My condition was distribution Google in USA without any commercial interest. Partner Larry Page and Sergy Brin accept at first the conditions but foundation Google Inc. and distribution Google Inc. with advertising and shares at New York stock exchange.

With phase shift, i propose YouTube as a music channel and Facebook (Book of Faces) as social media application to Mark Zuckerberg who visit me at DaimlerChrysler AG. After many successful foundations AI, Internet, Google, iPhone, iPad, GSM and Wi-Fi and best cooperation with US companies under umbrella from DaimlerChrysler AG, Chrysler co-chairman Robert James Eaton decided rapid me as his follower with the end of his contract in 2000. We arranged a contract with DaimlerChrysler AG board an agreement.

Co-chairman DaimlerChrysler AG (2000-2007) and Daimler AG (2007-2012)

Agreement: Co-Chairman function at DaimlerChrysler AG after Robert James Eaton contract end of 2000 with Reality-TV visual meeting.

Contract Partner: DaimlerChrysler AG, Co-chairman Prof. Jürgen Schrempp, Co-chairman Robert James Eaton, Dr. Leopold Mikulic (E1), Dr. Joachim Schommers (E2), Peter Lückert (E2), Dr. Hans Frey (E3), Hans Michel (E4)

Agreement Target: Push DaimlerChrysler AG (2007) Daimler AG earning from 36- Billion lost to profit. The profit of first year own agreement partners Dipl.-Ing. Engin Günana. After 4 year's business and product management: 10 Billion EUR, best in history, since 1926.

Artificial Intelligence Element Library and Günana Business Model

The transformation from Intercontinental merger DaimlerChrysler AG to B2B Cooperation Partner Daimler-Renault-Nissan was a successful partnership and products who fit together. From Merger- Business through acquisition to B2B business with Daimler-Renault-Nissan Cooperation, partner who fit political, cultural together

Artificial Intelligence Element Libraries, Equal Parts and Modules and Common Products

Much more important was technology, product portfolio, equal parts and modules strategy and common production lines. Artificial Intelligence and FEM Method, discretization to equal parts and modules, common developments and plants, B2B business strategy and homogenization, build element libraries for parts, modules, sections in development, realize common plants at production, and sale and marketing with common strategy.

Artificial Intelligence and Element Strategy in addition to Google Translation

Engin Günana pioneer of Finite Elements, transformation and application higher mathematic and Finite Element Method to society foundation Artificial Intelligence, Economy and Business. Daimler AG after divorce from Chrysler Inc. with -30 billion USD lost at 2007 to 10 billion EUR profit in 2011 in four years, the best profit of Daimler AG history since 1926.

To separate Daimler AG and Chrysler Inc. was eminent important, a business model without future and success without a vision in phase of worldwide crises in 2009. Chrysler Inc. debt increase and increase from one year to next year, our job was in danger, Daimler AG future was in danger through financial real estate crises with very heavy Chrysler Inc. debts.

iPhone Project with Apple Inc. 1998-2011

iPhone and iPad with Apple Inc. and Steve Jobs during 1998-2011. The agreement with Project Manager Steve Jobs and Board of Member Apple Inc. was 1% to 10% shares. After we foundation at our first meeting with Steve Jobs Apple Inc. at Stuttgart. Dipl. Ing. Engin Günana introduce the concept of a multi device phone a mixture of computer and phone in pocket format. Ten and more devices in one device and give the product a name iPhone with participants: Engin Günana, Dr. Rolf Klumpp Steve Jobs Apple Inc., Klaus Hagemann organize the meeting with Apple Inc. and the iPhone project start 1998 and end with death from Steve Jobs at end of 2011.

2011 Steve Jobs, Apple Inc. CEO die - Visitation from Ankara 2011

Unexpected visitation from Ankara in 2011 with Hakan Fidan former secret service chief, Mustafa Varank former Economy Minister, Bülent Yiğit President Erdoğan 1. Finance and Economy Advisor with an offer and contend 'our job can be end with death'. Their connection was to spouse Melike Günana (2013). Engin Günana decline and precise friendly that he want stay at his actual jobs at Daimler AG and cooperation with Apple Inc. and iPhone development.

The visitation from Ankara explained that Steve Jobs is death, a very hard statement with very hard consequences for Dipl.-Ing. Engin Günana and his professional career. Over 12-year extortion and pressure politic from Ankara and Berlin with the target stump Engin Günana worker. The same program after Turkish AKP military coup at 15.07.2012 to 3 million of opponent manager from CEO to team leader.

Internal information show MIT Turkish national intelligence agency chief Hakan Fidan and Recep Tayyip Erdogan as murder of Steve Jobs and Japan President Shinzo Abe. Constraint conditions to Engin Günana at professional career, live, finance, housing, social security and healthcare in Germany. The reason Turkey steal

Dipl.-Ing. Engin Günana earnings from Daimler AG about 10 billion EUR at 2011 and in sum, 50 billion EUR during 2012-2012, furthermore and 967 billion EUR stolen EU-TV Fees payment, from European Union to

Turkey over Germany with worker conditions. The same crime from 11 million AKP member after AKP army attack at 15.07.2012 to Turkish Democracy and to 3-4 million opponent managers.

End of DaimlerChrysler AG (2007) and end of Hakan Fidan job at TIKA (2003- 2007)

Real Estate and Finance Crises influence to DaimlerChrysler AG (2007). The Partnership of Chrysler Inc. and Daimler AG stated with 36 billion USD invest from Daimler AG at 1998 through merger acquisition and end with sold to Cerberus Capital Investment for 6 billion USD with -30 billion USD Lost. Business with merger acquisition was a flop, no synergy effects with equal parts, modules and plants, no common development projects, to different product portfolio, different culture German panzer against US-American friendship, to different world. The real reason of broken partnerships with 30 billion USD debt, but not at all, pre-economy influences of real estate and finance crises with big passenger car models with very high consumption

Mercedes-Benz Car Group AG, Berlin and Ankara Strategy steal Dipl.-Ing. E. Günana IT-foundation (1984-2012) with AKP foundation at 14.08.2001 and DaimlerChrysler AG merger (1998-2007) and Hakan Fidan secret function at TIKA (2003-2007), destroy USA Economy and Finance success with Rapid Attack Strategy, Berlin, Ankara, AKP, Hakan Fidan and AL Qaeda to World Trade Centre USA and steal through Daimler-Chrysler AG Hakan Fidan and TIKA IT-Foundation.

Four partners die mysterious, Daimler AG 2000-2012 and iPhone development

Four evidence and partners were killing from Berlin Ankara and Stuttgart. Gerhardt Weller, Steve Jobs, Shinzo Abe, Mehmet Bostancıoğlu. CEO Steve Jobs/Apple Inc. death in 2011 and President Abe death in 2022 are evidence of Dipl.-Ing. Günana co-chairman job at Daimler AG and the evidence of Turkey's stolen 50 billion EUR from Daimler AG after Dipl.-Ing. Günana Business Program to DaimlerChrysler AG and Daimler-Renault-Nissan cooperation was successful. From merger acquisition to B2B and cooperation with less 3%-5% over-cross participation from partners without financial risk.

Reality-TV and Get-Response Management Function (2000 and 2012)

The success of IT-Foundation at Stuttgart University 1984-1994 with Foundation Artificial Intelligence, Internet, Google 1986 at Stuttgart University at Aerospace-Institute, Mathematic-Institute, Informatics Institute and Linguistic-Institute and co-chairman at Daimler-Chrysler AG and Daimler AG during 2000-2012 with furthermore foundation iPhone GSM Wi-Fi was the real reason of two illegal secret operation with the target to use Intelligence from Dipl.-Ing. Engin Günana free against violation of intellectual property and copyright with great consequences.

The reason of Germany and Turkey kidnapping secret illegal operations and installation of spying technology at 2000 Reality-TV Function and at 2012 Get-Response Management Function to Engin Günana with the consequences Artificial Intelligence means Reality Intelligence to human, in which economy and state can use illegal and free against violation of property and copyrights. A crime answers to Dipl.-Ing. Engin Günana Artificial Intelligence for computers with program and sensors.

Transformation FEM Program to Daimler AG discretization structure parts and modules strategy

Divorce Daimler AG from DaimlerChrysler AG merger in earlier phase of real estate and finance crises, in Daimler AG and Chrysler Inc., change former DaimlerChrysler AG merger business model, in decoupled cooperation business model and introduce discretization and elementization to development and production apply to vehicle structure change completely development philosophy through homogenization and unitization under the dress (design) increase equal parts and units, introduce module strategy and new production strategy regarding automatic mesh volumes from complicated vehicle structures. Change products and compress processes, every part alive this process from screw to vehicle structure with professional expert Know-How coupled with B2B model increase and realized discretization and elementization with Daimler-Renault-Nissan cooperation decoupled at Stock Exchange with 1-5% overcross participation Dr. Dieter Zetsche and Wolfgang Bernhard former Bord of Management support my business program with best possibilities.

Reasons

1. Because of an unusual contract between Dipl.-Ing. Engin Günana and chairman Dr. Schrempp, Robert Eaton, (Dr. Zetsche, Wolfgang Bernhardt, Dr. Mikulic, Dr. Schommers, Peter Lückert E2, Frey E3, E4 Helmut Michel) to push DaimlerChrysler AG to best of market, at return, profit and shares and the profit of first year own me (from -30 billion USD debt 10 billion EUR earning at 2011).
2. Contract shifted 2012-2016 with earning every year ca. 10 billion EUR in sum 50 billion EUR
3. Because very successful job as co-chairman at Daimler AG during (2000-2012) and as iPhone, GSM and Wi-Fi Founder see [EQ-Tech \(eq2-tech.com\)](http://EQ-Tech (eq2-tech.com))
4. Divorce DaimlerChrysler AG with -30 billion USD debt, change business model and products, cancel less units, scale equal products combine plants with partners, increase parts and especially at powertrain, split parts and productions in equal and similar units at development and production regarding element methods AI, Algorithm and Cube and string theory.

Launch and increase SUV passenger cars, launch electricity vehicles, build modular system and introduce new business model with cooperation of Daimler Renault and Nissan with projects and production B2B model as

competitor to merger, launch partners, because of good political, cultural and society relationships and cooperate with less over-cross participation (1%-5%) at stock-market with update strategy.

2011-2012:	ca. 10 billion EUR (Co-CEO Daimler AG	1998-2012)
2012-2013:	ca. 10 billion EUR (Co-CEO Chrysler Inc.	1998-2007)
2013-2014:	ca. 10 billion EUR (Co-CEO Apple Inc.	1996-2012)
2014-2015:	ca. 10 billion EUR (Co-CEO Alphabet Inc.	1984-1994)
2015-2016:	ca. 10 billion EUR (Co-CEO Meta Inc.)	In sum 50 billion EUR

5. Because of stolen earning about 50 billion EUR during 2012-2016 from Mercedes-Benz Car Group AG
6. Because of killing Steve Jobs as partner and evident during iPhone development
7. Because of killing President ABE as partner through Nissan cooperation
8. Because of Turkish AKP- Government extortion politic to Dipl.-Ing. Günana
9. Because of German National Government and MB Car Group AG, AKP extortion politic to Engin Günana
10. Because of Turkey's Capital fraud, stolen capital about 50 billion EUR during 2012-2016
11. Because of Turkey's secret foundation TWF (2016) with stolen 50 billion EUR capital (160,925 billion TL) Annual Report from TWF with archived 50 billion EUR, report in Turkish speech:

<https://www.tvf.com.tr/uploads/file/tvf-faaliyet-raporu-2017.pdf>
12. Because of Daimler AG earnings best in history because of Engin Günana CEO function during 2000-2012 with excellent professional business concepts and strategies, management competence and expert knowledge (Turkish private and national forces especially National Intelligent Agency transfer secretly expert knowledge from Engin Günana in CEO function to Turkey through spying with Reality-TV function.
13. Because capital fraud end in 30 years

First target was reach at 2011 with financial report at 2012, but board of management want stability and substantial growing, contract was extended to 2015 with the result of substantial growing during 2011-2015 with ca. 10 billion EUR per year at financial report

DaimlerChrysler AG original agreement and target with me over Helmut Michel was, if I'm able to push DaimlerChrysler from -30 billion USD debt to positive earnings. The earnings own me. I divorced DaimlerChrysler to Daimler AG and Chrysler Inc., sell 80% from Chrysler to Cerberus for 6 billion, change

company structure, strategy, products and process, construction a partnership with cooperation with Daimler-Renault-Nissan and push the earning during 2000 to 2011 to 50 billion EUR during 2012-2016. Turkish government torture Board of Management Daimler AG, steal my earning, transfer secretly my earning over Mercedes-Benz Bank to Turkey because of and as a result of Engin Günana excellent successful job and 50 billion EUR earnings during 2012-2016 to Turkey.

President Erdogan, former President Binalı Yıldırım and Turkish Government torture politic to Daimler AG, constraint Daimler AG to transfer the earning about 50 billion EUR to Turkey.

President Erdogan, former President Binalı Yıldırım and Turkish AKP-Government Foundation Turkish Wealth Fund TWF with a fake annual report and a capitalization about 160 billion TL equivalent 50 billion EUR (parity EUR/TL 3.2, 01/2016) with the secret code 160,925 billion TL (9-nein=no), 2=to, 5=employees).

Turkish government transfer the Turkish saddle strategy and politic with an organized terror attack to Turkish democracy with Turkish-Army support in which 3 million opposition leaderships lost their jobs after 15.07.2012 in 2016 to Germany and make them to a program to program to destroy and kill leaderships

Turkish AKP-Government, President Erdogan and Angela Merkel began industry crime, quit my job, steal 50 billion EUR, bankruptcy me and try to kill me.

Two pictures show the health situation at 2016 as chairman during 2000-2012 and health situation in 2021 after Turkish AKP-Government steal my Daimler AG earning about 50 billion EUR (2012-2016), quit my job, cut my income, steal my asset, quit me from healthcare system and try to kill me, like Steve Jobs situation at 10.05. 2011

Engin Günana 2016 (D)

Engin Günana 2019 (D)

Engin Günana 2021 (D)

Engin Günana 2023 (TR)

The Erdogan Merkel stolen asset transfer about 50 billion EUR, result from Daimler AG earning (2012-2016), because of Dipl.-Ing. Engin Günana job as co-chairman and commitment with Daimler AG to increase realize profit after -30 billion lost with Chrysler Inc.

Daimler AG and Turkish government transfer 50 billion EUR to Turkey in 2016 but didn't pay Engin Günana Turkish government, President Erdogan and former President Binalı Yıldırım founded Turkish Wealth Fund TWF with a capitalization about 50 billion EUR, hide and archived my asset in TWF.

A spectacular economic and business research over Turkish economy and business brought the discovery of criminal deal with fake official annual reports and encoding. The sum of 160,529 billion is exactly the secret asset transfer sum about 50 billion EUR (EUR/TL = 3,2 (2016); 160 billion TL / 3,2 = 50 billion EUR) former Daimler AG, actual Mercedes-Benz Car Group

TWF report from 2017 show you the complete investigation to Turkey from former Daimler AG in 2016, but neither former Daimler AG company, else Turkish government paid Engin Günana commission or asset

Therefore, Turkish government, President Erdogan, former President Binalı Yıldırım, local government Baden-Württemberg, Stuttgart, Turkish Wealth Fund and the cheaters debt Engin Günana about 50 billion EUR payments without interest.

Extremely unusual is that Daimler AG divorce Truck and passenger car division in 2018 and founded two independent shares at stock exchange a possible reasonable for Daimler AG's afraid to pay Engin Günana fees even though Engin Günana introduce this to Board of Member Daimler AG in 2012 over Dipl.-Ing. Johannes Rist, former Daimler AG development engineer.

Daimler AG German and Turkish government install Engin Günana secretly two times secret spyware in his head, at first an electronic eye and a microphone for camera and microphone function and in second secret operation in his head a wireless communication function over mobile cellular without his knowledge.

The first secret and illegal operation was done in 2000 to follow to see his view and hear his voice, Reality-TV Private-TV function. The second illegal secret operation was done in 2012 with a wireless communication function to get answers from requests over mobile funk to steal him intellectual property to solve costless problems in industry, politic and society, especially in economy, finance, industry branch passenger car and Truck producer. Two illegal secret operations, organized from Germany, Daimler AG and Turkey because of Engin Günana very successful job as iPhone founder with concepts- and specification-book and producer Apple Inc./Steve Jobs and his very success job as unofficial chairman at Daimler AG from 2000 to 2012 with the best earning in Daimler AG history about 50 billion EUR.

Evidence for iPhone founder:

1. Dr. Rolf Klumpp, Daimler AG
2. Klaus Hagemann, Daimler AG
3. Dr. Michael Bach, Daimler AG
4. Steve Jobs (death), Apple Inc.
5. Gerhard Weller (death), (Fa. Luke)

Evidence for chairman job at Daimler AG 2000-2012:

1. Dr. Dieter Zetsche former official chairman, Daimler AG
2. Wolfgang Bernhardt member of Board, Daimler AG
3. Angela Merkel former chancellor, Germany
4. President Recep Tayyip Erdogan, Turkey
5. <https://www.eq2-tech.com>
6. Mercedes-Benz Car Group employees

After Engin Günana great and very successful job as chairman at Daimler AG Stuttgart/Germany during 2000-2012, Daimler AG profit increase to the best in his history. The earning grows every year continuously over 10 billion EUR, from 2012 to 2016, in sum 50 billion EUR.

Originally Daimler AG wants to participation Dipl.-Ing. Engin Günana with shares in Germany at 2012 and pay income as manager salary over 11 years, official former chairman Dr. Dieter Zetsche (born in Turkey) get ca. 100 million EUR in 10 years for his job founded and introduce Stuttgart, Baden-Württemberg, Germany city-car Smart-fortwo and Smart-forfour.

Engin Günana helped official chairman Dr. Dieter Zetsche in this task too and decided a common plant platform strategy with Renault to produce Renault ZEO and Smart at same platform in Hambach/France to reduce the costs.

President Erdogan, Turkish government, AKP-Party-Member, AKP infiltrated Green-Party was against the payments, because of political disease between Daimler AG Management, Berlin and Ankara. President Erdogan won't a rival and a face lost after his power adaption at 15.07.2012 as President.

Ankara and President Erdogan had two targets:

1. Steal IT-Foundation: Artificial Intelligence, Internet, Google, UNIX, iPhone, iPad, GSM, Wi-Fi, Facebook and YouTube

2. Destroy Dipl.-Ing. Engin Günana credibility as former DaimlerChrysler AG and Daimler AG co-chairman during 2000-2012 to worker level in decision with Berlin and EU Brussel torture program and with 11 million none working AKP party members (AKP-Group) in Turkey and with support from federal Intelligence Service from Germany and Turkey.

Berlin and Ankara destroy Dipl.-Ing. Engin Günana professional career as co-chairman, downgrade to worker level, try to kill him after President Erdoğan steal him 50 billion EUR from Daimler AG earnings during 2012-2016. Upgrade simultaneously the profile from AK Party member in decision with Berlin and EU Commission

President Van der Leyen, German former Chancellor Angela Merkel, President Erdogan, German and Turkish Minister after the second illegal secret operation in 2012 to destroy life through controlling from federal Intelligence Service and army.

A common personal politic from EU European Union, Turkey and Germany after Steve Jobs death at 2011 and after President Erdogan began to govern Turkey in 2012 with dictatorship rules, decoupled Justice with the agreement to get 80 billion EUR from European Union to finance Terror Groups AKP, Taliban, Hamas and AL Qaida, which were found from Berlin and Ankara.

Berlin Brussel condition to Ankara, prevent Daimler AG's 50 billion EUR payments to Dipl.-Ing. Engine Günana to get 80 billion European Union Fees Payment to Finance Terror Groups against forced countries USA, Russia, France, Great Britain, Brazil, India and China (BRISC) to attack them with terror groups but publish as victim and Social Politic.

Turkey developed poison foods and viruses with Investment from EU-TV Fees Payment Program and prevent in agreement with Turkey payments to Engin Günana. European Union are not interested to pay Engine Günana Reality-TV and Get-Response services which Europe government and economy manager use free, they are at first interest to finance terror over Turkey to attack BRISC countries and United Nations Security Council members USA, Russia, France, Great-Britain and China.

EU European Union, Turkey and Germany use Dipl.-Ing, Engin Günana for politic and economy targets use his excellent education, knowledge and business competence free, but pay to Turkish government to finance terror groups and AKP, Hamas, Taliban, QL Qaida, with the target upgrade European Union politic power, finance, economy with terror groups (virus spread, genetic manipulated foods etc.)

Upgrade as Merkel and Leyen European Union target fortune of women, show rich and successful. Background is always stolen Foundation of: Artificial Intelligence, Internet, Google, UNIX, iPhone GSM, Wi-Fi and secret co-chairman job at Daimler AG with best earnings of history since 1926 with 50 billion EUR during 2012-2016. President Erdoğan and many Ministers didn't study, but most of them have regular two fake diplomas.

Destroying concept from Germany-Turkey Alliance:

President Erdogan and AKP used a concept from former Turkey democracy attack at 15.07.2012, which was developed and evaluate before and after power adaption at 15.07.2012 to destroy opponent leaderships, manager, chiefs in guide positions and downgrade professionals and their career.

Over 3 million opponent leadership's jobs were quit from President Erdogan and filled with AKP members after a planned army attack simulation from Ankara. A list with 2 million opponents appears and during 3 weeks 2 million leaderships, manager and chiefs lost their jobs, 4 weeks later, once more 1 million.

Three million leaderships were aborting from processional carrier without any substitution jobs, money and pension support. They didn't get any payments, social security and healthcare services and no jobs in regular labor market. Turkish government decoupled them from government institutions.

Because of Turkey's new government system UNIX. Stolen IT-Foundation from Dipl.-Ing. Engin Günana 2012 and applied to Turkish government after military coup at 15.07.2012. Split country in three groups

Ankara transfers this destroying and killing concept to Berlin to destroy at first Engin Günana, evaluate a professional concept, and apply this concept afterwards to unemployment and social security recipients. This concept was applied from Ankara, Berlin and Daimler AG to Dipl.-Ing. Engin Günana as a pilot project to evaluate a professional killing system to a very high-qualified engineer with special abilities, with the target to apply this concept to single academics, long-term unemployment and social security recipients.

But to destroy the life from unemployment and social security recipients was too slowly, therefore Ankara and Berlin developed a faster killing system with regularly radioactivity and Lorazepam to kill and destroy 1-Person Households.

For this task MIT Federal Intelligence Service, Turkey founded over 100 companies in cooperation with former Daimler AG Company and actual Mercedes-Benz Car Group around Stuttgart to develop and evaluate destroying concept for opponents' academics.

Third victim die after Steve Jobs and Gerhardt Weller

During this phase Engin Günana met Dipl.-Ing. Mehmet Bostancıoğlu, Turkish academic opponent to AKP in Daimler AG Stuttgart-Feuerbach in 2014. He told him he is in divorce phase and sick because of Backbone failure, he went two times to German hospital to clean blood. A short time later, Mehmet Bostancıoğlu die, because of backbone failure and chancer in Stuttgart/hospital after one day.

After Dipl.-Ing Engin Günana determine the secret operations in his head with spyware-technology with camera, microphone and Get-Response function in 2016, and many trails for his defence through German and Turkish Justice without any success he started to defend him over fees for Reality-TV and Get-Response fees because he was used from German, Turkey government and economy. (see, lawsuit against EU, Germany and Turkey)

Turkey's Economy and Finance grow with Dipl.-Ing. Engin Günana stolen knowledge and competence from during 2000-2022 to 2500 billion USD; see GNI report and GNI graphs <https://data.worldbank.org/>

The GNI charts show Engin Günana professional knowledge and competence influence to Turkey's Economy Industry and Finance-System and growing during 2000-2012 with Reality-TV Function and professional management environment and conditions at Daimler AG as unofficial chairman. Countries Economy, Industry and Finance-System increase with his professional knowledge and competence, GDP and GNI index increase exponential, see <https://data.worldbank.org/>

During 2000-2012 during Engin Günana job as chairman at Daimler AG in professional Management and after 2012 with Get-Response Function for Managers and Companies. The difference between GNI and GDP at 2012/2013 shows this exactly.

Phase 1: 2000-2012

First secret and illegal operation and installing spyware technology in Dipl.-Ing. Engin Günana head was at 2000 with video and audio functionality, called Reality-TV. The reason, after foundation AI 1986, Internet, Google and UNIX 1992, iPhone foundation and development with Apple Inc. 1998 and co-chairman job at DaimlerChrysler AG at 2000 with management condition and the target to transfer foundation developments expert knowledge and competence to Germany and Turkey's business, finance, economy and society against violation of intellectual property and copyrights.

Phase 2: 2012-2023

The second secret and illegal operation was at 2012 with Get-Response Management function. The next generation of Artificial Intelligence with humanoid, Open Reality Intelligence or Open RI is the adequate term, with possibility transfer secret expert knowledge and management competence to state, economy, society and households, through digital interactive transmission information. Digital requests from distance will be constrained answered and automatic. Get-Response Function with transmitter, receiver and transmission constraint answers to transmitter. Open RI suck Intelligence from me since 2012 free against violation of intellectual property and copyrights.

With stolen expert knowledge and competition through Reality-TV Function with management condition as co-chairman job at DaimlerChrysler AG during 2000-2012

- Turkish government and economy with increase with 720 billion USD (GDP)
- Management increase more than 2500 billion USD (GNI)
- Daimler AG earn with 50 billion EUR (2012-2016)

Couple Application Reality-TV and Get-Response Management function

During state and economy management, steal secret expert knowledge, business and technology competence digital through cellular network technology and Get-Response management function. Household attack with simplicity, triviality and stupidity over Reality-TV Function to hide Get-Response Management Function.

Unspecific communication with global condition at economy, politic and society based at Turkish and German language. Specific application of Internet, Google search engines, digital data management, UNIX, Linux application, GSM smartphone and social media application based on technology specific conditions, which did not change. Specific advertising in German and Turkish, specific economy and politic issues complies task at Turkey and Germany. Specific problems with global conditions. Application based at local Information Input to market. Best experience at Turkey and Germany with best result at profit.

Application Region of Reality-TV and Get-Response Management Function

The secret spying expert knowledge and management competence goes further. Digital interactive with technology and economic requests over Get-Response Function and Open Reality Intelligence from Dipl.-Ing. Engin Günana with Aerospace Technology education IT- foundation and science Technology 1984-2012 and chairman experience during 2000-2012.

Technology and Business Experience in three speeches in German, Turkish and English. English for computer science and digital technology. Business and Management for especially Germany and Turkey and Turkish

spoken countries Uzbekistan, Turkmenistan, Kazakhstan Azerbaijan and Islamic countries and Middle East region Saudi Arabia, Qatar United Arab Emirates, Kuwait, Iran, Iraq because of cultural religion and society and financial economic. Example Qatar invest at Porsche AG. Turkey state and economy intensive integration to Germany, especially Eastern Germany.

State and Economy method to hide stolen expert knowledge and management competition, shows visible simplicity, triviality and stupidity with Reality-TV Function but management and experts transfer free technology business and management competition to state economy industry and finance with Get-Response Function secretly against violation of intellectual property and copyrights.

Ankara-Berlin asymmetric war (crime terror and comedy) to Engin Günana after 2012

To steal expert knowledge and management competition secretly with Get-Response Spying Function but hide stolen brain-force this with triviality, stupid stages with Turkish actor and extortion government politic with Reality-TV Spying Function.

Because Daimler AG started to earn with phase shift in 2012 about 10 billion EUR. Since Daimler AG, earn very good because of my business politic Turkish and German Government extortion politic follow. Furthermore, European Union started after 2012 a knowledge and management transfer politic from me to European Union politic, economy, society, since the participate my management competition and expert knowledge, the extortion politic from Turkey and Germany follow, because European Union pay not to me, but the Turkey and Germany. And since 2012 the destroy and downsize program from Daimler AG Management, Turkish and German government follow reduce me to worker level, hide my competition, Turkey steal 50 billion EUR from Daimler AG earning and 564 billion EUR from European Union (Households) and share this asset with Germany.

Evidence for excellent management services are my professional education, expert knowledge and management competition, see CV. with foundation of AI, Google, iPhone, Facebook, responsibility for Turkey's great economic success about 700 billion USD (GDP), CEO at DaimlerChrysler AG, Daimler AG and Apple Inc. At same time furthermore great success about 50 billion EUR earning at Daimler AG during 2012-2016.

We, President Macron and President Biden act in USA with a lawsuit with 22 billion EUR against European Union, Turkish government, President Erdogan and AKP and win and Unofficial information published President Macrons as winner in front of the laws, he gets accordingly 11 billion EUR (50%) participation, as my contractor. Crime and corruption from Turkish national government.

Turkish National Government and National Intelligence Agency was responsible to steal my 1. part participation about 11 billion EUR from European Union for my Reality-TV and Get-Response services to European Union. Turkish National Intelligence Agency spread my 11 billion EUR to AKP and CHP members, Turkish Banks and foreign Banks in Turkey, furthermore to Turkish Wealth Fund and third people.

Turkish-and German National Agency found over 100 companies with secret targets (National government Program) attack with professional companies to steal expert knowledge and management competition for economy, politic, society and downgrade same time to worker level to neutralization and hide very important and valuable stolen information through secret digital requests and Get-Response Management Function.

The evidence of success

iPhone capitalization is about 2950 billion USD, No. 1 at Stock Exchange, because my, Dipl.-Ing Engin Günana Foundation and right Business Strategy. Google capitalization is about 1700 billion USD, No. 1 at Stock Exchange, because my, Dipl.-Ing Engin Günana Foundation and right Business Strategy

Daimler AG earn 50 billion EUR during 2012-2016, best of history, because of my, Dipl.-Ing Engin Günana Business Program and Business Strategy. Turkey grows between 2000 -2012 about 700 billion USD, because of my, Dipl.-Ing. Engin Günana Economic Program and Economic Strategy, which, was transfer secretly.

After very successful job at

1. Google, Facebook and YouTube foundation at IVM Automotive and Daimler AG during 1994-2007
2. iPhone foundation and developing during 1998-2007 with Apple Inc./Steve Jobs
3. Daimler AG as chairman during 2000-2012 and earning 50 billion EUR during 2012-2016,
4. Successful Turkish economy program about 700 billion USD GDP during 2000-2013

And after Turkish national government start to torture Daimler AG to pay constraint earnings from 2012 to 2016 about 10 billion EUR per year (best of history) to Turkey, because of my job, as unofficial chairman.

German and Turkish government start at same time an incompetence, downgrade, disease and discredit program to destroy my professional career visible with but use me secretly through regular technical and management discussion and meetings around me and not in meeting rooms, because of my GET-Response Function. My Reality-TV and GET-Response Functions I realize and determine very late after Daimler AG quit my job official at 23.01.2016 in 2-phase sequence in analogy to regular manager meetings.

Turkeys AKP Program after AKP-Military coup 15.07.2015

Turkey Transfer

For the leadership and expert-destroying program in Germany, Mercedes-Benz Car Group use Engin Günana as prototype with scale-factor with Reality-TV function and began to destroy professional career and management competence visible with the target for Ukraine victims. Germany destroyed professional experts and management competence to upgrade 11 million none educated AKP Party members in relative comparison and give Ukraine experts the sign be lucky if you get a job. Target from President Erdoğan and chancellor Merkel, because of cooperation with Turkish government in 2011 with former Turkish national intelligence Agency chief Hakan Fidan actual exterior minister, Mustafa Varank former economy minister and Bülent Yigit President Erdoğan first economic advisor.

Steal secret expert knowledge and manager competence with Get-Response, but show with phase-shift children method and live with Realty-TV failure (Daimler AG downgrade concept with phase-shift)

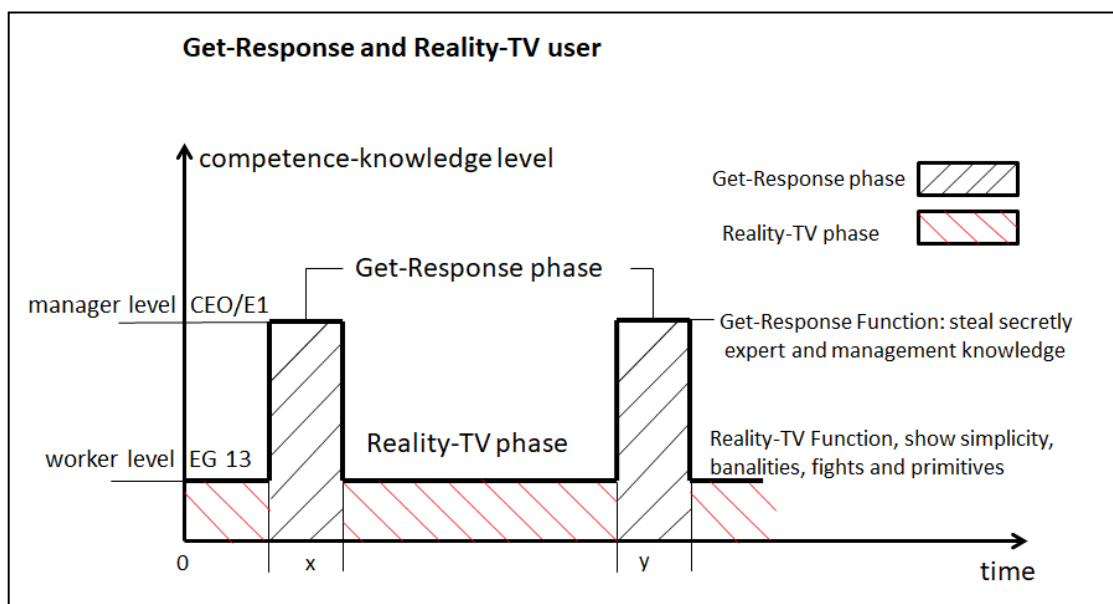

Chart 3 State-Economy manager profit with Get-Response Function

Get-Response functionality didn't need management field and conditions, only interaction conditions and discussion, money and finance are the most important task and requests, to steal more and more capital and transfer to President Erdoğan Family, AKP Organization and Turkish Military

Finance coup after military attack 2012 capital transfer to management and outland GDP decrease GNI increase (manager-Index) AKP Government increase capital in foreign countries twice times GDP/GNI parity grow GNI/GDP (2000) = 2, GNI/GDP = (2023) 4

High-educated countries, branches, economy, business and management grow furthermore with Get-Response Function and interactive hidden discussion and answers during 2012-2022 (GNI-index, AKP) extremely after 2020 because of fight with lawyers, courts, finance system and solutions in compassion with Germany and Turkey, Middle East and other country groups have very less participation from Dipl.-Ing. Visible destroying stages from Turkish Media and national security at Field with Reality-TV Function prepared from actress and agents in order from AKP Management Ankara Berlin and Daimler AG. Manager didn't want lost their face.

Meanwhile I determine spyware in me, especially in my right eye and ear because German and Turkish security hacked all my internet, social and Email accounts. I determine MRT pictures and find the spyware technology and later an area at my head. I remember regular discussion from Daimler AG Management, not in meeting rooms, but around me. The reason was GET-Response function and microphone in my head. A comparison with Reality-TV and fees payments from German TV bring me to the idea to get my rights and payment over fees model, because I was visible for the citizens, industry, economy state and government.

Fees payments for Reality-TV was my rescue to save my life, no chance to act against Daimler AG and Germany who steal my income and rights and prevent to defence me. At 2016 this time, i was not inform, that Turkish government torture Daimler AG with 50 billion EUR to Turkey and Turkey steal my Reality-TV fees concept and

act against European Union. My Target was acting against German government and Ankara after I determine the alliance of these countries. Turkish government President Erdogan and chancellor Merkel torture Daimler AG to pay my merit of 50 billion EUR the best earning after DaimlerChrysler AG to Turkey. It is time to stop this crime and corruption, stop fake and false payments to German and Turkish government and pay my income, pension and merit from Daimler AG, from Apple Inc., European Union fees payments.

Permanent under control and pressure from Turkish National Agency and 8000 employees, and healthcare-system to attack with narcosis medicine and show fake partnerships with burglary

Turkish National Agency positioned their Network permanently 24 hours per day and attack me with radioactivity, virus, bacteria and poisons (nonvisible biologic and chemical weapons)

Radioactivity attack with radioactive vehicle emissions through radioactive fuel which were enrichment in harbour Yalova/Kocaeli or with attack residence with radioactive Radon gas spray if I left my residence, they break the keys open the doors and attack with medicine, narcotics, (Lorazepam) virus or bacteria to hit your professional as manager and expert to destroy your consciousness.

With this method German- and Turkish government, European Union, economy, politic, society and private households steal your expert knowledge, professional skills, chairman function and manager ability costless but Turkish private sector and Turkish government get Engin Günana fees payments from European Union. User especially from private sector, passenger cars and trucks, but in also in society, democracy, government social-and healthcare- system and government administration use the Reality-TV and Get-Response services from Engine Günana. 18 Turkish ministries haven't any decision authorization because of Dipl. Ing. Engin Günana professional skills and expert knowledge

The professional skills and expert knowledge were evaluated at Daimler AG during 2000-2012 as unofficial Board of chairman and iPhone founder and developer with Apple Inc. and Steve Jobs. The first division manager Dr. Rolf Klumpp Daimler AG means 'whatever he takes in hand turns to gold'.

An illegal secret operation, organized from Germany, Daimler AG and Turkey because of Engin Günana very successful job as iPhone founder with concepts- and specification-book and producer Apple Inc./Steve Jobs and his great job as chairman at Daimler AG during 2000-2012 were the reason of the second secret illegal operation with Get-Response function in 2012.

After Engin Günana great and very successful job as chairman at Daimler AG Headquarter Stuttgart/Germany during 2000-2012, Daimler AG profit increase to the best in his history. The earning grows every year continuously over 10 billion EUR, from 2012 to 2016, in sum 50 billion EUR.

Background information - Destroying concept to Engin Günana

A Phase without any income over 39 months and many army and secret service attacks destroy Engin Günana health, professional career, credibility and future.

Unofficial chairmen Engin Günana Daimler AG try to defence him, collect much evidence and built a draft for a lawsuit at 23.06.2019. At 24.06.2019, 5 police officers enter with force and a false court decision to his residence and put him in psychological prison with a liar allegation and fake court decisions from local government Waiblingen/Baden-Württemberg

German government put him in psychological prison over 14 weeks to prevent the next law action in next instance and destroy finally his professional career and credibility

The defendants have stolen Engin Günana Daimler AG earnings about 50 billion EUR, he was the initiator to invest the Daimler AG earning about 50 billion EUR in Turkey and his plan was, that Turkish government gave him commission for this investigation and transaction.

But, instead of paying Engin Günana Daimler AG earning about 50 billion EUR, Turkish government founded Turkish Wealth Fund with a capitalization about 50 billion EUR in 2016 and bankruptcy Engin Günana with a government program.

THW report 2017, page 3 with capitalization about 160,529 billion TL, parity EUR/TL = 3,2 (01/2026) = 50 billion EUR. Annual report from AKP and President Erdogan and former President Binalı Yıldırım and is fake.

Fake to hide secretly the stolen asset from Daimler AG about 50 billion EUR, which was realized in reality from Engin Günana as unofficial chairman at Daimler AG. President Erdogan, President Erdogan Family, AKP Party and AKP Party Administration began an offensive bribe and investigation to Daimler AG Management and German politics.

Furthermore, MIT Federal Intelligence Service (MIT) Turkey, Kale Etimesgut, Ankara, Turkey and founded many companies under Ankara, Daimler AG, Green Party and Berlin controls.

Political target, financial earning with death and opponent academics:

Increase financial, political, society less education and less qualifying AKP-members, Green Party voters, German women and workers to higher quality and simultaneously destroy opponent high qualified expert Dipl.-Ing. Engin Günana credibility with a masterplan from Daimler AG, Berlin and Ankara.

A few professional companies to kill opponent academics:

Summary of concept

Throw out none AKP-Party-Members (German Equivalent) from healthcare-system, pension-system, insurance-system, law procedures-system, let citizens and opponents lost in every case in their life. A terror program from Turkish AKP-Party, President Erdogan and Ankara after military attack to Turkish Democracy from MIT and President Erdogan at 15.07.2012

Four Departments were founded to destroy Engin Günana and others professional career and credibility. Especially Engin Günana as former Daimler AG chairman during 2000-2012 and iPhone founder after 1998 with Apple Inc. and Steve Jobs as a multiplication for Reality-TV User to show AKP-Party-Members with less education with less knowledge are better as high qualifying experts.

To validate 11 million less education and rude AKP-Party-Members leaderships, MIT work with exquisite labels, for vehicles, fashion, houses, exquisite and sport cars (SUV) and much stolen money. This undermines visible AKP-members' success and leaderships.

This formulation is very friendly, if we consider President Erdogan and Administration terminate 3 million Turkish leaderships job without any possibility of substitution, put in prison, make them sick and kill opponent leadership with a further development killing-system from without evidence (regular radioactivity in combination with narcotics (Tavor).

Furthermore, President Erdoğan killed 2000 citizens at 15.07.2012 with army attack simulation, to constitute the AKP-dictator, if we consider these facts, then it is allowed to describe this as President Erdogan and AKP genocide, to hide partisan terrorist voters less educations and knowledge, they don't speech, meanwhile Turkish MIT organize professional experts and present them as workers with identity forgery. President Erdogan concept its easy he cheats with government force and government institutions, attack with simulation and stages and make professional advertising for AKP-members with visible labels, who can't speak and aren't able to lead.

Five departments were founded, a destroy-system with healthcare-, Interior-, Finance- Justice- and Education-Minister with MIT and over 100 professional companies, which was founded from MIT-BND and Daimler AG.

These departments and system are responsible to destroy citizens' credibility, professional career and future:

Finance-System:	Steal money, stop income, payments and pension and prevent credits (Germany)
Justice-System:	Prevent rights, stop income, payments and pension with court decisions
Health-Care-System	Stop healthcare-services, Stop-Healthcare-payments, chancer, make sick
Security-System:	Attack with radioactive emissions and dust, bacteria, viruses (Corona, AIDS)
Education-System:	Cheat with experts as street junkies, professionals as beginners with stages

A plan from Turkish government developed for Turkish army attack and change the constitution applied to Engin Günana, to destroy his professional career, credibility and future to hide his success at Daimler AG as chairman and as expert for Turkish economy and business. Furthermore, destroy him credibility as iPhone founder, developer and realize with Apple Inc. and Steve Jobs.

During 2000-2013 Turkish and German government and economy was involved in his strategic- economic and business program. Especially in 2009 Engin Günana was responsible to protect and generate a revenue economic and business program for Germany and Turkey. More than one times, Turkey's former President Ahmet Davutoglu, German President Frank-Walter Steinmeier, many Turkish ministers and President Erdogan consultants' especially economic expert consultant Bülent Yiğit visit him at Daimler AG/Stuttgart-Untertürkheim and in Stuttgart/Germany.

Target of companies destroy professional career and social life, health and produce meanwhile a method kill premium academics

A few of them are already death other get chancery and healthcare problems. The companies were founded and financed from the stolen asset from Daimler AG about 50 billion EUR, because of Dipl.-Ing. Engin Günana unofficial chairman function, Daimler AG excellent during 2012-2016 and Turkish government torture politic to Board of Daimler AG.

A second financial source for the companies who destroy life and kill academics to steal them income, asset, pension over this companies is from European Union Fees Payment, from 224 million European Union Households with monthly 30,00 EUR per household and in sum about 6,720 billion EUR

80,64 billion EUR per year between 2012-2022 for Dipl.-Ing. Engin Günana Reality-TV services

AKP (Party of Justice and Development; this the greatest joke) cartel, steal regular every month 80,64 billion EUR Fess Payments from European Union and invest to AKP-Economy, AKP-Government, AKP-Member, Turkey's infrastructure and steal and transfer most of them to Middle East countries, Saudi Arabia, Qatar, Kuwait, United Arab Emirates and USA (Crypto Currency and Stock Market)

Defence over Justice to get my earnings payments from Turkey, Germany, and European Union not possible because of network of former chancellor Angela Merkel, dictator Erdoğan, AKP founder EU Commission President Ursula van der Leyen and AKP Organization and politic agreement with EU Fees payments.

They share the payments to each other to Germany, Daimler AG, Mercedes-Benz car Group and Turkey. But they use my Reality-TV and Get-Response services in Turkey, Germany and Europe get fees payments from European Union private households share to each other build and found professional companies to destroy academics professional career and social life, make the sick and earn over private healthcare system healthcare payment, kill them and steal them income, asset, pension.

Earn asset from sickness premium Turkish academics to full fill Mercedes-Benz car Group target 10% annuities for Turkish Wealth Fund for fill Mercedes-Benz car Group.

Big success, no name and political butcher Erdogan Merkel

Reality-TV (2000) and Get-Response Management Function (2012) after decline offers from Daimler AG and Turkish government.

The success of IT-Foundation at Stuttgart University 1984-1994 with Foundation Artificial Intelligence, Internet, Google 1986 at Stuttgart University, Faculty Aerospace Technology, Mathematic-Institute, Informatics Institute and Linguistic-Institute and co-chairman at DaimlerChrysler AG and Daimler AG during 2000-2012 with furthermore foundation iPhone GSM Wi-Fi was the real reason of two illegal secret operation with the target to use Intelligence from Dipl.-Ing. Engin Günana free against violation of intellectual property and copyright with great consequences.

The reason of Germany and Turkey kidnapping secret illegal operations and installation of spying technology at 2000 Reality-TV Function and at 2012 Get-Response Management Function to Engin Günana with the consequences Artificial Intelligence means Reality Intelligence to human, in which economy and state can use illegal and free against violation of property and copyrights. A crime answers to Dipl.-Ing. Engin Günana Artificial Intelligence for computers with program and sensors.

Germany-Turkey secret industry spying during 2000--2023

Great education with great foundation at University Stuttgart during 1984-1994 Applied Artificial Intelligence to society and foundation Google AI based translation development with students from Faculty Aerospace Technology, Mathematic-Institute, Informatics-Institute and Linguistic-Institute. Co-chairman job at DaimlerChrysler AG during 2000-2012 after co-chairman Robert Eaton contract end at 2000 with further foundation iPhone, iPad, GSM and Wi-Fi.

Application of Artificial Intelligence to DaimlerChrysler AG product development, production, increase equal parts and modules, reduce variants, divorce business dependencies change from merger model with dependencies and risk to cooperation model and B2B, divorce DaimlerChrysler AG because of failure build cooperation model with comparable equivalents partners Renault and Nissan. Increase equal parts; cooperate with in sufficient comparable projects. Artificial Intelligence to business and as against merger model with many dependencies and risk.

The AKP-Hamas Factor

During I faced Daimler AG, developed the next generation of computer with iPhone a combination of computer and phone, internet and TV, a colleague of Daimler AG explained me: Sometimes we need expenditures about 30 billion USD to increase thousand times debts to our enemies to reduce their force. After 2 years, i came to the result of US-Government debt. A chain of terror groups was foundation at same timeline to German Union. Germany answers to Russia, China, and USA without weapons, but with Hamas, Taliban, El Qaida and the civil arm AKP and viruses. If we analyse our history, milestones, encryption symbols and messages. AKP protect Hitler fascism Germany, are ready to kill citizens in USA, Turkey and Europe for financial and economic forces.

Single Status quo of Dipl. Ing. Engin Günana Justice and court decisions

Dipl.-Ing. Engin Günana was divorce from Melike (Günana) since 01.10.2013 and official with court decision Böblingen-Germany since 10.10.2017. Dipl.-Ing. Engin Günana put a request to Turkish government in November 2017 at Turkish Consulate Stuttgart Germany, with the court divorce decision from Böblingen and put a request to Turkish government to fulfil the divorce process in Turkey.

At 2021 Dipl.-Ing. Engin Günana get at local Turkish government that the divorce process was not full filled in Turkey. At 03.01.2023 Dipl.-Ing. Engin Günana put a request to Turkish government to quit from Turkish citizenship without an answer. After 6 month Dipl.-Ing. Engin Günana went to local government to analyse the divorce process from Turkish citizenship but instead of information. Dipl.-Ing. Engin Günana get extortion from Turkish police.

Turkish government didn't divorce Engin Günana because of Turkish government finance crime and capital fraud with Melike Çorba over actual fake marriage status. Request doesn't answer Turkish government example at 20.01.2023 and 23.01.2023 and furthermore. The request of quit process from Turkish citizenship didn't realize from local Turkish government, with the target of financial crime to Engin Günana about 967 billion EUR from EU-TV Fees payments and 50 billion EUR stolen earnings from Daimler AG.

Turkish government steal through fake marriage and partnership condition Engin Günana regularly payments, if he put requests to European Union and US-Government Turkish Government realize simplicity and trivial insult attacks, fights, provocation and yelling attacks to produce fake medical reports as reason against payments to him. Burn suits and shoes with radioactivity to didn't show him suitable.

Fake partnerships (to third people), false court decisions, fake medical reports, stolen signs at bank, stolen sim-cards, telephone numbers, identity-cards, bankcards, credit-cards for identity forgery.

Turkish National Government Fraud-System

Turkish government cheat with variable Fraud-Systems developed continuously new Fraud-Systems with securities and government forces and crime experts. Berlin, Ankara, Justice, healthcare-system, experts from state and industry and competence from Mercedes-Benz-Group help them.

Healthcare-System generate regular false medical reports, court produce false court decisions with pro government AKP judges who cooperate with federal court of Justice Ankara and Karlsruhe. Target is always stealing monthly EU-Fess Payments about 6,72 billion EUR.

Meanwhile German and Turkish government destroy Dipl.-Ing. Engin Günana professional career (regular after 2012). Even though he was founder of Artificial Intelligence, Internet, Google, iPhone, iPad, Facebook, YouTube and in CEO function at Daimler AG and DaimlerChrysler during 2000-2012, with the best earning of Daimler AG history.

Dipl.-Ing. Engin Günana divorce DaimlerChrysler with -30 billion EUR debt 1998-2007 and pushed Daimler AG to 50 billion EUR earning 2011-2015 (earnings are time-shift related, reports 2012-2016), because of President Erdogan stolen 50 billion EUR earning at 2016 from Daimler AG as fake CEO. President Erdoğan and Daimler AG quit Dipl.-Ing. Engin Günana job and try to kill him after Daimler AG transfer secretly 50 billion EUR through Mercedes-Benz Bank to Turkey. President Erdoğan foundation Turkish Wealth Fund TWF hide and archived 50 billion EUR at TWF, see financial report in Turkish from 2016 published in 2017.

Germany-Turkeys destroying program because of EU-TV Payments with UNIX and group /usr/

The professional destroying concept of Germany, Turkey and Mercedes-Benz Car Group AG is detailed description in 'capitalfraud_TWF_01092024.pdf' because of stolen 50 billion EUR from Daimler AG and at same time a asymmetric destroying program from Germany and European Union to Dipl.-Ing. Engin Günana to downgrade him from founder and chairman function to a worker to spend Turkish government monthly 6,72 billion EUR European Union TV-Fess Payments for political target to destroy forced countries USA, Great Britain, France, China and Russia with Terror-Network to al Qaida, ISIS and Turkish military and a virus development program in Germany (Biontech).

European Union TV-Fees payments about 6,72 billion EUR was invested to produce virus and genetic programs to destroy civilizations with virus and food war. Virus as weapon for fast death and foods for slow death. Most effect of genetic manipulation and chemical contaminated foods because of skin displacement, backbone failure (epoxied in drinks) radioactivity for cancer and impotence. Displacement at face an Arabic sign in your face with the massage (Julius Caesar: vene, vidi, vici). I come saw (your face) and win. A German Turkish Alliance virus and food war against USA, Great Britain, France, China and Russia.

The content of destroying program and methods from Turkish Film actors applied to Dr. Zetsche and RT Erdogan (Hamas – Alliance)

One of many examples Turkish film series Mustafa Filinta 2014 explains the importance of names and symbols at Government and politics. Turkish film branch, actor and terror organization AKP-Hamas group are a part of financial crime to steal regular EU-TV Fees Payments.

Turkish film editors support Turkish national Agency MIT with strategy, stories and concepts to reach government targets. One of the targets is attack force countries USA, Russian, China, Great Britain and BRISC countries.

Terror Foods and Virus (outbreak) new form of weapons, after less development military force of Germany. Development at Stuttgart University-Hohenheim 1984. Germany-Turkeys new Strategy against forced countries. International Films, crime series as source for Turkish National Agency and Military to destroy forced countries regarding economy and military.

American crime series radioactive dust in air condition derived regular radioactive sprays over night to chancer tourists for Turkish Healthcare Industry profit through chancery clinics. Official statement from Erdogan we want increase from 1 billion USD to 10 billion.

German– and Turkish government are responsible for Reality-TV spying technology perhaps with brain specialist Dr. Yaşargil who work and live in USA. Turkish politic steer Berlin and Angela Merkel with Turkish Film editors, actors and National Intelligent Agency from Germany BND and Turkey MIT, developed strategies from film stories. (Matrix, Aliens, Z-War) with political targets.

Taliban, Hamas and AL Qaida are foundation from Hitler Germany (Hitler Fascism) to use them in alliance with Turkey (Islam Terrorism alliance partner at 1. and 2. world war) as weapons against enemy USA, Great Britain, Russian, China and France.

Leadership Erdogan was installed with Hitler Germany support Angela Merkel to steal IT-Foundation Artificial Intelligence Internet Google Unix, iPhone GSM and Wi-Fi. **Angela Merkel** and Germany are responsible for **Barrack Hussein Obama** (Protect AM Merkel **AM** Germany presidential in USA and **Recep Tayyip Erdogan** (Fuck Engin and IT-Foundation) presidential in Turkey and the merger of National Fascism and Islam Terrorism.

Hakan Fidan, former National Intelligence Agency chief Turkey went to Germany in 2001 to NATO main quartier and face a plan to steal Dipl.-Ing. Engin Günana IT-Foundation and attack USA financial and economic force with IT-Technology. Target Rapid Reaction Application to USA. To steal Dipl.-Ing. Engin Günana IT-Foundation over DaimlerChrysler AG was easy.

I believe DaimlerChrysler merger at 1998 was a result of my IT-Foundation: Artificial Intelligence, Internet, UNIX, Google, iPhone GSM and Wi-Fi and a part of German and Islam plan to destroy USA economic and financial force. Dr. Zetsche is the most unknown person who born in Istanbul, no Information from his dead. I mean Zetsche family went to Turkey as secret Hitler Union member under the umbrella of Hitler victims.

Germany pay Chrysler Inc. more than 30 billion USD for pension and severance payments. Robert James Eaton co-chairman at DaimlerChrysler AG believe in me and my success with IT-Foundation Intelligence Internet, Unix, Google, after I started with Apple Inc. project iPhone in 1998. For this job Apple Inc. adjust Steve Jobs from company Next Inc.

iPhone, a further development product, after foundation Artificial Internet connection Daimler AG-NASA in 1992 and Google development at 1994. Order in function as chief of simulation and calculation at IVM-Fellbach to Andreas Bechtolsheim / Sun Microsystem-Germany to develop a Google search engine surface (Linux) which function with computer-network of Sun Microsystem computers.

Robert James Eaton co-chairman at DaimlerChrysler AG push me to co-chairman at DaimlerChrysler AG with Co-chairman Prof. Jürgen Schrempp.

Our contract and agreement:

Push DaimlerChrysler AG from lost to profit and the profit own me. 200-2012 very hard years, I changed the company completely in all areas, passenger cars, vans, trucks, powertrain, change products, partnerships, development and production, 2012 best earning in history since 1926, meanwhile Dr. Dieter Zetsche went at 2005 to Daimler AG Stuttgart-Untertürkheim responsible for city-cars smart.

Daimler AG had three-year time to plane detailed an attack the USA, of course an economical finance force attack from Islam Terrorists and German National Fascists. I am convinced that experts from economy finance from politic and industry was involved. Task Force is a military vocabulary and used at war conditions.

Hakan Fidan was transfer to Germany and course at Rapid task was Rapid Reaction after AKP Foundation in 2001 and afterwards steal Dipl.-Ing. IT-Foundation Artificial Intelligence, Internet, UNIX, Google, iPhone GSM and Wi-Fi in function of director of Fidan Turkish Cooperation and Coordination Agency (TIKA) from 2003 to 2007. TIKA encryption name of IT and KA number plate of Karlsruhe (centre of federal court Germany).

Germany steals with A. Merkel as Fascism Germany chancellor, RT Erdogan as Islam Terror President, Barrack Obama as secret Islam (Bar- rock, Hi-u-ein-ss, O(s)bama) mole with support from National Intelligence Agencies MIT and BND. I'm the speech and language element creator and the interface to mathematical algorithm for artificial intelligence therefore the most expert and analyst for encryption methods.

Turkish film editors and actor help Berlin and the Ankara (Hamas-President) government to produce open Intelligence to use brain force from humans against, laws who protect intellectual property and copyrights.

Through kidnapping and secret illegal operation. Dr. Dieter Zetsche, called Dr. Z in USA and Dr. Zee in Turkey, Zee remind see and maybe the reason of apply see-function and hear-function to humans, born in Istanbul, former official chairman Daimler AG and known as founder of Turkey's Z-Generation (Aliens and Borgs.) who works as slaves for others who earn their merit. Merkel (A(I) Qaida (Merke) support at 20.01.2016, foundation 2016 Turkish Wealth Fund with 50 billion start capital and introduce himself as chairman.

AKP military coup at 15.07.2012 to change condition for finance crime, to steal EU-TV-Fess payments about 967 billion EUR to Dipl.-Ing. Engin Günana.

AKP and Turkish military attack Turkey and Turkish democracy, kill 2000 Turkish citizens, constitute dictatorship, quit 3 million managers job, opposition judges, thousands of civil servants, officers and police officers install fraud system to steal 967 billion EUR EU-TV-Fees payments, steal Dipl.-Ing. The reason why 3 million Turkish opponent managers lost their job, the reason why 11 million AKP member chancer opponents with development system, procedures and programs, the reason why Eastern Germany kill Turkish opponent academics (136 cases) in Germany and the reason of bankruptcy from opponent's managers. 136 death opponent Turkish academics, the plan is at map at Turkish National Intelligence Agency location in Ankara applied to me to. Remarks:

Turkish industry decreases due to since 2013, see GDP graphic, this is fact. However, he organizes his 11 million less educated party-members to try the opposite, with advertising and advertising elements. Big cars, good clothes, loud speaking members. Turkish government govern like President Putin Russian politics, opponents were killed still. No democracy, no justice, no equality. 1 Person decided if you get money or not, if you get a job or not, if you are a specialist or not, if you are an expert or not and this is our none study President Erdogan, but the official version is he is an economic expert. This information is absolute necessary because national government, Turkish media and national intelligence agency cheat with false stories everyone.

Turkish national government work with National Turkish Agency (MIT) to cheat everybody. They create fake medical reports, make health persons psychological ill, produce fake identity cards, fake bank account cards, fake telephone Sim-cards, simulate fake voices with frequency manipulation, cheat with fakes and manipulated pictures, cheat fake person and identity forgery and write fake court decisions. Attack with KO gas, enter to private rooms and make people knock out, simulate false and fake voices and insult regularly.

What they really do, is cheat very profession the international politics, economy and finance! Because of very bad education and inability, cheating professionally in a dictator system with National Turkish Agency and national government force without justice, nobody is able to defence himself in AKP and Erdogan dictator system.

Lawsuits from opponent end in an impasse, nobody are able to defence himself. If opponents try to defence himself, dictator Erdogan put everyone in prison or burn with radioactivity opponent dies because of radioactive attack and cancer, backbone failure if someone die because of cancer they are not murders, someone die because of an illness, (adhesives in drinks), AIDS etc. the new weapons from a dictator who kill people and citizens who want to be equal in front of the laws.

Nobody can't be better as dictator Erdogan and AKP, they kill them or hit them with his judges' slaves who cheat and steal everyone money, asset and pension, income. This professional cheating and attack system was transfer to Germany because they work in Alliance. Germany kills opponents too. AKP-Party and MIT cooperate with German GSG9 and kill common Turkish academics to steal them asset for Turkish Wealth Fund.

Dictator Erdogan kill opponent academics to finance and upgrade AKP-members, AKP- workers and voters with their money, asset and pension over Turkish Wealth Fund and their companies and insurances.
