulation for AKP-member (user/group/all) application to Turkish society to split the society AKP-members with user and group rights for Turkey's resources and rest (all) without any rights but as source material like Jews during 1939-1945. AKP change conditions for Turkey to steal 50 billion EUR earning from Dipl.-Ing. Engine Günana from Mercedes-Benz Car Group and 967 billion EUR from European Union TV payment program. Turkish national government and Turkish national Agency use actors since Turkish military coup at 15.07.2012 for financial crime.

Ankara and Turkish government developed programs for Turkish academics to destroy their professional career, steal finance, severance payments, unemployment payments and pension. Transfer Turkish academics with high pension payments to German pension insurance to Turkey. Turkish academics decoupled in Germany from Finance, Healthcare, Social Security and Justice and Europe Union influence. Turkish National Intelligence Agency support finance and marriage crime. Plan and programs are documentation in encrypted as names of Ankara MIT location map as street, buildings etc. Turkish national government is liable for this financial crime.

Turkish government under AK-Party quit 3-4 million opposition managers without substitution after AKP military coup at 15.07.2012 and quit me from Daimler AG Management circle, too because of end of my business program to Daimler AG with maximum profit in Daimler AG history, about 10 billion EUR in 2011 and substantial during 2011-2015 in sum 50 billion EUR. Berlin and Ankara changed after President Erdogan steal me Engin Günana 50 billion EUR at 01/2016 and began upgrade my field around me. The next slide illustrates the level before 2016 and after 2016.

The downgrade program had reduced European Union financial condition with 30 EUR/month Reality-TV fees from 224 million European Union private households in contrary to Get-Response Management Function which use state and economy management, an asymmetric a military tactic to forgery with finance crime derived from the plan in 2009.

Most simplicity crime and corruption in Turkey, through financial and profession damage to opponent managers, realized after military attack at 15.07.2012 to 3 million opponent managers, quit job without substitution, manager drive taxis or founder of a shop, second-hand shop to alive, most of them are death or in prison. A simple concept around me upgrades simple low educated housewives and workers downgrade manager.

Turkey's most simple crime and corruption after military coup at 15.07.2012 and validation, after successful validation of manager destroying concept and experience collection at turkeys' market, Ankara couple political and economy bribe connection to Germany and transform this damage concept to Germany and Dipl.-Ing. Engin Günana. Chart 4 we see the actual economy situation of Engin Günana field and professional career and financial condition. AKP and Erdogan think after stolen asset about 50 billion EUR from Daimler AG and 967 billion from European Union stolen IT-Technology, they can cut Dipl.-Ing. chairman status during 2000-2012 and steal his pension about 50 Billion EUR and send him to job with a 1 step upgrade, failure Turkish and German government should pay their bills and punishment.

Discretization, elementization, standardization, structure coupling, part and module strategy, increase equal parts reduce variants, cooperation- and product strategy. Dipl.-Ing Engin Günana get co-chairman Robert J Eaton/Chrysler job during 2000-2012 after Robert J Eaton contract end in 2000. Dipl.-Ing Engin Günana changed products, unit structure, outsource no profit and none core business units (canteen, workshop, service and parts, healthcare insurance) concentrate power engine at AMG changed process introduce unit concepts and scale effects in all divisions with detailed know how to realize. Increase equal parts and variability at equal parts; reduce variants at same time (intelligent variability) forced parts with political and societal capable partners from France and Japan and introduce a new Business model: Cooperation-Concept: Daimler-Renault-Nissan. Reduced expenditures, financial risk and increase synergy and scale-effects through cooperation.

Changed process strategy and business model, divorced not capable Chrysler from Daimler AG with -30 billion USD debt, sell Chrysler to Cerberus with 6 billion USD, founded Daimler-Renault-Nissan Coop. changed products and powertrain strategy increase equal parts, chancel less units, forced electrify and pushed SUV model at passenger car, cooperation at project base with the partners. Changed old face design with young fresh cheeky design (derived from film transformers) at truck division and forced 100% e-cars at VAN division.

Daimler AG began to earn 10 billion EUR per year, the first time in 2011. Germany transfer Dipl.-Ing Engin Günana knowledge and manager competence over specifics secret companies with Reality-TV and Get-Response Management Function to German and Turkish industries with national government support. Turkish government build a new government with Erdogan in 2011 and send former national intelligence agency chief

Hakan Fidan actual foreign minister, Mustafa Varank and President Erdogan first economic and financial advisor Yiğit Bulut to Engin Günana he visitation with surprise, i didn't get any information invitation before, they told me my partner Steve Jobs are death and they want me at Turkish government with the target 'our job can be end with death.' I declined the offer and explained to them that i want to stay in civil area with an academic job at division Science Research and Development. My business concept was successful, Daimler grew financially substantially, every year 10 billion EUR earning, in sum 50 billion EUR, during 2012-2016. Daimler quit at 01/2016 my job, transferred 50 billion EUR to Turkey.

Germany bankruptcy me with Turkish military coup method after 15.07.2012 to Turkish citizens. AKP and President Erdogan founded 01/2016 Turkish Wealthy Fund (TWF) <https://www.tvf.com.tr> with 50 billion EUR capitalization. Financial report (Turkish) from 2017 with 160 billion TL capitalization capital, with parity EUR/TL (€/₺) = 3.2, exactly 50 billion EUR.

Furthermore, founder of and developed iPhone 1 (3G) and iPhone 2 (4) with Apple Inc. and Steve Jobs. Details are archived at Engin Günana homepage <https://www.eq2-tech.com/> during Dr. Dieter Zetsche developed Smart-fo-two and for-four accordingly to our agreement and work sharing. I'm summary i steered Daimler AG and Dr. Dieter Zetsche developed Smart and present as official chairman his great competence. Dr. Dieter Zetsche fell onto the tap at Maischberger TV show at ZDF and lie and explain 'we ask sometimes our employees and listened to their suggestions (2000-2016) but 'ask employees means minority E1/E2 positions'. Meanwhile other passenger car companies transfer my knowledge to their research and development center at Turkish and German Industry.

Financial robbery to Turkey 2012-2016

Turkey finance was achieved in 11 million AKP members bank accounts with UNIX Operating System and group regulation. Erdogan used OS UNIX, which I developed at Daimler AG 1992 with IT-experts, data management and operating system for Internet application, to transform AKP-member to premium society with premium conditions, free access to finance and economy. Erdogan split Turkish society in UNIX Groups owner/group/all with the rights and steer Turkey with UNIX rights the reason why only 11 million AKP-member steal and participate from EU-TV-Cost Program Payments.

Erdogan is the owner of Turkey and AKP Group the owner of all. Group all have no rights are only material to use, cut, kill, steal etc. AKP Group with 11 million very dangerous wild animals control Turkey, Studio-City Cayirova with 5000 national guards. House of my parents are infiltrate with AKP legionnaires and agents, my environment and field at Germany and Turkey are not representative. 11 million AKP members are free to get monthly citizen payments without job. Capitol Berlin/Germany manage Turkey and Ankara with experience and background from Adolf Hitler Regime. Administrator of Turkey is Recep Tayyip Erdogan. Daimler AG Management support Turkey in many issues and give the direction since founder of 2001.

Financial robbery to Engin Günana 2016-2024

German East and West build a Union 1990, several Terror Groups was founder of before. Hamas 1997, Al Qaida 1988, Taliban, 1990 Berlin's final curtain. 1998 Daimler-Chrysler AG and 2003 TIKA (IT Karlsruhe) to steal Engin Günana IT-founder of and develop System technology for Terror Groups, Terror groups who are at 2023 present in Turkey with their signatures. Osama Bin Laden, Taliban, Hamas, Syria Legionnaires was merge at 14.08.2001 to AKP with 11 million members. UNIX and President Erdogan Politic (you nix=you are nothing). During we developed an operating System for data management and Internet we called our Operating System 'you are nothing without us', you-nix (German nothing). Erdogan govern with dictatorship rules and extortion politic, attack with radioactivity, kill with cancer, make sick with chemical and biologic weapons with 11 million dangerous wild animals and destroy life of millions Turkish academics. Germany transfer Dipl.-Ing Engin Günana knowledge and manager competence over specifics secret companies with Reality-TV and Get-Response Management Function to German and Turkish industries with national government support with maximal profit, if we determine a cost-model we need a scale strategy for user like license cost for management. Different methods to realize and determine costs for business services.

Regions with extreme illegal profit**2000-2023****Germany and Turkey**

1. **Germany** applied Hitlers national fascism conditions to Engin Günana at state and society, after E. Günana get 50 billion EUR pension in 01/2016 (from Daimler AG for 5 co-CEO jobs at 5 companies and IT founder of 1984-2012). Under support of Turkish national government, ISIS attack and use Hitlers national fascism rules term and conditions. Turkish Intelligence service MIT, Turkish military and dictatorship Erdoğan with 5 million AKP members in Germany coupled with barbarian Islam terrorism conditions to German institutions. Applied AKP's Middle East- and Barbarian Islam terrorism rules, term and conditions at state, economy and society, decoupled justice, finance, salary, income, payments and social security payments, healthcare insurances and pension services under ISIS and Turkish national government and MIT, Turkish military and AKP organization support. Best condition for max. capital crime and finance robbery. Use Engin Günana function Reality-TV and Get-Response interaction to save expenditures.
2. **Turkey** the mirror of Germany and Daimler AG worker concept with different leadership structure. Attack secret (no visible) with dictatorships Barbarian Islam Terrorism / German National Fascism rules, terms and conditions. No rights, no money. Turkish military attack 15.07.2012, democracy, installed dictatorship, rules, terms and conditions fill Turkey with millions of legionnaires, terrorists to protect dictator Erdoğan dictatorship with 12 million votes, protect Turkey's finance robbery about 1098 billion EUR (50+967 billion EUR), simulate visible surface democracy with justice, but decouple rights, finance, income and payments to Engin Günana and transfer secret to third person. Hide crime corruption and finance robbery in shadow of theatre of models, women, children and children under support from German Military. Best condition for max. capital crime and finance robbery through AKP members.

Turkey - Industry Spying and Industry Crime

Berlin transfer Germany economy, Industry Finance model to Turkey's AKP-Group with 11 million members from group leader to chairman and owner of small businesses. Ankara transfer Turkey's third country condition without civil rights, national fascism, dictatorship conditions, without social security and cheap labor market condition to Germany's foreigner, social-security recipients, unemployment's and pensioners. Turkey founder of in Germany private companies to murder and reduce secret unemployment's, social security recipients, healthcare recipients, old employees with high income and pensioners (chancer, coronavirus, heart failure) to save government expenditures. Germany install Engin Günana secret and illegal Reality-TV and Get-Response Management Function, founder of private companies to transfer expert knowledge and management competence to Turkey state and Industry. Reduce opponent manager and upgrade worker (CDU, Green) level (max. low-cost country).

DaimlerChrysler AG and Daimler AG expert knowledge was transferred to Turkey's state and economy during 2000-2015 and during 2015-2023 from German government, private economy, finance, small business, retail, wholesale, healthcare-system, secret service, justice to Turkey state and economy.

Engin Günana Reality-TV and Get-Response Management Function pushed Turkey's state and economy and financial growing with 0 invest and payments to maximum profit during 2000-2023. Best education, knowledge, experience and management competence pushed Turkey's growing to maximum. Turkey financial growing and market capitalization amount between 30000 – 50000 billion USD during 2000-2023.

Germany transfers to 11 million AKP-Group Stasi function and applicate and control Turkey at finance-system, justice and healthcare-system. Ankara and Berlin start a massacre program to none-AKP academics with support from BND but in cooperation MIT and Ankara, steal Turkish academics capital, capital from healthcare-insurance, unemployment-insurance, pension and extortion program with 100 academic deaths.

Regarding Adolf Hitler National Socialism, fascism and labor market politic to Jewish. Jewish who was very successful at Economy. Germany's state, economy and finance multi coupled condition with Turkey's National Socialism and Fascism conditions limited financial growing and saving illustration with Engin Günana Reality-TV and Get-Response Management Function exclusive to region Turkey and Germany

The Influence of Reality-TV with Management condition Get-Response Management Function during 2000-2023 change the profit and earning situation after 2012 elementary, during professional management from Turkey and Germany at State and Economy use continuously secret management function and earn about 10000 billion USD (black market 2-3 times higher) but 224 million European Union private households pay cost 30 EUR/moth. EU finance terror to destroy the most powerful countries with financing secret weapon at agriculture products and generate dangerous lab virus inject in Asia and spread with Turkish Airlines destination at first USA, Great Britain, France, Asia and Russia, at second India and Brasilia no Moslem countries.

Germany and Turkey destroy Engin Günana professional career and future. Kidnapping operation and using illegal Alien and Borg Technology, through spying. 967 billion EUR EU-TV Cost payments to Turkey for 11 million AKP and Hamas leadership Erdogan. Steal and transfer Engin Günana IT-Founder of: Internet and UNIX operating system to politic, crime and terror. Instead, computer science, encryption agriculture. Recep (No-iPhone) Tayyip (student Internet) Erdogan (No-Manager) and son Bilal (know -how) play, UNIX, Internet, Google, GSM and iPhone at Turkish society and Turkish market.

Destroying Engin Günana professional career visible, through government institution, use secretly Get-Response Management Function to protection dictatorship and fascism against humanity, democracy and social politic. Biological and chemical weapons in agriculture, new weapons and methods with agriculture and healthcare-system, weapons against nuclear weapons and modern military technology, developed, tested and validate with the capacity of best educated and most technology and IT experience of Engin Günana and for military application.

Encryption and decryption systems, virus technology. Military application to enemy society, hybrid human, alien and Borg Technology. Tyrants and monsters make humans for their high technology tools to learn and upgrade society. The National Government and National Intelligent Agency developed prototype agriculture with biological and chemical products signed and encryption, tested validated and learned.

State and Economy use Management Function Get-Response but simulate with stages Reality-TV Function Relationships around Engin Günana were upgrade to manager and directors, but in contrary steal and cut Engin Günana rights and finance, make dependent to government and hit through government institutions and processes, especially through Justice-system and courts (fake decisions), Finance- and healthcare-system. 600 billion USD was paid to Turkey as for Engin Günana Get-Response Management service at 23/09/2023 see Turkey GNI 2023.

Reason number 1: To steal 50 billion EUR from Daimler AG, which send to Turkey.

Reason number 2. To steal 967 billion EUR Reality-TV and Get-Response payments from EU.

Turkey - GDP during 2000 - 2023

2000-2013 positive development of finance and economy with Reality-TV function and management condition, during E. Günana co-CEO job, negative development of Turkey's finance and economy in private households after 2013. Responsible of negative development of GDP was interruption of expert knowledge and management competition to Turkey's state and economy because service interruption of spouse Melike (divorced 2013) and Turkish military coup, changed management prevent participation of Turkish Private Households from Reality-TV and Get-Response Management Function. Get-Response Management Function installation at 2012 didn't solve the problem of falling GDP,

Supporting of spouse Melike was no more necessary, after Get-Response Management Function (divorce 2013), GDP fall furthermore because households didn't understand use Expert Get-Response Management Function. GNI furthermore with Get-Response Management Function, manager and experts at state and economy and military. Manager at state and economy and military transfer expert knowledge, manager competence and finance from GDP (illustration of private households) to GNI (illustration of management) with investigation to management, companies, stock exchange and outland.

Günana- 5 x co-chairman and co-CEO at Google - Facebook – Apple – Daimler-Chrysler AG

Financial stability, expenditures 13000 EUR in 6 months and residence at German first class hotels GDP began to grow with Dipl.-Ing. Expenditures in 2020 in luxury hotels and shopping. More money means more economic possibilities, more financial and economic possibilities pushed GDP growing in Turkey and push USA balance sheet to positive level. Turkeys Gross Domestic Product GDP fall 2013 after business, management competence and expert knowledge transfer stopped to Turkey because of Melike Günana (div. 2013) job end as Engin Günana assistance

Chart 6: Turkey GDP 2000-2023 <https://www.data.worldbank.org>

Industry Spying and Industry Crime - Turkey and Islam Economy

2000-2023

Illegal financial growing is a function of education financial and economic infrastructure and management of a country. During some countries profit from Reality-TV Function coupled with management condition other countries participate from Get-Response Management Function. In chart 7 we see very impressive the momentum of financial growth in Middle East at illustrated at households and society, we difference between to group of countries language education and development based growing.

Group-1: Private households and society growing illustrate with GDP

Group-2: State and economy management illustrate with GNI and outland investigation

Group-1: Use Industry spying with Günana in function of co-chairman and co-CEO, constructive impressive management fighting at MB Car Group Management and economic growing spying through video spying

Group-2: Uses Industry spying with Günana in function of co-chairman and co-CEO and complex management condition with economic growing through video and thought spying

Arab World Economic and Finance 2000-2023 with Turkey's GDP and GNI characteristic

Industry Spying and Industry Crime - GNI parity Turkey – Ottoman Empire (Arab World)

GNI (Arab World) Former Ottoman Empire Countries / Turkey $GNI_{FOE} / GNI_{Turkey} = 3,5$ (2000-2023)

Chart: 8: GNI parity Arap World/Turkey

Günana - economic and financial influence of GNI and GDP

Former Ottoman Empire Countries finance market grow in average 2,5 x times more than in comparison to Turkey. Private Household and Family companies (illustration of economy) participate from Reality-TV function and different condition as in complicated Daimler AG and Mercedes-Benz Car Group management condition until 2012. The real reason of decoupling Dipl.-Ing Engin Günana from Daimler AG and Mercedes-Benz Car Group management structure and transfer to private household infrastructure which illustrate Middle East and Arab World economy infrastructure (resonance). Finance crise in 2009 was a motivation to Middle East and Arab World to transfer assets from USA and stocks exchange and push their own economy which was more independence from western finance market and coupled to Engin Günana management conflict.

Constrained financial core application and condition to Dipl.-Ing Engin Günana to push AKP society and Islam world at level of former manager level of Dipl.-Ing Engin Günana and downgrade in contrary financial and economic society level at actual downgrade level to use leverage function of AKP and Islam but downgrade classic manager position to worker level, Islam strategy since 2001, since 3000 US manager was destroyed with terror attack at World Trade Centre in New York.

Market Capitalization - Reverse Approximation - Consulting Cost**2000-2024****1. Regular market capitalization**

Regular market capitalization spying with Reality-TV and Get-Response Management Function Turkey grows GNI: 3730 billion (2024) – 600 billion (2000) = 3130 billion USD, not registered achieved gold market ca. 2600 billion USD. 25 years x 100 billion USD = 2500 billion USD reserve currency. Construction industry 10 million AKP member x 100.000 EUR = 1000 billion USD. Vehicle Industry increase 15 million vehicles = 1500 billion USD sum (3130+2600+2500+1500) Billion USD = ca. 10000 billion USD, achieved assets at Stock Exchange, petrol stokes, crypto currency, and Middle East ca. 3000 billion USD in sum ca. 13000 billion USD.

13000 billion USD profit applied to 5 million Turkish managers result 2,6 million USD profit during timeline 2000-2024, reverse approximation of 13000 billion USD capital concentration illustrates ca. 8700 USD/month income at management. Black market profit grow factor 3-5 higher.

2. Black market capitalization

Grey and Black-market capitalization with Reality-TV and Get-Response Management Function is 3-5 times higher (experience value) than regular market. Investments in former Ottoman Empire, Middle East, crypto currency and Stock-Exchanges. Market capitalization concentration of 39000-65000 billion USD illustration to 5 million manager results 7,8-13 million USD profit per year and 26000-43300 USD per month, average 34600 USD/month) 0% price index.

3. Finance model compatibility

Transformation grey- and black-markets capitalization of 39000-65000 billion USD to monthly income result 23000 - 38400 USD, with 1% price index, average 30700 USD/month correspond in range of monthly consulting cost. Turkey capital grow in outland very impressive with GNI (Gross National Income). Increase ca. 3000 billion USD. GNI/GDP parity increase during (2000- 2021) from factor 2 to 4, which describes capital concentration from AKP in outland (Arap World.)

Turkish military coup and the beginning finance robbery 2012-2024

IT-Technology robbery Turkish government Berlin and Turkish military founded and installed at 14.08.2001 AK Party pre-condition to steal IT-Technology Internet, Google, Cube, AI, iPhone, GSM and Wi-Fi founder of, with support from BND MIT TIKa Hakan Fidan and German Federal court Karlsruhe under using different person as founder. One of them was 'Steve Wozniak' student college from Engin Guenana at Stuttgart real Name 'Klaus' call name 'Isaac'.

Lifetime merit robbery, 50 billion EUR for CO-CEO job at 5 companies. Turkeys install at 15.07.2012 second government rules terms and emergency condition for finance robbery and steal Dipl. Ing. Engin Guenana at 01/2016, 50 billion EUR lifetime merit. Lifetime merit for CO-CEO job at 5 companies Daimler AG Chrysler Inc. Apple Inc. Alphabet Inc. (Google Inc.) Meta Technology Inc. (Facebook Inc.) during 1984-2011 official 2000-2012.

EU-fees payments robbery, 1048 billion EUR substitute and follow payments for IT-founder of and monthly participation with Reality-TV and Get-Response Management Function service from Engin Günana to state, economy and society, fees payments from 224 million European Union private households in 27 EU countries. Turkey use dictatorship rules terms and emergency conditions and steal through simplicity with similar persons stolen identity card, bankcard, digital coupled girls stolen IP address furthermore 967 billion EUR European Union TV Fees Payments with all government and infrastructure possibility of Turkey

Turkeys Industry and Financial Crime 2012-2016 and 2017-2023

Graphic show the asset transfer from citizens to AKP Group and Management, after AKP and President Erdogan constitution dictatorship at 15.07.2012 and cancelled 3 million opposition manager job without substitution. GNI (AKP) = 4 x GDP (per capita). AKP income and capital grow 4 x times more without job, than pension and minimum wage from ca. 30 million employees and 20 million pensioners.

Chart 13: State and Economy Finance Robbery 2000-2024 over 3000 billion USD

Reason for asset transfer from GDP to GNI are Syrian Civil War at 2011 and AKP dictatorship founder of at 15.07.2012. At first step, AK Party quit 3-4 million opponent manager job and fill with AK Party-members increase their income 200%-300%. Occupy and takeover 80%-90% Turkish industry at first the highest profitable sector, quit opposition and manager job and fill with AKP manager and cheap refugees from Syria. Syrian civil war in 2011 was the first step for Turkey's new occupy and ultra-fascists labor politic, cancelled and closed labor unions after Erdogan constitute monarchy with military coup at 15.07.2012.

AKP terror occupy and takeover politic to high profitable sector catapult AKP income to 100% higher income every year, see graphic above. Turkey grows with 31 million employees and 5 million officers but Turkey's asset drift about 2500 billion USD to AKP, with black construction-, vehicle- and gold market ca. 5000 billion USD. In analogy to Engin Günana business concept to Mercedes-Benz AG premium product offensive. AKP takeover bank- and telecommunication sector, Istanbul Stock market, oil, energy and finance sector, furthermore private healthcare, construction industry, real estate and gold market, private healthcare and vehicle market. AKP politic is Adolf Hitler's occupy and takeover politic. Hostile takeover through dictatorship force extortion and z-war. Z is the name from Dr. Zetsche former Daimler AG manager, known as Dr. Z responsible for Turkey's dictatorship concept, not over shares at stock exchange. Turkey's civil defense was destroyed in few days from dictator Erdogan. Turkish government transfer this method to Germany and try killing every lawyer with German national Agency and BND and German military.

German lawyers get the order, defense only German government. The common Erdogan-Merkel-Daimler AG (EDM) plan was to steal European Union (EU) Private Households Cost to Turkey. To keep Reality-TV Function costs low 30 EUR per household per month, to get from every 224 million EU-Households. Daimler AG, German government and Turkish government use all government capacity to destroy the professional career because of very cheap private household costs. A national government war stage and studio cities began to destroy Dipl.-Engin Günana professional career.

From top founder and manager with founder of Artificial Intelligence, Internet, Google, iPhone GSM, Wi-Fi and best-case manager in co-chairman function at DaimlerChrysler AG and Daimler AG during 2000-2012, with the best earning of history substantial about 10 billion EUR per year and 50 billion EUR during 2012-2016 to worker level. Against the agreement between Engin Günana and Board of Member to get the earning about 50 billion EUR during 2012-2016, Daimler AG quit Engin Günana job at 01/2016, steal transfer 50 billion EUR with Dr. Dieter Zetsche, Erdogan, Melike Günana (in divorce), Kaya Çilingiroğlu, Oğuz Cetin to Turkey, founder of Turkish Wealth Fund and publish Melike Günana as Daimler AG co-chairman and responsible for Daimler AG big business success during 2000-2012.

Pure nonsense, liar politic from Erdogan, Merkel and Dr. Zetsche. Dr. Zetsche, Erdogan and Merkel didn't want lost their face and a gift for Melike Çorba for her terrorism activity at 11.09.2001 and 15.07.2012, at Turkey army coup. Dr. Zetsche chairman contract didn't shift in 2019. The terrorism and agent activity from Melike Çorba (Günana divorced 09/2013 and official at 21.11.2017, court Böblingen) activity was determined at 2023 from me, Engin Günana.

EU-TV-Cost Payments to Turkey: 30 EUR per private household per month from 224 million European Union Households during 2012-2023

6,72 billion EUR per month 2012-2023
80,64 billion EUR per year 2012-2023

Recipients: Turkish government, German government, Daimler AG
Mercedes-Benz Group AG, European Union Administration
Management (government, Economy), Terror Groups

After Dictator Erdogan's army attack to Turkish democracy, 3 million opponent leaderships lost their jobs in private sector and government, especially judges. Erdogan fill empty places with AKP militants and steal with fake court decisions opposition money and asset and kill them, put in prison and make them sick and let them pay for Turkish healthcare system.

Turkey transfers this crime concept to Germany, support Germany, change laws and conditions, prevent defense over justice and bring me to bankruptcy over 3 years steal payments from German government unemployment insurance, social-security-system and healthcare-system. Use force and extortion and put me with liar claims and false court decisions to psychological prison over 3 months, the same terror to opposition politicians in Turkey.

Daimler AG Management, President Erdogan and Chancellor Merkel steal European Union private household TV-fess payments to Engin Günana and begin to destroy my professional career as founder of Internet, Google, UNIX, iPhone GSM and Wi-Fi during 1984-2000 and co-chairman at Daimler AG during 2000-2012, because of less EU-TV Cost payments per household about 30 EUR per month

Erdogan and AKP steal at 01/2016, earnings about 50 billion EUR during 2012-2016, one of the best profits in Daimler AG history, since Daimler AG founded and transfer secretly to Turkey. Founded Turkish Wealth Fund TWF: <https://www.tvf.com.tr>, Annual report from 2017 in Turkish speech published with a report 160 billion TL assets (50 billion EUR with EUR/TL (€/£) parity =3.2)

European Union (EU) paid TV-Cost to Engin Günana from 224 million European Union households for Reality-TV Household-Function and Get-Response Management-Function about 967 billion EUR during 2012-2023 but Turkish government steal the payments to Engin Günana.

Instead of paying Engin Günana TV-Cost from 224 million EU households Reality-TV Household-Function and Get-Response Management-Function services, Turkish and German national government steal the payments and spread to AKP at State and Economy, AKP-Party-Members, Turkish Media-Groups, Turkish banks, private sector, construction-industry and car-industry and use as finance source for import goods. Premium passenger cars increase from 10 million to 25 million during 2012-2021, most AKP-members own a premium car about 100000 USD inclusive tax. 11 million AKP-Party members get private pension and payments and didn't work.

Engin Günana as the owner of Reality-TV Household-Function and Get-Response Management-Function and economy coach and trainer didn't get any cent. European Union was to finance Islamic Terror Networks in fight against the Anti-Hitler Coalition, the Veto Power of UN: USA, Great Britain, Russia and Asia. Furthermore, against BRIC (Brasilia, Russia, India, and Asia)

Palace Bribe Offensive with stolen €50 billion from DAG and €967 billion from EU

Industry Spying and Industry Crime - Social Security Expenditure Saving Program (1200 billion USD)

German Healthcare-System:	Payment's timeline in case of sickness Germany 2016, 18 months
German Unemployment-System:	Payment's timeline in case of unemployment 2016, 18 months
Society Profile:	Premium Segment, max profit academics income: €87000/year
Healthcare payments for academics:	2700 EUR per month (depend on earning)
Unemployment payment ALG 1:	2500 EUR per month (depend on earning)
Social security payment ALG 2, Average:	600 EUR per month

Number of employees (2016-2019):	50 million
Number of academics (2016-2019):	19%
Number of emigrants (2016-2019):	26%
Number of 1-person households:	20%

Number of unemployed (ALG-1):	2,7 million
Number of unemployed (ALG-1) recipients:	0,7 million
Difference:	2,0 million

Number of academic's employees:	$50 \text{ million} \times 0,19 = \text{ca. } 9,5 \text{ million}$
Number of academic's emigrant's employees:	$9,5 \text{ million} \times 0,26 = \text{ca. } 2,5 \text{ million}$

Sum of expenditures

2,5 million academics emigrants don't get healthcare payments (KG), unemployment payments (ALG-1) and social-system payments (ALG-2).

Germany saving expenditures:

Healthcare / Unemployment payment KG:	$2,5 \text{ million} \times 2700 \text{ EUR} \times 12 = 80 \text{ billion EUR}$
80 billion EUR	(2016)
640 billion EUR	(2016-2023)

Industry Spying and Industry Crime Pension Expenditure Saving Program

Emigrant's academics: Target pension 67 years. Quit job with 54, die in follow od bad care, life expectancy to ca. 10 years, Mehmet Bostancioğlu die during divorce process because of kidney failure and cancer.

Target pension about 3200 EUR per month begins with 67 years, 20 years' reference period.

Social-system payment without healthcare costs ca. 900 EUR

Sum of regularly pension for 20 years: $3200 \text{ EUR} \times 12 \text{ (month)} \times 20 \text{ (years)} = 768000 \text{ EUR}$

Expenditure social payments $900 \text{ EUR} \times 12 \text{ (month)} \times 10 \text{ (years)} = 75600 \text{ EUR}$

Death after 10 years, difference 768000 EUR - 75600 EUR = 700000 EUR = 0,7 million EUR

Number of academics in 1-household: 50 million x 0,19 x 0,26 x 0,20 = 500000

Saving in sum: 0,7 million EUR x 0,5 million = ca. 350 billion EUR

Savings: 640 billion EUR + 350 billion EUR = 1000 billion EUR = 1000 billion EUR x 1,2 = 1200 billion USD

German and Turkish government kill foreign academics in long term with endurance load and fatigue death derived from Daimler AG endurance test for powertrain, make them sick and hold sick in social-system to save government expenditures in social-system, unemployment-insurance and pension-system. Reduce pension from ca. 3200 EUR/month to 800 EUR/month, bankruptcy and contracting their life and send back to their countries. A bankruptcy, cancer and killing concept derived from Dipl.-Ing. E. Günana as pilot project.

Examples Mehmet Bostancıoğlu and Bayram Çiftci die because of cancer.

Emin Dağtekin die nearly. Turkey and Germany grow over dead and bankruptcy from Turkish academics. Berlin and Ankara destroy kill, destroy premium academics and citizens. Turkey-Germany-Alliance want make max. Profit in premium segment with premium foreign 'academics', though systematic and successive destroying their life, make them cancer and sick and hold in this position with radioactivity and chemicals. Use a further development endurance test system from Daimler AG to attack regularly with loads (radioactivity, chemicals, virus and bacteria, to constrain their live and kill them with a long-term sickness load.

Industry Spying and Industry Crime - Germany and Turkey Alliance program

Mercedes-Benz - Turkish AKP Government-Cooperation and programs development with system competence from Daimler AG at Oasis-Centre Stuttgart-Feuerbach. Former Turkish National Intelligence Agency chief Hakan Fidan, former economy minister Mustafa Varank, Engineering service employees, President Erdogan first economy advisor Bülent Yiğit, former Daimler AG supervisor Klaus Mangold, Mercedes-Benz Car Group Board of Management.

President Erdogan Turkish Government and AKP-Management are cooperation partners of Technology founder of and development center Stuttgart-Feuerbach Germany. The means determine the end. Former Daimler AG manager Wolfgang Bernhard Terrorism Technology illustration to State and Industry began with Turkish AK-Party founder of at 14.08.2001 and destroying US-Government Finance-System and Financial-Centre at Twin-Tower after 3 weeks at 11.09.2001. German and Turkish army, Healthcare-System, Hotel-Branch, Insurance and Pension-System cooperate in same areal, see figure 1. They concentrate their Terror competence at the same areal.

Figure 3 Healthcare-System with insurance AOK, German army technical competence responsible for radioactive fuel enrichment system with Turkish army, Hotel-Branch responsible for radioactivity loads to customer with cancer program, private insurances to earn from cancer program and finance over cancer program German Healthcare-System. Hotel customer and humans as source for cancer program, cancer patients as source for Hospitals. EU Cost payments to finance German Healthcare-System with 5 million employees. Figure 1 show gasoline and diesel fuel enrichment station at harbor and shipyard in Yalova/Kocaeli/Turkey. Shipyard is the 5. greatest shipyard in world, own President Erdogan and former President Binali Yıldırım financed from European Union Cost payments to Engin Günana.

Figure 1 chancery source radiation

Figure 2 System competence military and AOK

Chart 14: Nuclear gasoline enrichment shipyard Yalova/Kocaeli - German military and healthcare cooperation

Nonvisible extortion weapons radioactive fuel station to manage Dipl.-Ing. Engin Günana with burnings at steet to slave through radioactive burnings

In analogy Turkey financial recycling concept for Premium Turkish citizens and academics, AKP worker and AK-Party members are test Engineers with burglary and regularly poison loads and academics are test-mediums, derivative from Daimler AG Testing Program and division for Powertrain. Turkish financial premium academics from European Union were use as financial source for AKP-Government and Agra-industry in alliance with German government and industry.

Macro-Economic values and growing indicators aren't change many years since many years, but Turkish currency lost 5 times against Euro and Dollar since 2015. Turkish central bank had average ca. 100 billion USD every year. If the government hide ca. 423 billion EUR (2020) EUR (423 billion EUR + 50 billion EUR) and use only foreign currency (USD) from Turkish central bank $5 \times 100 \text{ billion USD} = 500 \text{ billion USD}$, print money and pay with Turkish currency, this is a good validation of Turkish currency deficit against currency EUR and USD with factor 4-5 since 2016. AKP spread ca. 550 billion EUR in black to the market (construction area, banks, gold and in physical garages and depots. After an earthquake at Syria borderline emergency helper, find 2 billion USD under a destroying building.

This solution fit to the money market politic of Turkish government to international partners to trade their export goods with Turkish currency TL. Turkish AKP government hide income about 473 billion EUR for themselves, make political agreement with international partners and trade with local currency, Turkish money market grow 5 times. President Erdogan stole 473 billion EUR (2020) EU TV-Cost payments and give me 250 EUR/month pension.

In addition, we see the high technology equipment with telephone, video, interactive and automatically get response technology in my head, which was installed secretly with government order without my knowledge but with two targets. To get answers for economic, political and society problems and questions which arrive daily from millions, if users 24 hours per day. These technologies were used.

Industry Spying Technology – headset and video camera 2000 Interactive chip in 2012

Figure 3-6 microphone lens and plastic chip

Chart 15: Spyware chips with transmitter-function of mental ownership (real founder of Internet, Artificial Intelligence, GSM, social media, smartphones, iPhone, Wi-Fi, Windows 50% participant of Facebook Inc. and Google Inc. and the real owner of Nobel Peace Price 2009 for worldwide communication and conversation)

Industry Spying Technology 1984-1994 - Internet AI Cube Windows GSM

The reason of Artificial Intelligence (AI) founder of at University Stuttgart was Faculty 11 Aerospace (1984). We applied discrete FEM elements to sentence elements with bar, Traic3, Quad4 elements and applied to Germanium, Linguistic Institute to collect in different language and translation experiences. We order Prof. P. Lesky and Dr. J. Brenner at mathematic Institute for further development of AI. As result of this consultation follow 'Project Genius'. Cube was a higher mathematic application to language to developed neural network with the source of Brockhaus and British Britanica and the formalism of FEM (Finite Element Method) with complex couple transformation and multi-dimensional 3D Matix operation formulation in mathematical series known as string theory (Film Matrix show the hundreds of new math series as binary columns effect). We increase mathematic disciplines with multidimension matrix operation, integrate couple conditions.

Internet was a furthermore consequence founder of of local specific Fortran IV program libraries. Institute had different specific local Fortran IV program libraries accordingly specific disciplines. Fluidmechamic Mathematic Informatic and Aerodynamic Institute had different Fortran Libraries. We increase local Fortran IV program libraries to global Fortran IV program libraries. We connect step by step computers of University Stuttgart, computers of Universities in Germany, calculation centers with cray computers and finally Daimler AG computer with NASA USA 1992 and introduce 1991/1992 1-GSM at Daimler AG (German military was interest) and Space Shuttle Institute IRS Stuttgart-Vaihingen to Prof. Messerschmid. developed UNIX OS to separate data to group in user/group/all and share over Atlantic with NASA. Searching data was difficult Fortran Libraries specific groups therefore we developed a search engine Google to find worldwide data.

Industry Spying and Industry Crime - 1992 Google Inc.- Alphabet Inc.

Searching data tree in UNIX data structure was very difficult without graphic interface, we decided to develop a search engine with strings to search and to share subroutines and program collections. A visitation from USA with Sergey Brin Larry Page and later Mark Zuckerberg secured our business founder of and development, we decided to founder of two start-up companies Google Inc. and later Facebook Inc. At this moment Google label doesn't exist. I introduce my US partners my IT Modules founder of and development AI-Translation, AI-Navigation, AI-Maps, AI-Voice Control and finally 1994 Google search engine. We arranged with Sergej Brin and Larry Page and later with Mark Zuckerberg to founder of start-up companies Google and Facebook at New York Stock Exchange rollout for free to customer and earn over advertising.

Industry Spying and Industry Crime - 1997 iPhone iPad Apple Inc.

iPhone founder of was the next very successful founder of, business conditions with telephone, camera, pc, voice recorder, video player, calculator, fax, calendar organizer, maps and navigation, regularly meeting at customer bring us to the idea of a multi device with flat touch screen, the next generation of mobile computer in pocket format with a finger and gestures based operating system, much devices in one mobile phone, pocket office with computer, internet, e-mail, news, trading programs and weather forecast. Data transfer possibility per Airdrop and Bluetooth. A new standard for manager applications scopes at iPhone didn't change much since iPhone 4, Stock Exchange, News, Weather App, GPS, etc. in best quality without compromise, iPhone and iPad we find our partner at Apple Inc. during we developed passenger cars. Firs visitation first in Stuttgart our first moment I introduce my product and we find a name iPhone with the meaning i and Phone.

Principal of Industry Spying and Industry Crime Get-Response with transmitter function

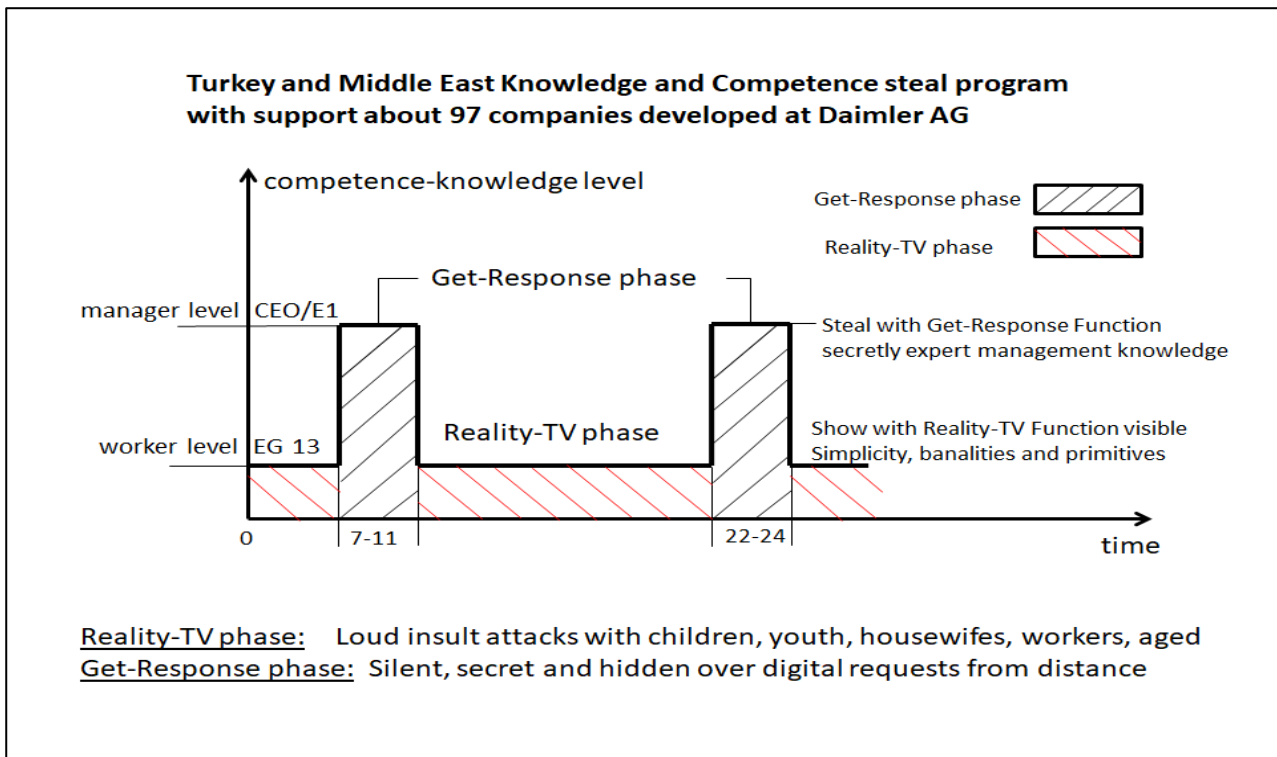

Chart 16: Symmetric/antisymmetric spying phases, time units are variable

Get-Response Management Function Spying Technology with transmitter function

2012-2023

Spying Function GET-Response Management Function transfer professional business competence and skills and technology knowledge with GET-Response Management Function over funk direct to management. Knowledge from 1984-2024. State Economy and Society use financial profile and business profile during high society and manager show upper consumer behaviour.

Turkey consumer market is 100% controlled from President Erdogan Family military 11 million AKP, 1 million soldiers, 10000 agents, 12 million terrorists and government institutions Turkey's IT and Media infrastructure with 1 target steal EU fees payments. For this target Turkey open doors and fill Turkey with refugees. 10-12 million refugees work in factories get income from stolen EU fees payments as denotation during profit transferred to outland.

Industrial Spying and Industrial Crime - Turkish Asymmetric (MIT) Method

Get-Response Management Function in combination with Reality-TV Function were used asymmetric with tunnelling function, during state economy and society profit maximal from Engin Günana education and experience (1984-2023), Turkish media, MIT and 11 million AKP attack with mobbing, discrimination discrediting during security, police, commanders prevent with support of former spouse Melike Çorba, Erdogan Family, 20 minister and 600 parliamentarians are in function of extortion manager, who steal in common 600 billion USD, with the reason of my stupidity inability person and very unimportant person. No free space according prevention matrix, controlled with Get-Response Management Function and spying.

Turkey management organize consumer radioactive free article from secret channels during worker get their article in secret volks market. President Erdogan Family MIT and Turkish military control Turkey to 100 % with 11 million free AKP member, 12 million terrorist, 1 million military, dictatorship regime, justice in function of punishment, finance sector get the order Günana. Healthcare have the function, transmit diseases to opponents, security and MIT organize the mass of 23 million AKP members and Islam legionaries for psychology and societal attacks as sign of Turkey's are the real manager who decided who get money and who not.

Constraint interaction discussion about economy, politic, industry and management. Turkish- and German national government founder of professional companies for expert knowledge and management competence transfer. European Union use since 2000 both functions.

Turkey Industrial Spying and Industrial Crime in Alliance Berlin-Ankara

Former Turkish national intelligence agency chief Hakan Fidan was ordered from Turkish national government and Turkish military for industry spying and industry financial crime to Engin Günana IT founder of at University Stuttgart and were invited 2001 to Germany to NATO Unite Allied Rapid Reaction Corps. Very successful IT founder of and development with Artificial Intelligence and Google modules smartphone development coupled with start-up companies and New York Stock-Exchange IPO was a very great problem for Germany military and passenger car and mobility development

New York with Daimler AG support in Germany. Terror attack to WTC follow in 11.09.2001 after AKP founder of in 14.08.2001. Engin Günana founder of developed and established Internet, GSM, Google, iPhone, Wi-Fi and during Fidan jobbed at TIKKA 2003 – 2007. TIKKA encryption name, the mirror of TI is IT and KA follow in replacement of Karlsruhe, German national federal court is in Karlsruhe. Hakan Fidan use student colleague Klaus Isaac and Ali Tekeşin and spouse Melike Günana (div. 2017) to transfer IT founder of and development from Engin Günana to third fake person.

During Apple Inc. promised 1% shares to Günana, we expect 10% participation this was our target. Our agreement process stopped with Steve Jobs death in 05.10.2011. In same year in 2011, Hakan Fidan, Mustafa Varank and Bülent Yiğit from Turkish national government visit private residence from Engin Günana without an invitation. Steve Jobs made Engin Günana in 1999 an official offer, with the target, our job can be end with death. I explained them, i won't change my job Melike Günana (div. 2017) and Ali Tekeşin were involved.

German National Intelligent Agency visit me at Daimler AG and describe with force I have no participation rights in contrary to our commitment with Apple Inc in 1998 and even though i was the initiator, the founder, the developer, the manager and chief engineer of iPhone, at same period we lost external colleague Gerhardt Weller too. Short time later Daimler AG Berlin and Ankara decouple me from management.

TIKA, Karlsruhe (Federal Court) Berlin and Ankara steal and robbed IT-Founder of of Engin Günana, AKP and TIKA was founded to occupy Günana IT-Founder of. US government Economy and Finance force was immediately destroyed after AKP founder of in 14.08.2001 with terror attack group at 11.09.2001.

Terror groups Taliban El Qaida and Hamas was founder of at same period with Eastern Germany and West Germany Union in 1990 is conspicuous. It is conspicuous too that US army fight against caves and hills. Film Nothing Hill describe you are on false path.

Agents from German Democratic Republic DDR started at Daimler AG in 2011 Get-Response Management Function in replacement of manager and co-CEO function. Ankara Berlin and Daimler AG Management extortion politic, transfer Engin Günana IT-Founder of to Daimler AG and third people.

Berlin and Ankara cut Engin Günana Apple Inc. participation and transfer to Daimler AG, even though the contract situation with Engin Günana and DaimlerChrysler AG clarified with the result of no conflict, with participant Dipl.-Ing. Engin Günana, Dr. Rolf Klumpp and Klaus Hagemann, insurance department and human resources confirm this. No conflict with company and employee agreement and contract rights and no conflict with DaimlerChrysler AG job condition with second job as iPhone product manager.

Prof. Dr.-Ing. Bharat Balasubramanian, Daimler AG was convinced if someone can change our future, then this is me, Dipl.-Ing. Engin Günana. I was very surprised by this disappointment in 1994 but he had right, never than less great person with great vision at Daimler AG. Prof. Dr.-Ing. Bharat Balasubramanian escaped at 2012 to USA/Alabama.

Bribe Price - Nobel Peace Price 2009 stolen from Günana send to 44. US President Obama

Artificial Intelligence AI is 40 years old and we are the architects Engin (numeric formulation) Dan (mathematic) Sabine (Linguistic). The Film Matrix described mainly "the big afraid" from German government over the achievement of and physical theory numerical mathematic and computer and the unique realizing in 1985. We want use numerical mathematic and computer science in discipline linguistic. I describe this in first semester with the words 'I want define the world new'

Artificial Intelligence 1985 was the next generation of IT Technology after 1969 US Apollo program for noon. A new era after Apollo program, the first step in digital century. Astra Satellite System, German Space Shuttle Ariane, Speech recognition, Internet, navigation, physical description of finite elements and numerical approximation methods, computer and the importance of algorithms. The big boost for small businesses and Business to Business and increasing sector B2B with cooperations. Merkel and Erdogan's fictitious education can be disclosed from the national security crypto symbolic with terror impact to NY Stock Exchange and occupied IT Technology Cube. Cube is a coupling system of finite elements with physical description affected with religion and business for market acceptance in contrary to Islamic rejection.

The trio President Barrack Hussein Obama, Angela Merkel and Recep Tayyip Erdogan names describe in secret service encryption nutation the IT-Technology transfer of AI, Internet, Windows, GSM, Google, iPhone, Wi-Fi, Social-Media Facebook and in follow Nobel Peace Prize 2009 under industry crime from Germany Turkey and

Daimler AG. Stolen Nobel Peace Prize from Daimler AG to Erdogan and AKP and transfer to President Obama, in replacement Obama prevent 23 million US-IT jobs (German government erase actual data base from Internet) in replacement Erdogan fill Turkey with 12 million Islam legionaries and send 11 million AKP member in pension change management to much victim and 350.000- 500.000 billion damage for a fake Nobel Peace Prize to Obama.

Germany and Turkey stop IT storm to USAS with terror attack 2001 to New York Stock Exchange, in follow bankrupt USA with Obama and destroy in sum 23 million US-IT jobs in replacement and displacement with 23 million Islam terrorists and legionaries with ca. 8 million displacement refugees from Syria and ca. 6 million displacement refugees from Ukraine.

Germany and Turkey transfer Nobel Peace Prize to Obama and deceive cheat with false finance politic support and Obamacare. Erdogan wants in replacement of stolen IT Technology and Nobel Peace Prize payments. Daimler AG and European Union use me as one of the most successful Dipl.-Ing. Engin Günana as co-chairman and co-CEO simultaneously at five companies, Facebook, Google, Apple and DaimlerChrysler AG the reason of spying module Reality-TV and Get-Response Management Function with an agreement with 30 EUR per private household from 224 million European Union private households

Erdogan and Daimler AG transfer my Nobel Peace Prize to President Obama for worldwide communication with people, communities, social networks contacts with medium Internet, Google, Smartphone, GSM, Wi-Fi and Social-Media. Internet and Social-Media, connect people worldwide. Actual statistics show we connect worldwide 4,5 billion citizens with Internet and 4 billion citizens with smartphones and social media. President Obama destroyed in unknowing million of US IT Jobs and bankruptcy with support from Daimler AG and Berlin with mass credits to Blacks US-Banks and destroy in follow million of US IT jobs and impact US finance in addition with extreme expensive Obama Healthcare Policy.

German and Turkey with good couple condition to Obama with Nobel Peace Prize transfer through industry crime and corruption IT-Technology AI, Internet, Windows, Social-Media, Google, GSM, Wi-Fi and Smartphone developments but shaved simultaneously US-economy and labor market with fake economy and finance politic. Germany and Daimler AG transfer Dipl.-Ing. Engin Günana success, participation, merit and salary to Barbarian AKP Islam Terrorist and President Family Erdogan.

President Erdogan invests in his Family and Military with military coup and dictatorship in 2012. ASELSAN (Sel.uk Albayrak) TURKISH MEDIA (Beraat Media) Healthcare Private Hospitals (Emine Erdogan) and construction Industry (Bilal Erdogan), build crime and corruption infrastructure at finance with support of Turkish secret service MIT, Beraat Media company (finance corruption with stars), ASELSAN drone company (fake evidence collection through camara technology) Private Healthcare Clinics Medicana and Medical (fake medical reports collection) steal and suck 967 Billion EUR European Union payments and pay income of ca. 10 million Barbarian Islam Legionary army and 11 million AKP member.

Film Matrix describe the theft of Google, film Transformers the cube as an AI unit. Daimler AG, Berlin and Ankara destroy with fake economy support to President Obama unbelievable ca. 20 million jobs at IT sector. Daimler AG and President Erdogan send 11 million AKP-members in 2012 in pension "as fight mass and fight army" against 5 times co-chairman and co-CEO and Nobel Peace Prize owner Dipl.-Ing. Engin Günana and filled Turkey with 12 million Islam legionary army in replacement and displacement of 12 million US jobs, derived from Turkey Presidential election 2023 with 62 million votes instead of 50 million citizens over 18 years.

Germany and Turkey - Industry Spying and Financial Crime

11 million AKP members are since 2012 in pension through Germany army coup in Turkey in cooperation with Turkish military. Turkish – German National government forces break daily door keys with fixed and mobile x-ray detectors for vehicles. 5000 soldiers are installed at Çayırova for mobbing and discrediting, third persons break door keys photos and published as evidence for partnership with Dipl.-Ing. Engin Günana

Turkish government and AKP steal during 2012-2023 in sum 967 billion EUR EU payments, stolen IT founder of AI, Cube, UNIX, GSM, Internet, during 1984-1994, Google, iPhone and Wi-Fi during 1994-2012, stolen classic professional career, stolen classic rights, stolen money asset and pension and destroying health under misusing Reality-TV and Get-Response Management Function.

Co-chairman at DaimlerChrysler AG and Daimler AG during 2000-2012, with the best result at 2011 about 10 billion EUR earnings, best in history and substantial 50 billion during 2012-2016 at Mercedes-Benz Car Group AG. Founder of was consequent stolen and transferred with crime, corruption and forgery from Germany to with support from Ankara and Berlin and Turkish national Intelligence Agency MIT Hakan Fidan and Ali Tekeşin.

National Intelligent Agency Turkey MIT and Germany BND realize a program with the target to steal Engin Günana founder of, co-chairman function and credibility under misusing Reality-TV and Get-Response Management Function. Berlin and Ankara use pressure and extortion at Finance-System, Healthcare-System and Justice-System to destroy Engin Günana professional career, finance, healthcare, rights to steal EU payments for Reality-TV and Get-Response Management Function services in sum about 967 billion EUR during 2012-2023 and applied to Ukraine citizens and refugees you get nothing no social security just hard jobs for less income.

Complimentary strategy from former chairperson Dr. Zetsche/Mercedes-Benz Group, President Erdogan Turkey and former chancellor Merkel/Germany hides Engin Günana founder of: Artificial Intelligence, Internet, UNIX, Google, Cube, iPhone, GSM, Wi-Fi and co-chairman function at DaimlerChrysler-AG and Daimler-AG during 1984-2012 and Apple Inc. Google Inc.-> Alphabet Inc. Facebook Inc. -> Meta Technologies.

Günana - Timeline of IT development 1984 - 2023

Chart 17: Milestones of IT Developments – AI, Cube, Internet, GSM, Windows, Google, iPhone, Wi-Fi, Facebook

Günana - Apple Inc. - Most Valuable Lesson (Presentation from Steve Jobs)

Statement Engin Günana to Steve Jobs ‘If you do the right things on the top line, the bottom line will follow’. I explained this Steve Jobs with follow explanation:

What they meant by that was:

‘if you get the right strategy, if you have the right people and if you have the right culture at your company you'll do the right products, you do the right marketing you do the right things logistically in the manufacturing and distribution and if you do all those things right, the bottom line will follow

Product name	Distribution

Facebook Inc. Debt to Engin Günana (Start-Up Co-CEO 1992-2023)	10 billion EUR
Sum (paid to Turkey 01/2016)	50 billion EUR

Transfer to Turkey over Daimler AG 01/2016 and achieved at Turkish Wealth Fund

Turkish Wealth Fund - Mercedes-Benz Car Group **2016-2024**

Turkish Wealth Fund, see separate lawsuit, 50 billion (01/2016)	50 billion EUR
Turkish Wealth Fund, 5% interest, 2016-2023, 70 billion EUR, LLC ₀ = 1	74 billion USD
Turkish Wealth Fund, 10% profit, 2016-2023, 70 billion EUR, LLC _{USA} = 2	160 billion USD
Debt to Engin Günana	160 billion USD

Parity EUR/USD = 1,1, LLC_{USA} = 2

Macro economic model and tolerance calculation

Macro economic model contends tolerances in number of managers, consulting cost and unit costs with 300000 USD with 0% interest and 572000 USD with 5% interest. LLC=2 harmonizes international claims for financial and punitive damages. Mathematical failure displacement content ca. 75% precision or ca. 25% difference. Manager models consider ca. 8-13 million USD per year. Managers consulting cost differences between 33000 USD - 50.000 USD derived. The failure difference with ca. 75% precision regarding standard failure deviation formula amount between 23.000 USD and 43.000 USD and matched to our efficiency model E. Unit cost are fixed with 300.000 USD/month and 0% interest or 572.000 USD/month and 5% interest.

Turkeys specific condition with 11 million free AKP member and 12 million imported Islam legionary army have the task to hide industry spying and decrease consulting cost from ca. 23000 USD/month to private household model fees with 60 EUR/month, but without any content and function. Therefore, these very strong condition allowed us to increase the financial model with punitive damage with 5% interest and LLC = 2 for Turkish and German manager. German equivalent of AKP are 2.5 million Green Party members.

Last but not at least we shouldn't forget Industry and financial with terrorist are the result of Dipl.-Ing Engin Günana IT research development and corporation. The same reason of expected 20-25 million displacement US IT-jobs which was from created from Günana IT-Technology since 1984. But prevents from 44. US-President Obama with support from German chancellor Angela Merkel and Turkish President Erdogan in replacement of 11 million AKP (official) members pension and 12 million Islam legionaries*) in Turkeys factories

*) Turkey election determine 12 million AKP votes from Islam legionary army. Turkey population content only 52 million official registered turkish citizens over 18 years.

Financial value regarding concept amount	F
number of managers:	m
consulting cost:	c
fix unit cost calculation factor:	u

Finance Function $F = F(m, c)_u$

Derivation gives us a linear increment for tolerance calculation with two variables, number of manager and cost tolerance regarding consulting cost.

$$dF = \left(\frac{\partial F}{\partial m} dm + \frac{\partial F}{\partial c} dc \right)_u = cu |dm| + mu |dc| \quad ; \quad \Delta F = cu |\Delta m| + mu |\Delta c|$$

with number of managers tolerance Δm and consulting cost tolerance Δc the financial tolerance amount $F + \Delta F$. We determine in this model a tolerance with $\Delta m = 0,5$ million and $\Delta c = 5.000$ USD

with $|\Delta m| = |6 \text{ million} - 5,5 \text{ million}| = 0,5 \text{ million}$
 $|\Delta c| = |35.000 \text{ USD} - 30.000 \text{ USD}| = 5000 \text{ USD}$

$\Delta F = cu \Delta m + mu \Delta c = 300 (30 \times 0,5 + 5,5 \times 5) \text{ billion} = 12750 \text{ billion USD}$
 Failure amount $\Delta F = 12.750 \text{ billion USD}$ and relative failure (rounded) $\Delta F/F = 10 \%$,

Basic 5,5 million manager, 30000 USD monthly consulting cost

FEM - AI and Neural Network and Theft of mental ownership, copyrights © intellectual property

A different industrial application of AI Cube and Matrix is automatic mesh generators for structures. Our approximation and a couple algorithms for orthography with rotation splines and other geometric curves and support points were optimum to generate with Triac-3 and Quad-4, 2- and 3-dimension mesh volumes for automatic FEM calculation and optimization.

Daimler AG occupy AI, transfer to Debbis GmbH (100% daughter) sell Debbis GmbH to Deutsche Telekom Deutsche Telecom transfer AI and Cube to German Tech companies realize automatic mesh generators and FEM analysis reduce structure optimization from 4 week to 1 day

We realize the fastest and cheapest structure development optimization with automatic mesh (coupling) mass pc chips parallel calculation architecture in supercomputer and reduce extreme research development time and cost for car and metal industry, but Daimler AG and Ankara stole our IT founder of. An evidence of automatic mash generators is the sculpture in front of Deutsche Telekom AG. The Response Function from of Dialog with Matix and Cube with coupling algorithm known as Artificial Intelligence is the same couple algorithm to language with three node sentence element (Triac-3) and planar coupling and four nodes (tetraeder solid element) for volume coupling. Couple algorithm support points and splines curves with 90° degrees geometric rotation condition to language match exactly to volume and planar mesh algorithm.

1984 University Stuttgart – Foundation AI FEM- Cube

Language elements Bar-Element , Triac3-Element, Quad4-Element are archived in libraries, sort in disziplines, question were answered with couple algorithm, approximation methods and relative merge condition and multidimensional matrix operation extract in string series. Mathematical model illustrate Neural Network of brain function, we add permutation and random functions to make artificial intelligence program humanity. Very interest is our biologic brain function work very similar
